Just My Typo Drummond Moir, 2014-07-08 A charming collection of typographical errors slips of the pen and embarrassing misprints Just My Typo celebrates the awful and the sublime mistakes that riddle our feeble human attempts at communication It's time to accept the truth typos are everywhere Legal documents are riddled with errors headlines of respectable publications are rife with misspellings and even your favorite books need a few reprints to get everything right Isn't it time we learned to laugh at our mistakes instead of despairing Just My Typo is an irresistible collection of the most humorous mistakenly poignant and downright awful typos in texts from the Bible to insurance advertisements to political slogans Within these pages you'll travel back in time with great figures from history such as Sir Francis Drake who circumcised the world in a small ship and Rambo the famous French poet You'll also find valuable moral instruction Blessed are the meek for they shall irrigate the earth and

meet politicians who exploit disasters to boost their public profiles. Structured according to categories such as To Be or To Be Typos in Literature you'll easily find either a quick laugh or a relaxing and cringe-inducing read. A few more of the gems within: The Queen pissed graciously over the Menai Bridge. Editors, proofreaders, and writers everywhere pull their hair out trying to eliminate mistakes to no avail. Celebrating the humanity of our errors and the timelessness of mistakes, *Just My Typo* is essential reading for anyone who values the power and peril of the written word.

The Christian Writer's Manual of Style Robert Hudson, 2016-08-30. The standard style guide of the Christian publishing industry, *The Christian Writer's Manual of Style* 4th Edition, compiled by veteran Zondervan editor Robert Hudson, contains clear guidance on style questions related to religious writing, including many topics not addressed in other references or online. Nearly half of this fourth revision is made up of new material, including information about turning blogs into books, the effects of digital media on writing, adverbial doubles, vanishing accents, word choice strategies, endorser guidelines, and much more. It also contains an all-new Word List which makes up more than a third of the book. The most needful information remains: entries on capitalization, abbreviation, citations, fictional dialogue, and more, but it has all been updated to keep pace with changes in English language usage. This fourth edition also corresponds with *The Chicago Manual of Style* 16th Edition, 2010, though it isn't afraid to chart new territory where that reference is unhelpful on issues of religious writing. Comprehensive yet easy to use, *The Christian Writer's Manual of Style* 4th Edition is a go-to resource for Christian authors, pastors, teachers, copywriters, editors, proofreaders, publishing and ministry professionals, executive assistants, and students—anyone who writes or edits as a part of their work or study, and for grammar aficionados everywhere.

The Christian Writer's Manual of Style Zondervan, 2010-05-11. An essential tool for writers, editors, proofreaders, designers, copywriters, production managers, and marketers too, *The Christian Writer's Manual of Style* is an essential tool not only for writers of religious materials but for their editors, proofreaders, designers, copywriters, production managers, and even marketers. Rather than simply repeating style information commonly available in standard references, this newly updated and expanded edition includes points of grammar, punctuation, usage, book production, and design, and written style that are often overlooked in other manuals. It focuses on information relating to the unique needs and demands of religious publications, such as discussions on how to correctly quote the Bible, how to capitalize and use common religious terms, and how to abbreviate the books of the Bible and other religious words. Also included are rarely found items such as an author's guide to obtaining permissions, guidelines for using American, British, and Mid-Atlantic styles, discussions of inclusive language, profanity, and ethnic sensitivities, discussions of Internet and computer-related language, style, a list of problem words, style issues regarding words from major world religions, a discussion of handling brand names in text, a list of common interjections, issues of type design, paper, copy fit. This edition has been completely updated since the
