Emancipation Of A Freethinker:

The Emancipation of a Freethinker Herbert E. Cory, 1943 **The Freethinker**, 1918 **Spanish Female Writers and the Freethinking Press, 1879-1926** Christine Arkininstall, 2014-03-21 Christine Arkininstall's historical and literary study of female freethinking intellectuals in fin de siècle Spain examines the contributions of three intellectuals Amalia Domingo Soler Angeles Lopez de Ayala and Belén Serraga to the development of feminist consciousness and democracy These women wrote for edited and published radical and feminist periodicals that until now have been left unstudied This significant gap in the scholarship has left us without an accurate sense of Spanish women's involvement in the public realm **Spanish Female Writers and the Freethinking Press 1879-1926** recovers the lost history and literary contributions these women made to the so called Generation of 1898 Using their extensive published works Arkininstall not only illuminates the lives of Domingo Soler Lopez de Ayala and Serraga but traces the connections between feminism freethinking republicanism freemasonry anarchism and socialism By placing these women's work in the broader literary social and political context of the period Arkininstall's study makes a major contribution to our understanding of the central role of women in late nineteenth and early twentieth century democracy in Spain The Freethinker's Text-book Charles Bradlaugh, Annie Besant, Charles Watts, 1876 The Freethinker's Magazine and Review of Theology, Politics, and Literature, 1851 The Freethinker's Text-book Charles Watts, 1877 **I've Been Freethinking** Peter Richards, 2012-06-21 This collection of essays originally published as separate articles in the celebrated secular monthly journal *The Freethinker* reflects the humanistic views and skeptical outlook of its atheist author **Essays on Freethinking and Plainspeaking** Leslie Stephen, 1873 A Compendious German and English Dictionary William Dwight Whitney, 1901 **Freethinking** Simon McCarthy-Jones, 2023-10-05 For humanity to survive there must always be people performing the minute to minute miracle of thought Excellent and beyond timely A C Grayling Scientific advances and new technologies are letting others manipulate our minds more easily than ever before Now those tasked with protecting our minds are finally preparing to fight back As we speak the United Nations is seeking to pin down a concrete right to free thought and enshrine it in international law alongside life education and protest But what is thought And what makes it free And how can it best be protected Freethinking explores what an effective right to freedom of thought would look like and asks how we might build a culture of free thought and whether that's even what we want In an uncertain and rapidly evolving world Freethinking shows that there are solutions to the forces buffeting our minds **Free Thinker: Sex, Suffrage, and the Extraordinary Life of Helen Hamilton Gardener** Kimberly A. Hamlin, 2020-03-17 A story of transgression in the face of religious ideology a sexist scientific establishment and political resistance to securing women's right to vote When Ohio newspapers published the story of Alice Chenoweth's affair with a married man she changed her name to Helen Hamilton Gardener moved to New York and devoted her life to championing women's rights and decrying the sexual double standard She published seven books and countless essays hobnobbed with the most interesting

thinkers of her era and was celebrated for her audacious ideas and keen wit Opposed to piety temperance and conventional thinking Gardener eventually settled in Washington D C where her tireless work proved according to her colleague Maud Wood Park the most potent factor in the passage of the Nineteenth Amendment Free Thinker is the first biography of Helen Hamilton Gardener who died as the highest ranking woman in federal government and a national symbol of female citizenship Hamlin exposes the racism that underpinned the women s suffrage movement and the contradictions of Gardener s politics Her life sheds new light on why it was not until the passage of the 1965 Voting Rights Act that the Nineteenth Amendment became a reality for all women Celebrated in her own time but lost to history in ours Gardener was hailed as the Harriet Beecher Stowe of Fallen Women Free Thinker is the story of a woman whose struggles both personal and political resound in today s fight for gender and sexual equity

The Freethinking Christians' Quarterly Register ,1825 American Freethinker Kirsten Fischer,2020-11-20 The first comprehensive biography of Elihu Palmer who was at the heart of the early United States protracted contest over religious freedom and free speech When the United States was new a lapsed minister named Elihu Palmer shared with his fellow Americans the radical idea that virtue required no religious foundation A better source for morality he said could be found in the natural world the interconnected web of life that inspired compassion for all living things Religions that deny these universal connections should be discarded he insisted For this his Christian critics denounced him as a heretic whose ideas endangered the country Although his publications and speaking tours made him one of the most infamous American freethinkers in his day Elihu Palmer has been largely forgotten No cache of his personal papers exists and his book has been long out of print Yet his story merits telling Kirsten Fischer argues and not only for the dramatic account of a man who lost his eyesight before the age of thirty and still became a book author newspaper editor and itinerant public speaker Even more intriguing is his encounter with a cosmology that envisioned the universe as interconnected alive with sensation and everywhere infused with a divine life force Palmer s heresy tested the nation s recently proclaimed commitment to freedom of religion and of speech In this he was not alone Fischer reveals that Palmer engaged in person and in print with an array of freethinkers some famous others now obscure The flourishing of diverse religious opinion struck some of his contemporaries as foundational to a healthy democracy while others believed that only a strong Christian faith could support democratic self governance This first comprehensive biography of Palmer draws on extensive archival research to tell the life story of a freethinker who was at the heart of the new nation s protracted contest over religious freedom and free speech a debate that continues to resonate today

dead issue has been revised due to the conflict between Israel and the Palestinians Maccoby traces the now topical discussion of the origins of Anti-Semitism and especially its development in the modern world The key questions that are addressed include How is it that this medieval prejudice proved so lasting and potent Are the roots of anti-Semitism religious If so how do these roots differ in Christianity and Islam By what means did it bridge the gap between medievalism and Enlightenment How was it that many of the most respected Enlightenment figures such as Voltaire dedicated as they were to tolerance and pluralism retained a virulent anti-Semitism These questions and many more are dealt with as Maccoby explores the roots of the anti-Semitism tracing it from its origins and shows how it has changed in accordance with the shifting ideas of the modern world but without changing in its essence Antisemitism and Modernity is essential reading for those with interests in the development of anti-Semitism its manifestation in the current world and its future **Pamphlets**

Alexander, 2019-09-16 Is modern racism a product of secularisation and the decline of Christian universalism The debate has raged for decades but up to now the actual racial views of historical atheists and freethinkers have never been subjected to a systematic analysis *Race in a Godless World* sets out to correct the oversight It centres on Britain and the United States in the second half of the nineteenth century a time when popular atheist movements were emerging and scepticism about the truth of Christianity was becoming widespread Covering racial and evolutionary science imperialism slavery and racial prejudice in theory and practice it provides a much needed account of the complex and sometimes contradictory ideas espoused by the transatlantic community of atheists and freethinkers It also reflects on the social dimension of irreligiousness exploring how working class atheists experiences of exclusion could make them sympathetic to other marginalised groups
