The First Fleet Piano: Volume One Geoffrey Lancaster, 2015-11-03

During the late eighteenth century a musical cultural phenomenon swept the globe The English square piano invented in the early 1760s by an entrepreneurial German guitar maker in London not only became an indispensable part of social life but also inspired the creation of an expressive and scintillating repertoire Square pianos reinforced music as life's counterpoint and were played by royalty by musicians of the highest calibre and by aspiring amateurs alike On Sunday 13 May 1787 a square piano departed from Portsmouth on board the *Sirius* the flagship of the First Fleet bound for Botany Bay Who made the First Fleet piano and when was it made Who owned it Who played it and who listened What music did the instrument sound out and within what contexts was its voice heard What became of the First Fleet piano after its arrival on antipodean soil and who played a part in the instrument's subsequent history Two extant instruments contend for the title First Fleet piano which of these made the epic journey to Botany Bay in 1787-88 The First Fleet Piano A Musician's View answers these questions and provides tantalising glimpses of social and cultural life both in Georgian England and in the early colony at Sydney Cove The First Fleet piano is placed within the musical and social contexts for which it was created and narratives of the individuals whose lives have been touched by the instrument are woven together into an account of the First Fleet piano's conjunction with the forces of history View The First Fleet Piano Volume Two Appendices Note Volume 1 and 2 are sold as a set 180 for both and cannot be purchased separately

[Across Great Divides](#) Susan E Boyer, 2013-11-30 Across Great Divides true stories of life at Sydney Cove will appeal to all readers young old and in between who love to be immersed in a good read while learning new things The stories will no doubt make you wonder what would I have done Across Great Divides true stories of life at Sydney Cove brings to life the diverse experiences of people living in the precarious circumstance of Australia's first penal colony The stories are relayed through a non-fiction

narrative which shows how convict men saw and seized the possibilities of their new position It portrays the situation of convict women and their relationships with military men The stories demonstrate the varied responses of participants to their unique situation some succeeded beyond their imagination some failed disastrously The stories also give voice to the dilemma of the Aboriginal people challenged by the unexpected arrival of a completely alien race of white people to their land Bennelong and his difficult to ignore wife Barangaroo dealt with their new circumstances in a way they felt would best benefit themselves and their people On the other hand the young warrior Pemulwuy had his own ideas about how the white invaders should be confronted Boorong and Nanberry two native children taken separately into the homes of white settlers in the aftermath of a devastating epidemic went on to have fickle yet enduring relationships with their white guardians The stories in Across Great Divides true stories of life at Sydney Cove give the different perspectives of military men who had volunteered for a tour of duty in the remote colony Marine officers Watkin Tench William Dawes George Johnston Philip Gidley King and Captain John Hunter left valuable links to past times through their diaries letters and journals Arthur Phillip the colony's first governor also wrote letters which give us insight into the dilemmas plaguing his mind Writing a New World Dale Spender, 1988 A history still in the making Australian women writers through their letters diaries and fictions have created a new world of literature Dale Spender in this lively and provocative history of white women's literature presents a fresh and forthright view of the achievements of convict writers to writers and feminists of the nineteenth and twentieth centuries **The Enlightenment and the Origins of European Australia** John Gascoigne, 2002-06-07 This book surveys some of the key intellectual influences in the formation of Australian society by emphasizing the impact of the Enlightenment with its commitment to rational inquiry and progress The first part analyzes the political and religious background of the period from the First Fleet 1788 to the mid nineteenth century The second demonstrates the pervasiveness of ideas of improvement across a range of human endeavors from agriculture to education penal discipline and race relations Throughout the book highlights the extent to which developments in Australia can be compared with those in Britain and the U S Women Writing Home, 1700-1920 Vol 2 Klaus Stierstorfer, Deirdre Coleman, Cecily Devereux, Susan Clair Imbarrato, Charlotte J Macdonald, 2024-08-07 Assembles a range of women's letters from the former British Empire These letters written home are not only historical sources they are also representations of the state of the Empire in far off lands sent home to Britain and occasionally other centres established as home **Merinos, Myths and Macarthurs** John Cheyne Garrahan, Les White, 1985 **Women Writing Home, 1700-1920** Susan Clair Imbarrato, 2024-07-31 Assembles a range of women's letters from the former British Empire These letters written home are not only historical sources they are also representations of the state of the Empire in far off lands sent home to Britain and occasionally other centres established as home Journal of the Royal Australian Historical Society, 1919 Philanthropy and Settler Colonialism A. A Concise History of Australia Stuart Macintyre, 2015-10-09 Australia is the last continent to be settled by Europeans but it also sustains a people and a culture tens of thousands years old For much of the past 225 years the newcomers have sought to replace the old with the new This book tells how they imposed themselves on the land and describes how they brought technology institutions and ideas to make it their own The fourth edition incorporates the far reaching effects of an export and investment boom in the early years of the twenty first century that lifted Australia to unprecedented prosperity The sale of minerals and energy enabled the economy to withstand the global financial crisis of 2007-08 but there was no agreement on how the wealth was to be managed and its benefits distributed The book describes a continuing search for solutions to climate change the unauthorised arrival of refugees Indigenous disadvantage and generational change

The Europeans in Australia Alan Atkinson, 2016-07-01 It is the duty of historians to be wherever they can accurate precise humane imaginative using moral imagination above all and even handed The first of three volumes of the landmark award winning series The Europeans in Australia gives an account of early settlement by Britain It tells of the political and intellectual origins of this extraordinary undertaking that began during the 1780s a decade of extraordinary creativity and the climax of the European Enlightenment Volume One The Beginning examines the forces that led to the penal colony at Port Jackson and the first twenty five years of white settlement Atkinson examines as few historians have done before the political and intellectual origins of this extraordinary undertaking It began during the 1780s a decade of extraordinary creativity and the climax of the European Enlightenment The purpose of settlement might seem uninspiring but the fact that this was to be a community of convicts and ex convicts raised profound questions about the common rights of the subject the responsibility of power and the possibility of imaginative attachment to a land of exile Atkinson explores the imagery and technique of European power as it made its first impact on Australia He argues that the Europeans were not simply conquerors motivated by brutal or short term colonising imperatives The Europeans culture was ancient and infinitely complex thickly woven with ideas about spirituality authority self and land all of

which influenced the development of Australia The possession of land and conflict with Aboriginal peoples were at issue but so were the ancient habits of Europeans themselves The culmination of an extraordinary career in the writing and teaching of Australian history The Europeans in Australia grapples with the Australian historical experience as a whole from the point of view of the settlers from Europe Ambitious and unique it is the first such large single author account since Manning Clark's A History of Australia *Family History and Historians in Australia and New Zealand* Malcolm Allbrook, Sophie

Scott-Brown, 2021-06-27 Since the turn of the twenty first century family history is the place where two great oceans of research are meeting family historians outside the academy with traditionally trained often university employed historians This collection is both a testament to dialogue and an analysis of the dynamics of recent family history that derives from the confluence of professional historians with family historians their common causes and conversations It brings together leading and emerging Australian and New Zealand scholars to consider the relationship between family history and the discipline of history and the potential of family history to extend the scope of historical inquiry even to revitalise the discipline In Anglo Western culture the roots of the discipline's professionalisation lay in efforts to reconstruct history as objective knowledge to extend its subject matter and to enlarge the scale of historical enquiry Family history almost by definition is often

inescapably personal and localised How then have historians responded to this resurgence of interest in the personal and the local and how has it influenced the thought and practice of historical enquiry Stories of Life at Sydney Cove Susan E Boyer, 2016-10-28 Following the success of Across Great Divides True Stories of Life at Sydney Cove this new edition Stories of Life at Sydney Cove is for readers aged 10 When thirteen year old convicts John Hudson and Elizabeth Hayward are sent to a mysterious land at the end of the world they have no idea what life holds for them At Sydney Cove there are no roads no fences no buildings just wilderness Later when Indigenous children Nanberry and Boorong come to live with the white strangers they see life through different eyes The mystery of a new world had begun and the lives of all involved would never be the same again Stories of life at Sydney Cove is a gripping narrative that weaves together the everyday experiences of convicts soldiers and Aboriginal people with the events of history These true stories are told through the words of those who really lived at Sydney Cove in 1788 and are so intriguing they read like fiction **Destiny in Sydney** D. Manning

Richards, 2012-07 DESTINY IN SYDNEY is an epic multicultural novel of convicts Aborigines and Chinese embroiled in the birth of Sydney Australia Adventurous and opportunistic Scottish marine Lieutenant Nathaniel Armstrong is in charge of convicts on one of eleven ships sent in 1787 on a perilous voyage from England to the other side of the world to establish a British penal colony He lusts after fiery Irish convict Moira O Keeffe and surprises himself when he falls in love with her Together they nearly starve in Sydney Cove while learning to farm the harsh land and deal with the Aborigines whose lot is disease and unequal warfare Armstrong descendants deny their convict heritage and oppose the Chinese who come for the gold rush Three Fong brothers suffer violence and despair as they fight to forge a place for themselves Duncan Armstrong

rich and powerful helps pass the White Australia Policy in 1901 to keep out the Chinese while his cousin Eleanor works for women s suffrage and a fair go for the Aborigines Impeccably researched this gripping dramatization of the true history of Sydney Australia is drawn from the writings of Australian leaders soldiers explorers and settlers Richards has mined Australian history for its action adventure and applied his incomparable storytelling skills for a powerful fast paced read The sequel novel A GIFT OF SYDNEY available in late 2013 will continue the story of the Armstrongs and Fongs and add the Hudson Aboriginal family ending with the Summer Olympic Games held in Sydney in the year 2000
