comprehends what the craven act of denying his love is costing both him and Therese and feels compelled to rectify his fault. He wants for them what all Therese's married cousins enjoy: the rich and myriad benefits of marriages based on acknowledged mutual love. Love he's discovered is too powerful a force to deny, leaving him wrestling with the conundrum of finding a way to convincingly reveal to Therese that he loves her without wrecking everything, especially the mutual trust they've built over the past five years.

A classic historical romance set amid the glittering world of the London haut ton. A Cynster Next Generation novel, a full-length historical romance of 110,000 words. Praise for *The Games Lovers Play*: A high society Regency era couple explores the genuine affection they share for one another against a sophisticated vintage backdrop. Unwaveringly eloquent, *Games Lovers Play* is as much a snapshot of a maturing marriage as it is an impassioned, provocative romance.
