THE VISION ELLIES is a series about what happens when Black women run everything Why Black women specifically Black women remain the most educated demographic in the United States yet Black women only earn 68% of what non Hispanic white men do As a group on Earth we are currently overeducated underemployed overlooked and undervalued But in the country of Elle in the year 2222 there are no shackles there are no strings Elle is designed for us and by us a radical feminist democratic socialist environment where Black women live our best lives And so does everyone else One hundred year prior to the start of the series a group of Black women from Earth's African diaspora founded Elle It was a secret mission The nine were fed up with their place in the world the misogyny the degradation the genocide These resilient souls reached out across the universe a neighbor heard their siren song and the women packed up and left for a new world Vores Hjem Once they determined their refuge was safe the women called back to Earth for their sisters families friends An exodus of a hundred thousand kept hush hush ELLIES exemplifies what is possible for Black women if we have the freedom
