BARBARA HAMMET

Mary Gostelow

Elizabethan Cross Stitch:

Elizabethan Cross Stitch Barbara Hammet, 2004 Talented cross stitch designer Barbara Hammet has carefully researched and reworked the look of embroidery of the period to create this stunning collection of projects for today's cross stitcher. Every project has been carefully researched and Barbara reveals the historical inspiration behind each piece of work. Designs feature the elaborate depiction of flowers, plants and animals and the intricate scroll and latticework favoured at the time. Much inspiration has been derived from the textiles, clothes and accessories of the day while further decorative touches such as pearl beads and blackwork add further touches of authenticity. The Cross Stitch Motif Bible Jan Eaton, 2011-07-31 This collection of over 1000 cross stitch motifs each in the form of an easy to follow chart is an invaluable resource for incorporating your work into cards, samplers, pictures and tapestries. Fully illustrated step by step instructions in basic techniques and materials will allow even the novice to start stitching right away. **Designs in Cross Stitch** Jan Eaton, 1996 Over 40 creative projects and 100 original motifs. **Cross Stitch Crazy January 2017** Magazines Global, Cross Stitch Crazy January 2017. **Cross Stitch Gold Issue 114 - 2014** Magazines Global, Cross Stitch Gold Issue 114 2014. **Cross Stitch Gold Issue 160 - 2019** Magazines Global, Cross Stitch Gold Issue 160 2019. Schoelwer, 2012-01-01 Winner of the Connecticut Book Award 2011 Winner of the Connecticut League of History Organizations Award of Merit 2012 Connecticut women have long been noted for their creation of colorful and distinctive needlework including samplers and family registers, bed rugs and memorial pictures, crewel embroidered bed hangings and garments, silk embroidered pictures of classical or religious scenes, quilted petticoats and bedcovers and whitework dresses and linens. This volume offers the first regional study encompassing the full range of needle arts produced prior to 1840. Seventy entries showcase more than one hundred fascinating examples many never before published from the Connecticut Historical Society's extensive collection of this early American art form. Produced almost exclusively by women and girls, the needle arts provide an illuminating vantage point for exploring early American women's history and education including family based traditions predating the establishment of formal academies after the American Revolution. Extensive genealogical research reveals unseen family connections linking various types of needlework similar to the multi generational male workshops documented for other artisan trades such as woodworking or metalsmithing. Photographs of stitches, reverse sides, sketches, design sources and related works enhance our understanding and appreciation of this fragile art form and the talented women who created it. An exhibition of needlework in this book will be held at the Connecticut Historical Society in late fall 2010. Funding for this project has been provided by the Coby Foundation Ltd and the National Endowment for the Arts. **The Complete Costume Dictionary** Elizabeth J. The Ladies' Fancy Needle-work

Lady Alice Le Strange of Hunstanton in Norfolk kept a continuous series of household accounts from 1610 1654 Jane Whittle and Elizabeth Griffiths have used the Le Stranges rich archive to reconstruct the material aspects of family life This involves looking not only at purchases but also at home production and gifts and not only at the luxurious but at the everyday consumption of food and medical care Consumption is viewed not just as a set of objects owned but as a process involving household management acquisition and appropriation a process that created and reinforced social links with craftsmen servants labourers and the local community It is argued that the county gentry provide a missing link in histories of consumption connecting the fashions of London and the royal court with those of middling strata of rural England Recent writing has focused upon the transformation of consumption patterns in the eighteenth century Here the earlier context is illuminated and instead of tradition and stability we find constant change and innovation Issues of gender permeate the study Consumption is often viewed as a female activity and the book looks in detail at who managed the provisioning purchases and work within the household how spending on sons and daughters differed and whether men and women attached different cultural values to household goods This single household s economy provides a window into some of most significant cultural and economic issues of early modern England innovations in trade retail and production the basis of gentry power social relations in the countryside and the gendering of family life
