*To All The World Must Die* Paul Hemenway Altrocchi, MD, 2014-08-21 Few are aware that the actual identity of William Shakespeare a pen name represents our greatest cultural mystery Even fewer realize that Will Shakspeare of Stratford on Avon was an uneducated businessman who never owned a book knew no foreign languages never traveled and never wrote a word of poetry or prose Shakspeare was a front for a complete fraud perpetrated by England s leading politician Robert Cecil for reasons of power and greed The

astounding strength of Conventional Wisdom has kept the ruse going for 400 years perpetrated by professors of English who blinded by traditional dogma refuse to accept the remarkable and growing body of evidence in favor of Edward de Vere Volume 8 of the Anthology Series Building the Case for Edward de Vere As Shakespeare documents the quickening pace of Oxfordian discoveries in the late 1990s and early 2000s These present massive problems for professors of English to combat in a convincing manner Supreme Court Justice John Paul Stevens 1991 For present purposes I shall confine my analysis to the Sherlock Holmes principle that sometimes the fact that a watchdog did not bark may provide a significant clue about the identity of a murderous intruder This concern directs our attention to three items of the Shakespeare authorship controversy First it is of interest that there is no mention of any library or of any books at all in his will and no evidence that his house in Stratford ever contained a library Second his son in law s detailed medical journals contain no mention of the doctor s illustrious father in law Finally is the fact that is most puzzling to me the seven year period of silence that followed Shakespeare s Shakspeare s death in 1616 Until the First Folio was published in 1623 there seems to have been no public comment in any part of England on the passing of the greatest literary genius in the country s history It does seem odd that not even a cocker spaniel or a dachshund made any noise at all when he passed from the scene

Performing Early Modern Trauma from Shakespeare to Milton Thomas Page Anderson, 2006. An examination of political and cultural acts of commemoration, this study addresses the connection of representation of violence in literary works to historical traumas such as royal death, secularization, and regicide. Incorporating contemporary theories of trauma, Thomas Anderson here analyzes works by Shakespeare, Marlowe, Webster, Marvell, and Milton. By interrogating the difficulty in representing historical crises in poetry, drama, and political prose, Anderson demonstrates how early modern English identity is the fragile product of an ambivalent desire to flee history. *The Weekly Reporter*, 1863.
