Elizabeth Catlett An American Artist In Mexico:

Elizabeth Catlett Melanie Anne Herzog, 2005-10-25 Elizabeth Catlett born in Washington DC in 1915 is widely acknowledged as a major presence in African American art and her work is celebrated as a visually eloquent expression of African American identity and pride in cultural heritage But this is not the whole story She has lived in Mexico for 50 years as a citizen of that country since 1962 and she and her husband artist Francisco Mora have raised their children there For 20 years she was a member of the Taller de Gráfica Popular Popular Graphic Arts Workshop and she was the first woman professor of sculpture at the Universidad Nacional Autónoma de México Her extraordinary career has stretched from her years as a student at Howard University during the 1930s through various political and social movements including the Chicago Renaissance of the 1940s the Black Power and Black Arts movements the Mexican Public Art Movement and feminism which have informed her art This richly illustrated and informative monograph is the first to document the full range of Catlett's life and work In addition to thoroughly researching primary source materials and to critiquing individual art works with sensitivity and erudition the author has conducted numerous interviews with Catlett and has analyzed with clarity the political context of her work and her diverse sympathies and allegiances Herzog examines key artistic influences and shows how Catlett transformed an extraordinary stylistic vocabulary into a socially charged statement In tracing Catlett's long and continuing career as a graphic artist and sculptor in Mexico Herzog explores an important period in Catlett's life between the 1950s and the 1970s about which almost nothing is known in the United States She examines the Mexicanness in Catlett's work in its fluent relationship to the underlying and constant sense of African American identity she brought with her to Mexico Herzog's solidly grounded interpretation offers a new way to understand Catlett's work and reveals this artist as a fascinating and pivotal intercultural figure whose powerful art manifests her firm belief that the visual arts can play a role in the construction of a meaningful identity both transnational and ethnically grounded Melanie Anne Herzog is associate professor of art history at Edgewood College in Madison Wisconsin

Cohen,2020-05-07 In 2015 the Mexican state counted how many of its citizens identified as Afro Mexican for the first time since independence Finding Afro Mexico reveals the transnational interdisciplinary histories that led to this celebrated reformulation of Mexican national identity It traces the Mexican African American and Cuban writers poets anthropologists artists composers historians and archaeologists who integrated Mexican history culture and society into the African Diaspora after the Revolution of 1910 Theodore W Cohen persuasively shows how these intellectuals rejected the nineteenth century racial paradigms that heralded black disappearance when they made blackness visible first in Mexican culture and then in post revolutionary society Drawing from more than twenty different archives across the Americas this cultural and intellectual history of black visibility invisibility and community formation questions the racial cultural and political dimensions of Mexican history and Afro diasporic thought **As If She Were Free** Erica L. Ball,Tatiana Seijas,Terri L. Snyder,2020-10-08 As If She Were Free brings together the biographies of twenty four women of African descent to reveal how enslaved and recently freed women sought imagined and found freedom from the sixteenth through the nineteenth centuries in the Americas Our biographical approach allows readers to view large social processes migration trade enslavement emancipation through the perspective of individual women moving across the boundaries of slavery and freedom For some women freedom meant liberation and legal protection from slavery while others focused on gaining economic personal political and social rights Rather than simply defining emancipation as a legal status that was conferred by those in authority and framing women as passive recipients of freedom these life stories demonstrate that women were

agents of emancipation claiming free status in the courts fighting for liberty and defining and experiencing freedom in a surprising and inspiring range of ways The Power and Politics of Art in Postrevolutionary Mexico Stephanie J. Smith, 2017-11-14 Stephanie J Smith brings Mexican politics and art together chronicling the turbulent relations between radical artists and the postrevolutionary Mexican state The revolution opened space for new political ideas but by the late 1920s many government officials argued that consolidating the nation required coercive measures toward dissenters While artists and intellectuals some of them professed Communists sought free expression in matters both artistic and political Smith reveals how they simultaneously learned the fine art of negotiation with the increasingly authoritarian government in order to secure clout and financial patronage But the government Smith shows also had reason to accommodate artists and a surprising and volatile interdependence grew between the artists and the politicians Involving well known artists such as Frida Kahlo Diego Rivera and David Alfaro Siqueiros as well as some less well known including Tina Modotti Leopoldo M ndez and Aurora Reyes politicians began to appropriate the artists nationalistic visual images as weapons in a national propaganda war High stakes negotiating and co opting took place between the two camps as they sparred over the production of generally accepted notions and representations of the revolution s legacy and what it meant to be authentically Mexican
