O Gog, Magog! Mankind is calling you Guven Polat,2021-12-19 The characters Gog and Magog are well known characters in all religious beliefs albeit with different names But the widest knowledge about them is found in the Islamic faith In the Islamic faith their names are Yecuc and Mecuc Information about them is given in two suras of the last holy book the Quran In addition the words of the last prophet Muhammad about them also give us information However both the verses in the Quran about them and what the Prophet Muhammad said do not contain clear information about who or what they are Many books have been written to date about who they may be However there is no information in these books that goes beyond mythological stories In this book a different method was followed The verses of Quran and sayings of the Prophet Muhammad were tried to be understood with scientific data As you will read in the book both what is reported in the verses and the words of the Prophet Muhammad when examined with scientific data it is seen that what is reported is one hundred percent the same as what happened in the past periods of the world According to the Quran near the Last Hour the Gog and Magog will go down to earth again and continue to commit corruption After this event which is one of the signs of the apocalypse the Last Hour process will be accelerated This book is written with religious and scientific information in a simplicity that everyone can understand As you will read in the book the information given in the Quran sheds light on the future as well as the past *Indian Antiquary* ,1882 At a time when each Society had its own medium of propagation of its researches in the form of Transactions Proceedings Journals etc a need was strongly felt for bringing out a journal devoted exclusively to the study and advancement of Indian culture in all its aspects This encouraged Jas Burgess to launch the Indian antiquary in 1872 The scope was in his own words as wide as possible incorporating manners and customs arts mythology feasts festivals and rites antiquities and the history of India Another laudable aim was to present the readers abstracts of the most recent researches of scholars in India and the West Indian antiquary also dealt with local legends folklore proverbs etc

In short Indian antiquary was entirely devoted to the study of MAN the Indian in all spheres introduction to facsimile volumes published 1985
