Patriots James Wesley Rawles,2009-04-07 In this post apocalyptic thriller a group of American friends search for safety following disaster but danger is hunting for them America faces a full scale socioeconomic collapse the stock market

plummets hyperinflation cripples commerce and the mounting crisis passes the tipping point Practically overnight the fragile chains of supply and high technology infrastructure fall and wholesale rioting and looting grip every major city As hordes of refugees and looters pour out of the cities a small group of friends living in the Midwest desperately tries to make their way to a safe haven ranch in northern Idaho The journey requires all their skill and training since communication commerce transportation and law enforcement have all disappeared Once at the ranch the group fends off vicious attacks from outsiders and then looks to join other groups that are trying to restore true Constitutional law to the country Patriots is a thrilling narrative depicting fictional characters using authentic survivalist techniques to endure the collapse of the American civilization Reading this compelling fast paced novel could one day mean the difference between life and death Praise for James Wesley Rawles Rawles is an amazingly gifted author who has singlehandedly reignited the postapocalyptic thriller Brad Thor 1 New York Times bestselling author *The Great American Outlaw* Frank Richard Prassel,1996-09-01 This book explores in depth the origins development and prospects of outlawry and of the relationship of outlaws to the social conditions of changing times Throughout American history you will find larger than life brigands in every period and every region Often because we hunger for simple justice we romanticize them to the point of being unable to separate fact from fiction Frank Richard Prassel brings this home in a thorough and fascinating examination of the concept of outlawry from Robin Hood Dick Turpin and Blackbeard through Jean Lafitte Pancho Villa and Billy the Kid to more modern personalities such as John Dillinger Claude Dallas and D B Cooper A separate chapter on molls plus equal treatment in the histories of gangs traces women s involvement in outlaw activities Prassel covers the folklore as well as the facts even including an appendix of ballads by and about outlaws He makes clear how this motley group of bandits pirates highwaymen desperadoes rebels hoodlums renegades gangsters and fugitives who stand tall in myth wither in the light of truth but flourish in the movies As he tells the stories there is little to confirm that Jesse and Frank James Butch Cassidy and the Sundance Kid the Daltons Pretty Boy Floyd Ma Barker Clyde Barrow and Bonnie Parker Belle Starr the Apache Kid or any of the so called good badmen did anything that did not enrich or otherwise benefit themselves But there is plenty of evidence in the form of slain victims and ruined lives to show how many ways they caused harm The Great American Outlaw is as much an excellent survey on the phenomenon as it is a brilliant exposition of the larger than life figures who created it Above all it is a tribute to that aspect of humanity that Americans admire most and that Prassel describes as a willingness to fight however hopelessly against exhibitions of privilege **Field & Stream** ,1985-08 FIELD STREAM America s largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations **Field & Stream** ,1985-08 FIELD STREAM America s largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations
