Emblem For An Era:

The Evangelical Repository and United Presbyterian Review, 1864 *Legal Emblems and the Art of Law* Peter Goodrich, 2014 The emblem book was invented by the humanist lawyer Andrea Alciato in 1531 The preponderance of juridical and normative themes of images of rule and infraction of obedience and error in the emblem books is critical to their purpose and interest This book outlines the history of the emblem tradition as a juridical genre along with the concept of and training in obiter depicta in things seen along the way to judgment It argues that these books depict norms and abuses in classically derived forms that become the visual standards of governance Despite the plethora of vivid figures and virtual symbols that define and transmit law contemporary lawyers are not trained in the critical apprehension of the visible This book is the first to reconstruct the history of the emblem tradition evidencing the extent to which a gallery of images of law already exists and structuring how the public realm is displayed made present and viewed *A Book of Emblems* Andrea Alciati, 2015-11-12 Andrea Alciati's *Emblematum Liber* was an essential work for every writer artist and scholar in post medieval Europe First published in 1531 this illustrated book was a collection of emblems each consisting of a motto or proverb a typically enigmatic illustration and a short explanation Most of the emblems had symbolic and moral applications Scholars depended on Alciati's book to interpret contemporary art and literature while writers and artists turned to it to invest their work with an understood didactic sense This new edition of the *Emblematum Liber* includes the original Latin texts highly readable English translations and the illustrations belonging to each of the 212 emblems The editor's introduction explains both the importance and the cultural contexts of Alciati's book as well as its innumerable artistic applications For instance close study of the emblems reveals to cite only two examples why statues of lions are traditionally placed before government buildings and what underlying political message was conveyed by innumerable equestrian portraits during the Baroque era The collection includes as an appendix the formerly suppressed emblem *Adversus Naturam Peccantes* accompanied by a translation of the learned commentary applied to it by Johann Thuius in 1612 An extensive bibliography points the student to scholarly research specifically dealing with artistic applications of Alciati's emblems Altogether this new edition of Alciati's seminal work is an essential tool for modern students of the liberal arts *Visions of Empire in Colonial Spanish American Ekphrastic Writing* Kathryn M Mayers, 2011-12-16 The process of shaping and asserting cultural identity in viceregal Spanish America occurred as much through the medium of pictures as through the medium of writing Focused on writing that references visual texts ekphrasis *Visions of Empire in Colonial Spanish American Ekphrastic Writing* examines the way words about pictures in the writing of three Spanish American Creoles Hernando Domínguez Camargo Juan de Espinosa Medrano and Sor Juana Inés de la Cruz negotiate the challenges that confronted the American born ruling elite in Spanish America during the contentious transitional period between the Conquest and Independence In Spanish America pictures have long served as a crucial medium for cultural communication In vast rural and urban regions where print culture is not deeply

rooted and being cultured is not synonymous with being literate visual texts ranging from pre Hispanic pictographic codices to Baroque architectural surfaces to postmodern painted murals have played an essential role in shaping and asserting cultural identity During the viceregal era texts that referenced such visual texts proliferated in Latin America particularly among Creole elites who found themselves trapped in an ambiguous political and social position between Spain and America At the level of content Creole ekphrases bear little obvious connection to categories of social privilege On the level of form however these ekphrases engage conventions of representation that reveal the social contingencies of the poetic gaze They refract the visual object through an ideologically charged language that invokes differentials of race class gender sexuality nationality and position within the colonial power structure Visions of Empire brings recent scholarship on visuality and ekphrasis to bear on twenty first century reexaminations of criollismo to explore how cultural productions of the Spanish American Creole elite exercised relations of power mediated social differences and presented symbolic organizations of social space Focusing on the way Creole adaptations of Gongoran ekphrases placed the Creoles in a position of epistemological economic or moral authority over peninsular Spaniards and Amerindian and casta majorities around them this book illustrates how Creole words about pictures propose alternate visions of empire symbolically reordering Spain's empire in the Americas around the figure of the Creole

The International Emblem Simon McKeown, 2010-02-19 The emblem a Renaissance literary genre which combined text and image conveyed erudition admonishment propaganda and piety with unparalleled concision and economy It arose out of humanist circles in the early sixteenth century and quickly became established as a staple tool in religious political and social discourses across the major European languages In recent years the emblem has come to be regarded by scholars working in all areas of the humanities and cultural studies as an interdisciplinary matrix of extraordinary utility in gaining insights into the mentalities and preoccupations of the early modern era Within its apparently slender frame the emblem embraces questions of foremost philological semiotic and iconographical importance and encompasses ideas and assumptions of exceedingly far range and reach This collection of essays attests to the pervasiveness of the emblem both within Renaissance and Baroque Europe and in those parts of the wider world where European influence came to bear It seeks to follow the

development of the emblem from its beginnings in various forms of bimedral artefact from early illustrated books and hieroglyphs to medals and ancient coins we then witness its deployment as a propagandistic tool in the temporal and confessional disputes of Europe Thereafter the emblem appears in non European contexts emerging as a place of cultural exchange as it became assimilated within indigenous visual traditions The latter parts of the book concentrate on the often subliminal role emblems played in diverse literary texts as well as their ongoing vitality in praxis or in the burgeoning area of emblem scholarship within early modern studies

Granting the Seasons Nathan Sivin, 2008-12-19 China's most sophisticated system of computational astronomy was created for a Mongol emperor who could neither read nor write Chinese to celebrate victory over China after forty years of devastating war This book explains how and why and reconstructs the observatory and the science that made it possible For two thousand years a fundamental ritual of government was the emperor's granting the seasons to his people at the New Year by issuing an almanac containing an accurate lunisolar calendar The high point of this tradition was the Season granting system Shou shih li 1280 Its treatise records detailed instructions for computing eclipses of the sun and moon and motions of the planets based on a rich archive of observations some ancient and some new Sivin the West's leading scholar of the Chinese sciences not only recreates the project's cultural political bureaucratic and personal dimensions but translates the extensive treatise and explains every procedure in minimally technical language The book contains many tables illustrations and aids to reference It is clearly written for anyone who wants to understand the fundamental role of science in Chinese history There is no comparable study of state science in any other early civilization

[Music in the Early Sound Era](#) Jeremy Barham, 2024-01-31 In a major expansion of the conversation on music and film history *The Routledge Companion to Global Film Music in the Early Sound Era* draws together a wide ranging collection of scholarship on music in global cinema during the transition from silent to sound films the late 1920s to the 1940s. Moving beyond the traditional focus on Hollywood this Companion considers the vast range of cinema and music created in often overlooked regions throughout the rest of the world providing crucial global context to film music history. An extensive editorial Introduction and 50 chapters from an array of international experts connect the music and sound of these films to regional and transnational issues culturally historically and aesthetically across five parts: Western Europe and Scandinavia, Central and Eastern Europe, North Africa, The Middle East, Asia and Australasia, Latin America, Soviet Russia. Filling a major gap in the literature *The Routledge Companion to Global Film Music in the Early Sound Era* offers an essential reference for scholars of music film studies and cultural history [Colors & Markings of the F-106 Delta Dart](#) Rock Roszak, 2024-12-31

The Convair F 106 Delta Dart has been known by several titles including *The Ultimate Interceptor* and *The World's Fastest Single Engine Jet Aircraft*. It arrived on the scene at an incredible point in military aviation history when advances in aircraft design and engine technology were coming together to field a new generation of combat aircraft with performance capabilities that were almost impossible to imagine just a few years earlier. The SIX was the last of the true Century Series fighters to be produced and fielded by the United States Air Force. *Colors Markings of the F 106 Delta Dart* provides a historical perspective on the paint schemes and colorful markings used on this fascinating aircraft, the only Century Series fighter that operated throughout its career in the same functional and highly visible paint scheme. No operational F 106 with

the U S Air Force or Air National Guard ever featured a bare metal finish nor was one ever painted in a multi hued camouflage scheme making it truly unique The coverage begins by providing a study of the standard paint scheme applied to the SIX an overall gray scheme using FS 16473 Aircraft Gray which would also come to be referred to as ADC Gray as well as the standard informational markings applied to the aircraft The next chapter takes a general look at the squadron markings applied to the Delta Dart Air Defense Command ADC encouraged colorful unit markings for the most part though there was a two year period when low color restrictions were in place Fighter interceptor squadrons took great pride in their heritage and their aircraft and they created markings that distinctly identified their units at a glance The general markings guidelines published by ADC are discussed and examples of standards directed by higher headquarters are also covered The F 106 was flown by twenty one active duty and six Air National Guard ANG squadrons beginning in 1959 with the active squadrons and ending in 1988 with the Guard units The active duty units are covered in the next chapter in the order in which they transitioned to the SIX with photo galleries following short unit histories These galleries document the markings applied to each unit s aircraft and illustrate how they evolved during the years each squadron flew the SIX Fourteen original F 106 squadrons in ADC took possession of the new interceptor in 1959 and 1960 However many of these units were later redesignated due to reorganizations or force structure changes and these redesignations and the resulting markings are documented fully before the next original squadron is taken up The six ANG squadrons each of which had their own unique squadron liveries are covered in the next chapter As with the active duty units these are covered with brief squadron histories followed by photo galleries that document the evolution of each unit s markings while flying the SIX The F 106 squadrons assigned to the Montana Massachusetts New Jersey Michigan California and Florida Air National Guard are all featured in the order in which they received the aircraft A final chapter follows these operational units and covers the miscellaneous organizations that flew the F 106 for various purposes These included training test and support operators as well as NASA and the final SIXES expended as aerial targets under the QF 106 Pacer Six Drone Program Colors Markings of the F 106 Delta Dart is the most complete and comprehensive book ever published about the markings used on this incredible aircraft with 350 high resolution photographs illustrations and aircraft profiles all in full color **Reading**
