The Encyclopedia of English Renaissance Literature, 3 Volume Set Garrett A. Sullivan, Jr., Alan Stewart, Rebecca Lemon, Nicholas McDowell, Jennifer Richards, 2012-01-30 Featuring entries composed by leading international scholars The Encyclopedia of

English Renaissance Literature presents comprehensive coverage of all aspects of English literature produced from the early 16th to the mid 17th centuries Comprises over 400 entries ranging from 1000 to 5000 words written by leading international scholars Arranged in A Z format across three fully indexed and cross referenced volumes Provides coverage of canonical authors and their works as well as a variety of previously under considered areas including women writers broadside ballads commonplace books and other popular literary forms Biographical material on authors is presented in the context of cutting edge critical discussion of literary works Represents the most comprehensive resource available for those working in English Renaissance literary studies Also available online as part of the Wiley Blackwell Encyclopedia of Literature providing 24 7 access and powerful searching browsing and cross referencing capabilities *Women Latin Poets* Jane Stevenson,2005 Publisher description Neo-Latin Poetry in the British Isles ,2013-03-14 Investigation of the Latin poetry produced by British poets from the sixteenth century onwards affords an indispensable insight into a dominant strand in the intellectual cultural and educational life of the British Isles during this period At this time the composition of Latin poetry was a regular feature of school curricula and a popular leisure time activity of the educated elite Such examination also sheds light on the poetic principles and practice of major British poets such as Campion Cowley Herbert and Milton who penned a large quantity of neo Latin verse in addition to their better known vernacular works **Reflections on Translation** Susan Bassnett,2011 This collection of essays brings together a decade of writings on translation by leading international translation studies expert Susan Bassnett The essays cover a range of topics and will be useful to anyone with an interest in how different cultures communicate *Daum's boys* Alan Ross,2015-04-01 This highly original book is the first in depth study of a footsoldier of the seventeenth century German Republic of Letters Its subject the polymath and schoolteacher Christian Daum is today completely forgotten yet left behind one of the largest private archives of any early modern European scholar On the basis of this unique source this book portrays schools as focal points of a whole world of Lutheran learning outside of universities and courts as places not just of education but of intense scholarship and examines their significance for German culture Multi confessional Germany was different from Catholic France and Protestant England in that its network of small cities fostered educational and cultural competition and made possible a much larger and socially open Republic This book allows us for the first time to understand how the Republic of Letters was constructed from below and how it was possible for individuals from relatively humble backgrounds and occupations to be at the centre of European intellectual life This book is aimed at other specialists as well as postgraduate students in the fields of cultural and social history and can also serve as an introduction to recent European literature on early modern scholarship for undergraduate students The Cambridge Critical Guide to Latin Literature Roy Gibson,Christopher Whitton,2024-01-18 The Cambridge Critical Guide to Latin Literature offers a critical overview of work on Latin literature Where are we How did we get here Where to next Fifteen commissioned chapters along with an extensive introduction and Mary Beard s postscript approach

these questions from a range of angles They aim not to codify the field but to give snapshots of the discipline from different perspectives and to offer provocations for future development The Critical Guide aims to stimulate reflection on how we engage with Latin literature Texts tools and territories are the three areas of focus The Guide situates the study of classical Latin literature within its global context from late antiquity to Neo Latin moving away from an exclusive focus on the pre 200 CE corpus It recalibrates links with adjoining disciplines history philosophy material culture linguistics political thought Greek and takes a fresh look at key tools editing reception intertextuality theory

Women Writing Latin Laurie J. Churchill, Phyllis R. Brown, Jane E. Jeffrey, 2013-10-11 This book is part of a 3 volume anthology of women's writing in Latin from antiquity to the early modern era Each volume provides texts contexts and translations of a wide variety of works produced by women including dramatic poetic and devotional writing Volume Three covers women's writing in Latin during the early modern period 1400-1700

Cosmos and Materiality in Early Modern Prague Suzanna Ivanič, 2021-06-24 Prague in the seventeenth century is known as home to a scintillating imperial court crammed with exotic goods scientists and artisans receiving ambassadors from Persia and also as a city suffering plagues riots and devastating military attacks But Prague was also the setting for a complex and shifting spiritual world At the beginning of the century it was a multiconfessional city but by 1700 it represented one of the most archetypical Catholic cities in Europe Through a material approach *Cosmos and Materiality* pieces together how early modern men and women experienced this transformation on a daily basis *Cosmos and Materiality in Early Modern Prague* presents a bold alternative understanding of the history of early modern religion in Central Europe The history of religion in the early modern period has overwhelmingly been analysed through a confessional lens but this book shows how Prague's spiritual worlds were embedded in their natural environment and social relations as much if not more than in confessional identity in the seventeenth century While texts in this period trace emerging discourses around notions of religion superstition magic and what it was to be Catholic or Protestant a material approach avoids these category mistakes being applied to everyday practice It is through a rich seam of material evidence in Prague spoons glass beakers and amulets as much as traditional devotional objects like rosaries and garnet encrusted crucifixes that everyday beliefs practices and identities can be recovered

Selected Philosophical and Scientific Writings Emilie Du Châtelet, 2009-09-15 Though most historians remember her as the mistress of Voltaire Emilie Du Châtelet 1706-49 was an accomplished writer in her own right who published multiple editions of her scientific writings during her lifetime as well as a translation of Newton's *Principia Mathematica* that is still the standard edition of that work in French Had she been a man her reputation as a member of the eighteenth century French intellectual elite would have been assured In the 1970s feminist historians of science began the slow work of recovering Du Châtelet's writings and her contributions to history and philosophy For this edition Judith P. Zinsler has selected key sections from Du Châtelet's published and unpublished works as well as related correspondence part of her little known critique of the Old and New

Testaments and a treatise on happiness that is a refreshingly uncensored piece of autobiography making all of them available for the first time in English The resulting volume will recover Châtelet's place in the pantheon of French letters and culture
