Elite Cultures:

Elite Cultures Stephen Nugent, Cris Shore, 2003-12-16 Drawing on a diverse comparative ethnographic literature this new volume examines the intimate spaces and cultural practices of those elites who occupy positions of power and authority across a variety of different settings Using ethnographic case studies from a wide range of geographical areas including Mexico Peru Amazonia Indonesia Sri Lanka Europe North America and Africa the contributors explore the inner worlds of meaning and practice that define and sustain elite identities They also provide insights into the cultural mechanisms that maintain elite status and into the complex ways that elite groups relate to and are embedded within wider social and historical processes

Urban Elite Culture Luisa Radohs, 2023-10-09 Medieval towns were vibrant and complex social environments where diverse groups and lifestyles encountered and influenced each other Surprisingly in the study of urban archaeology the aristocracy one of the leading and most influential groups in medieval society has so far been neglected This book puts aristocracy in towns on the archaeological research agenda The interdisciplinary and comparative study explores the significance and representation of aristocrats and their interaction with civic elites in sea trading towns of the southwestern Baltic from the 12th to the 14th centuries Essentially however the analysis of urban elite culture leads to discussion of a much more fundamental issue the informative value of material culture for the investigation of social conditions The book provides new archaeological approaches to the study of social differentiation in towns and contributes to a deeper understanding of the complexity of urban social structures

The Politics of Elite Culture Abner Cohen, 2023-11-10 This title focuses on the dramatic process underlying the development of cultural mystique in the articulation of elite organization The symbolic beliefs and practices involved act to reconcile camouflage or mystify a major contradiction in the development and functioning of elite groups a contradiction between their universalistic functions and particularistic interests between their duties to serve wider publics and their simultaneous endeavor to promote their own sectional power Concentrating on the detailed experimental study of one power elite within a modern small scale nation state Sierra Leone Cohen analyzes these processes But his findings are systematically worked out within a general cross cultural comparative perspective and he thereby further develops his earlier formulations about the instrumental functions of culture in political organization Culture is analyzed in terms of symbolic forms symbolic functions and dramaturgical techniques Politico cultural causation is explored as it operates in chains of dramatic performances on different levels of social organization Familiar everyday symbolic events are taken out of their ordinary ideological sequences and as Brecht would put it thrown into crisis by showing their involvement in major power struggles This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1981 *The*

Franco-Mauritian Elite Tijo Salverda, 2015-04-01 Mauritian independence in 1968 marked the end of a regime favorable to the Franco Mauritians the island's white colonial elite Now in postcolonial Mauritius this group is faced with a much more diverse power constellation and often feels in competition with others vying for their privileges Though this is a clear departure from the colonial heydays Franco Mauritians have been able to continue their elite position into the early twenty first century This book focuses on the power of white elites still lingering on in postcolonial realities and with regards to elites and power in general addresses anew how an elite group aims to prolong its position over time

Popular Culture Theory and Methodology Harold E. Hinds, Marilyn Ferris Motz, Angela M. S. Nelson, 2006 Since its birth in the 1960s the study of popular culture has come a long way in defining its object its purpose and its place in academe Emerging along the margins of a scholarly establishment that initially dismissed anything popular as unworthy of serious study trivial formulaic easily digestible escapist early practitioners of the discipline stubbornly set about creating the theoretical and methodological framework upon which a deeper understanding could be founded Through seminal essays that document the maturation of the field as it gradually made headway toward legitimacy *Popular Culture Theory and Methodology* provides students of popular culture with both the historical context and the critical apparatus required for further growth For all its progress the study of popular culture remains a site of healthy questioning What exactly is popular culture How should it be studied What forces come together in producing disseminating and consuming it Is it always conformist or has it the power to subvert refashion resist and destabilize the status quo How does it differ from folk culture mass culture commercial culture Is the line between high and low merely arbitrary Do the popular arts have a distinctive aesthetics This collection offers a wide range of responses to these and similar questions Edited by Harold E Hinds Jr Marilyn F Motz and Angela M S Nelson *Popular Culture Theory and Methodology* charts some of the key turning points in the culture wars and leads us through the central debates in this fast developing discipline Authors of the more than two dozen studies several of which are newly published here include John Cawelti Russel B Nye Ray B Browne Fred E H Schroeder John Fiske Lawrence Mintz David Feldman Roger Rollin Harold Schechter S Elizabeth Bird and Harold E Hinds Jr A valuable bibliography completes the volume

Popular Culture John G. Nachbar, Kevin Lausé, 1992 *Popular Culture An Introductory Text* provides the means for a new examination of the different faces of the American character in both its historical and contemporary identities The text is highlighted by a series of extensive introductions to various categories of popular culture and by essays that demonstrate how the methods discussed in the introductions can be applied This volume is an exciting beginning for the study of the materials of everyday life that define our culture and confirm our individual senses of identity

Popular Culture in Ancient Rome J. P. Toner, 2013-04-25 The mass of the Roman people constituted well over 90% of the population Much ancient history however has focused on the lives politics and culture of the minority elite This book helps redress the balance by focusing on the non elite in the Roman world It builds a vivid account of the everyday lives of the masses

including their social and family life health leisure and religious beliefs and the ways in which their popular culture resisted the domination of the ruling elite The book highlights previously under considered aspects of popular culture of the period to give a fuller picture It is the first book to take fully into account the level of mental health given the physical and social environment that most people faced their overall mental health mirrored their poor physical health It also reveals fascinating details about the ways in which people solved problems turning frequently to oracles for advice and guidance when confronted by difficulties Our understanding of the non elite world is further enriched through the depiction of sensory dimensions Toner illustrates how attitudes to smell touch and noise all varied with social status and created conflict and how the emperors tried to resolve these disputes as part of their regeneration of urban life Popular Culture in Ancient Rome offers a rich and accessible introduction to the usefulness of the notion of popular culture in studying the ancient world and will be enjoyed by students and general readers alike *Money, Culture, Class* Parul Bhandari,2019-06-17 Based on ethnographic research this book explores the ways in which elite women use and view money in order to construct identities of class status and gender Drawing on their everyday worlds it tracks the intricate and contested meanings they attach to money Focusing on weddings travel and spirituality Parul Bhandari delineates the entitlements and privileges as well as the obsessions and vulnerabilities that underlie the construction of class the shaping of elite cultures and the curating of femininity As such this book offers an innovative account of the interplay between money modernity class and gender

Political Elites and the New Russia Anton Steen,2004-06-01 Political Elite and the New Russia convincingly argues that although reforms in Russia have been initiated by those close to the President in fact local and national elites have been the crucial strategic actors in reshaping Russia s economy democratising its political system and decentralising its administration This book analyses the role of elites under Yeltsin and Putin discussing the extent to which they form a coherent political culture and how far this culture has been in step with or at odds with the reform policies of the Kremlin leadership **Local Elites In Western Democracies** Samuel J. Eldersveld,2019-03-07 Much insightful scholarship has

been devoted to the elaboration of the nature and functions of elites in modern societies The theories and paradigms which have emerged have evoked both strong support as well as considerable criticism Testing this conception of the role of elites is a primary goal of the analysis presented here We investigate in great detail in these three democratic systems the level of elites concern for their problems their sense of responsibility and power to act their relations with community groups and the public and their values And throughout the analysis we keep in mind the question of effective action This study both builds on and diverges from the early comparative research on local elites **Encyclopedia of Diversity in Education** James A. Banks,2012-05-17 The diversity education literature both nationally and internationally is broad and diffuse Consequently there needs to be a systematic and logical way to organize and present the state of research for students and professionals American citizens need to understand the dynamics of their increasingly diverse communities and institutions and the global

world in which we live work and lead With continually evolving information on diversity policies practices and programs it is important to have one place where students scholars teachers and policymakers can examine and explore research policy and practice issues and find answers to important questions about how diversity in U S education enriched with theories research and practices in other nations are explained and communicated and how they affect institutional change at both the K 12 and postsecondary levels With about 700 signed entries with cross references and recommended readings the Encyclopedia of Diversity in Education 4 volumes in both print and electronic formats will present research and statistics case studies and best practices policies and programs at pre and postsecondary levels Diversity is a worldwide phenomenon and while most of the entries in the Encyclopedia will focus on the United States diversity issues and developments in nations around the world including the United States are intricately connected Consequently to illuminate the many aspects of diversity this volume will contain entries from different nations in the world in order to illuminate the myriad aspects of diversity From A to Z this Encyclopedia will cover the full spectrum of diversity issues including race class gender religion language exceptionality and the global dimensions of diversity as they relate to education This four volume reference work will be the definitive reference for diversity issues in education in the United States and the world **Re-Reading Pareto**

on Elite Power and Societal Bipolarisation Alasdair J. Marshall, 2025-08-22 Assessing Vilfredo Pareto's sociological reworkings of Machiavelli's Fox and Lion animal spirits as friend enemy codings this book offers a unique insight into the growing division today between relatively liberal elites and relatively conservative non elites Re Reading Pareto on Elite Power and Societal Bipolarisation utilises key ideas common to Pareto's elite theory general sociology and theory of demagogic plutocracy and fleshes out a unique perspective for making sense of contemporary societal bipolarisation in terms of friend enemy codings The first part of the book explores what Pareto's core ideas are and outlines why they matter today The second part considers how we might elaborate and apply Pareto's concept of open elites to reverse contemporary societal bipolarisation and build safer and more mature democracies The third part explains how we can apply Pareto to predict further deterioration towards fundamental social conflict such that Pareto's sociological imagination becomes risk imagination we desperately need today For academics and students across the domains of sociology political science and social science in general the book warns of widespread elite institutional bias in their research and points to Pareto's neutral and balanced approach as a corrective offering a uniquely Paretian view of minimal criteria for democracy as well as a uniquely balanced analytical perspective for making sense of our culture war Foundations of Comparative Politics

Kenneth Newton, Jan W. van Deth, 2010 Now with global coverage this second edition brings key concepts theories and methods of comparative politics to life **The Anthropology of Elites** J. Abbink, T. Salverda, 2012-12-28 Offering insightful anthropological historical contributions to the understanding of elites worldwide this book helps us grasp their ways of life and role in times of contested global inequalities Case studies include the Polish gentry the white former colonial elite of

Mauritius professional elites and transnational financial elites **The Mediation of Power** Aeron Davis,2007-08-07

Providing textbook range and accessibility whilst delivering advanced thinking and new critical directions ten chapters cover a broad range of common media and communications topics *Commercial Culture* Leo Bogart,2017-09-29 American mass media are the world s most diverse rich and free Their dazzling resources variety and influence arouse envy in other countries Their failures are commonly excused on the grounds that they are creatures of the market that they give people what they want Commercial Culture focuses not on the glories of the media but on what is wrong with them and why and how they may be made better This powerful critique of American mass communication highlights four trends that sound an urgent call for reform the blurring of distinctions among traditional media and between individual and mass communication the increasing concentration of media control in a disturbingly small number of powerful organizations the shift from advertisers to consumers as the source of media revenues and the growing confusion of information and entertainment of the real and the imaginary The future direction of the media Leo Bogart contends should not be left to market forces alone He shows how the public s appetite for media differs from other demands the market is left to satisfy because of how profoundly the media shape the public s character and values Bogart concludes that a world of new communications technology requires a coherent national media policy respectful of the American tradition of free expression and subject to vigorous public scrutiny and debate Commercial Culture is a comprehensive analysis of the media as they evolve in a technological age It will appeal to general readers interested in mass communications as well as professionals and scholars studying American mass media Prospects for Constitutionalism in Post-Communist Countries Levent Gönenç,2002-06-18 The last decade of the 20th century saw radical changes in Eastern Europe and the former USSR Most of these countries made a transition from totalitarianism or authoritarianism to democracy and from central planning to a market economy Adding to the latter a number of national entities gained their independence after the disintegration of the federative states of the USSR Yugoslavia and Czechoslovakia Many recent studies have focused on these double in some cases triple transitions and scholars from different fields analyzed the so called 1989 Revolution from different perspectives Rather less scholarly attention has been paid to the future of post communist constitutions and prospects for constitutionalism in these countries The main questions dealt with throughout this study can be formulated as follows Will liberal democratic constitutionalism take root in these countries Will new constitutions in Eastern Europe and the former USSR perish or survive This study also aims at contributing to the construction of a general constitutional theory by studying the causes and dynamics of constitutional change in general Such constitutional change is not only on the East European but also on the West European agenda The purpose of this study is not to introduce a general theory about constitutional in stability but studying post communist constitutions will help us to understand the causes and dynamics of constitutional change from a broader perspective **Vilfredo Pareto's Contributions to Modern Social Theory** Christopher Adair-Toteff,2023-10-02 This

volume seeks to restore Vilfredo Pareto to his rightful place in the history of social and economic thought bringing together studies by leading scholars to mark the centenary of his death in 1923 Assessing Pareto s many contributions to the social sciences and his unique integration of the disciplines of sociology politics and economics it addresses the relative neglect of Pareto s work and explores both his continuing relevance to social research and the influence of his thought on subsequent developments in sociology and social theory As such it will appeal to scholars across the social sciences with interests in the history of sociology and the importance of Pareto s thought Eye on the Future Marilyn Ferris Motz,1994 Emerging from the conference on The Future of Popular Culture Studies in the Twenty First Century held in June of 1992 at Bowling Green Ohio to honor the academic career of Ray Browne retired chair Department of Popular Culture Bowling Green State U and to chart Popular Culture Studies into the next century this collection of essays includes five of Browne s signal articles and a Ray Browne bibliography Paper edition unseen 18 95 Annotation copyright by Book News Inc Portland OR *Globalization and Cultural Self-Awareness* Xiaotong Fei,2015-04-30 This volume comprises some twenty articles speeches and conversations of Fei Xiaotong from the late 1980s to the early 2000s Their central connecting theme is how civilizations could co exist against a backdrop of rapid globalization Fei proposes his concept of cultural self awareness summarized in the axiom each appreciates his own best appreciates the best of others all appreciate the best together for the greater harmony of all This is the result of many years of research and fieldwork and represents a synthesis of his Western training and traditional Chinese thought Professor Fei Xiaotong was one of the most prominent Chinese sociologists and anthropologists in the last century and a leading figure in Chinese intellectual circles He was noted in the West for his Peasant Life in China From the Soil and other works written during the 1930s and 1940s His later important research and theoretical concepts though extremely influential in China on both theoretical and practical levels are almost unknown in international academia
