Elvis Presley Otto Fuchs,2023-03-31 Elvis Presley was born on January 8th 1935 in a shack in Tupelo Mississippi Though he was born a twin his brother who had been named Jess Garon was tragically stillborn Elvis died on August 16th 1977 at the age of just 42 in his Graceland mansion His death marked something significant in the collective mind like the assassinations of John F Kennedy Robert Kennedy or Martin

Luther King Conspiracy theories took off about the circumstances surrounding his death Was Elvis murdered by the mob Was his death faked Did Elvis commit suicide Is he still alive This book sheds new light on many of these questions while also celebrating his music and legacy Elvis Presley played a central and vital role in the development of Rockabilly music drawing as he did on a vast range of styles from the Gospel music of his southern youth to the country music of the Midwest This book is dedicated to Elvis the artist the human being and The King *Let's Rock!* Richard Aquila, 2016-10-28 Rock roll was one of the most important cultural developments in post World War II America yet its origins are shrouded in myth and legend Let s Rock reclaims the lost history of rock roll Based on years of research as well as interviews with Bo Diddley Pat Boone and other rock roll pioneers the book offers new information and fresh perspectives about Elvis the rise of rock roll and 1950s America Rock roll is intertwined with the rise of a post World War II youth culture the emergence of African Americans in society the growth of consumer culture technological change the expansion of mass media and the rise of a Cold War culture that endorsed traditional values to guard against communism Richard Aquila s book demonstrates that early rock roll was not as rebellious as common wisdom has it The new sound reflected the conservatism and conformity of the 1950s as much as it did the era s conflict Rock roll supported centrist politics traditional values and mainstream attitudes toward race gender class and ethnicity The musical evidence proves that most teenagers of the 1950s were not that different from their parents and grandparents when it came to basic beliefs interests and pastimes Young and old alike were preoccupied by the same concerns tensions and insecurities Rock roll continues to permeate the fabric of modern life and understanding the music s origins reminds us of the common history we all share Music lovers who grew up during rock roll s early years as well as those who have come to it more recently will find Let s Rock an exciting historical and musical adventure *Restless Giant* Bar Biszick-Lockwood, 2010 Restless Giant is a fascinating account of the life and times of Jean Aberbach the elusive music publishing legend who with his brother Julian built one of music history s most powerful popular music publishing companies Hill and Range Songs During the 1940s and 1950s music publishers rather than artists and record companies controlled the American hit making machine Using corporate records Aberbach s daybooks and extensive interviews with top performers and songwriters Biszick Lockwood weaves an adventure story that demystifies this occupation showing how Aberbach s keen insights behind the scenes manipulations and bold business moves fundamentally changed the music industry and nurtured the careers of some of America s biggest popular performers and songwriters The Austrian born Aberbach brothers overtook their American competitors capturing entire genres of music to build a privately owned international empire of song while at the same time affording songwriters unmatched control over their work This business model resulted in more than three hundred chart hits and the first ever song royalties being paid to songwriters and performers including Bill Monroe and the Sons of the Pioneers Biszick Lockwood also brings new intriguing material to the story of Elvis Presley who shared ownership with the Aberbachs in two music publishing companies throughout his entire career **Elvis Presley** Patsy G.

Hammontree,1985-10-24 Meant to be a field guide for further research it pitches to the most erudite echelons of Elvis fandom without going over the heads of the masses It is also easily the coolest most reasonable book about the Kink yet
Booklist *The Guinness Encyclopedia of Popular Music: Tillotson, Johnny to Z.Z. Top* Colin Larkin,1992
