## **Elise Boulding A Life In The Cause Of Peace:**

*Elise Boulding* Mary Lee Morrison, 2015-09-15 Elise Boulding has been among the most influential of social reformers to advocate the integration of peace studies and women's studies. Her ideas inspired a number of works addressing the role of the family in producing social change and discussing women's unique capacity for promoting peace through nurturing and networking. Boulding's additional ideas on transnational networks and their relationship to global understanding are considered seminal contributions to modern peace studies and have earned her the title of matriarch of the 20th century peace movement. This biography is divided into three parts. The first and third deal chronologically with the life of Elise Boulding beginning with her childhood experiences as a Scandinavian immigrant. The 1940 Nazi invasion of Norway significantly influenced her concepts of pacifism and Quaker spiritualism, laying the foundation for her future work as a leader in the Women's International League for Peace and Freedom and her dynamic professional partnership with and marriage to the internationally known Quaker economist and poet Kenneth Boulding. Part Two expounds upon Boulding's philosophy of education, her role as a member of the Religious Society of Friends, her espousal of the conceptual evolution of cultures of peace, and her theoretical work in women's studies and peace research. In recognition of these achievements, Boulding has been the recipient of more than 19 awards and was a 1990 nominee for the Nobel Peace Prize. **John W.**

**Burton: A Pioneer in Conflict Analysis and Resolution** David J. Dunn, Hans Günter Brauch, Pamela Burton, 2024-04-26 This book charts John W. Burton's transition from practitioner in diplomacy to pioneer in the theory of peace research, thinking on world society and conflict resolution. Born in 1915, given his father's name, it was assumed that he would follow his father and become a Christian missionary. He did not; he joined the Australian Public Service. From a junior position, he rose rapidly. He was forthright and some found him irritating or worse. He progressed to the highest levels of policy making. Amidst some controversy, he resigned abruptly in 1951. He then worked on his farm outside Canberra, writing avidly. He did not intend to become an academic, but in 1963 he was offered a position in International Relations at University College in London and he accepted. He was key to the foundation of the International Peace Research Association (IPRA) in 1964 and of the Conflict Research Society in the UK because he thought that words and ideas were not enough; there needed to be instruments of change. Looking back, he was in fact a secular missionary. His aim: Simple: to change the world. This book is an exploration of how conflict should be reinterpreted. The ideas of his work are a product not of any metaphysical approach but of experience. Burton knew the field: Cold War diplomacy, civil strife, reforming organisations, resistance to change. He had been there and he found much to criticise. This book illustrates what he had to offer and explains why. These readings reveal shifts in his ideas, cohering incrementally into a new framework. This book presents his pioneering and relevant work. Transcending disciplinary boundaries, it will be of interest to students as well as professionals who address conflict at all levels of society, from family to state. Schrecker our foremost historian of both the McCarthy era and the modern American university delivers a far reaching examination of how and why it happened Schrecker illuminates how US universities explosive growth intersected with the turmoil of the 1960s fomenting an unprecedented crisis where dissent over racial inequality and the Vietnam War erupted into direct action Torn by internal power struggles and demonized by conservative voices higher education never fully recovered resulting in decades of underfunding and today s woefully inequitable system As Schrecker s magisterial history makes blazingly clear the complex blend of troubles that disrupted the university in that pivotal period haunts the ivory tower to this day *Peacemaking: Family Activities for Justice and Peace, Vol. 1, Facing Challenges and Embracing Possibilities*
