The End of Fear Richard Schaub, Richard Schaub, Dr, PhD, 2010-05 Why are we afraid Why do we dwell on worst case scenarios lie awake in anxiety's grip and react to minor mishaps as though they threaten our very survival Chances are you don't envision the world's or your own catastrophic end on a daily basis however we are all routinely altered by fear from simply feeling nervous about a new experience to repeatedly rethinking a critical comment In *The End of Fear* Richard and Bonney Schaub explore the origin of fear down to its root and posit that it grows out of our innate love of life They teach that fear is so influential because deep down we know that our life is unpredictable and that we are all vulnerable we risk change and loss at every moment No religion grants any exemption and no amount of money or status can change this fact for us Using examples from their lives and those of their patients the Schaub's draw upon their 30 years of experience as psychotherapists to explore the common methods people turn to in order to cope with their basic vulnerability After this exploration the Schaub's lead us on a spiritual journey that teaches us to skillfully turn toward fear and transform it Once we stop fleeing from or fighting fear and instead face it with compassion we'll be free to realize and achieve our full potential for peace joy and love
