Embodying Morality:

Embodying Morality Helle Rydstrom, 2003-07-31 One of the first anthropological studies based on extensive fieldwork in Vietnam in decades Embodying Morality examines child rearing in a rural Red River delta commune It is a sophisticated and intriguing exploration of the ways in which a family system based on principles of male descent influences the moral upbringing and learning of girls and boys In Vietnamese culture boys alone perpetuate the patrilineal family line they incorporate the past present and future morality honor and reputation of their father s lineage Within this patrilineal universe girls are viewed as blank sheets of paper and must compensate for this deficiency by embodying tinh cam sensitivity sense Such attitudes play a significant role in the upbringing of girls and boys and in how they learn to use and understand their bodies Helle Rydstrom offers fresh data from audiotapes videotapes textbooks observations in the home and at school for identifying the transformation of local and educational constructions of females males and morality into body styles of girls boys women and men She highlights the extent to which body performances in daily life produce reproduce and challenge widespread northern Vietnamese ideals of femininity and masculinity The author s highly original application of post structuralist theory to Vietnam blends epistemology practice body and socialization theories with feminist analysis and relates these to children s learning By proposing the body as an analytic category that can move feminist theory beyond the impasse of the well established opposition between sex and gender Embodying Morality demonstrates vividly how specific cultural elaborations of corporeality are learned lived and experienced in contemporary rural Vietnam

Embodying Morality Helle Rydstrom, 2003-07-31 One of the first anthropological studies based on extensive fieldwork in Vietnam in decades Embodying Morality examines child rearing in a rural Red River delta commune It is a sophisticated and intriguing exploration of the ways in which a family system based on principles of male descent influences the moral upbringing and learning of girls and boys In Vietnamese culture boys alone perpetuate the patrilineal family line they incorporate the past present and future morality honor and reputation of their father s lineage Within this patrilineal universe girls are viewed as blank sheets of paper and must compensate for this deficiency by embodying tinh cam sensitivity sense Such attitudes play a significant role in the upbringing of girls and boys and in how they learn to use and understand their bodies Helle Rydstrom offers fresh data from audiotapes videotapes textbooks observations in the home and at school for identifying the transformation of local and educational constructions of females males and morality into body styles of girls boys women and men She highlights the extent to which body performances in daily life produce reproduce and challenge widespread northern Vietnamese ideals of femininity and masculinity The author s highly original application of post structuralist theory to Vietnam blends epistemology practice body and socialization theories with feminist analysis and relates these to children s learning By proposing the body as an analytic category that can move feminist theory beyond the impasse of the well established opposition between sex and gender Embodying Morality demonstrates vividly how specific cultural elaborations

of corporeality are learned lived and experienced in contemporary rural Vietnam *Embodied Morality* Darcia Narvaez, 2016-05-25 In this book the broad interdisciplinary theory of Triune Ethics Meta theory is explored to demonstrate how it explains the different patterns of morality seen in the world today It describes how human morality develops dynamically from experience in early life and it proposes that the methods in which humans are raised bring about tendencies towards self protective or open hearted social relations When the life course follows evolutionary systems then prosocial open hearted capacities develop but when the life course goes against evolutionary systems it should not be a surprise that self focused values and behaviors develop such as violent tribalism self aggrandizement and a binary orientation to others dominance or submission Many humans alive today exhibit impaired capacities in comparison to humans from small band hunter gatherer societies the type of society that represents 99% of humanity s history TEM is rooted in ethical naturalism and points out how to optimize human moral development through the lifespan toward the ethics of engagement and communal imagination *Embodied Moral Psychology and Confucian Philosophy* Bongrae Seok, 2013-01-01 The body is not a physical reservoir or temporary means of cognitive processes but the part and parcel of our cognitive and moral life Confucian philosophy provides insightful discussions and examples of how the body serves the moral mind not only causally but also constitutionally **Michal's Moral Dilemma** Jonathan Y. Rowe, 2011-06-21 Michal s Moral Dilemma proposes that attention should be paid to the moral goods that feature in the text before arguing that the family a central feature of Old Testament morality should be understood as a set of practices rather than an institution Jonathan Rowe discusses the use of models of social action to comprehend the social world of the Bible and suggests a modified version of Bakhtin s theory of heteroglossic voices can help readers appreciate how authors present a moral vision by approving some characters actions whilst undermining others The discussion of Michal s moral dilemma adduces anthropological theories and ethnographic data concerning violence lying and the relationship between fathers and daughters Given that the conflicts of moral goods are resolved by characters choosing to act in a certain way Rowe enquires after the author s assessment of each character s moral choices arguing that Michal s loyalty to David and deception of Saul was counter cultural By approving of her choice the author affirms the importance of loyalty to the Davidic dynasty *The Moral Dimensions of Intellectual Property Rights* Steven Ang, 2013-12-27 In a globalized world with globalizing IPRs where culturally assumed norms must be re examined this work has an urgent and important contribution to make Taking the main features of internationally mandated IPRs as a starting point it explores the mo *Ethics for Peacebuilders* Reina C. Neufeldt, 2016-08-09 This book provides guidance for structuring ethical reflection as well as analytical tools to get to the heart of issues quickly It is designed to help practitioners engage ethically in applied peacebuilding and conflict transformation and to help students aspiring to be peacebuilders think about ethics It discusses ethics and morality significant barriers to ethical deliberations in applied work moral theories creative problem solving for situations when moral

values conflict and the need for healthy ethical organizations Throughout concrete examples scenarios and discussion questions help draw out key issues to improve peacebuilding practices Detailed case studies include peacebuilding initiatives in East Timor Afghanistan Sierra Leone and more Written by an experienced practitioner the book will help identify and analyze ethical problems and resolve moral value conflicts to create healthy practices It will provide valuable guidance for thinking ethically about peacebuilding work and handling the specific dilemmas related to it

Embodied Humanism Jeff Noonan, 2022-08-16 There are many answers to the question of why life is worth living but they all presuppose that good lives are sensuously enjoyable Time seems to stand still in the moment when we enjoy food and drink peaceful laughing relationships with friends or lay quietly allowing the beauty of nature and human creations to unfold before us Embodied Humanism Toward Solidarity and Sensuous Enjoyment explores ways that enjoyment is also political The history of political struggle is a history of fighting back against silencing hunger and violent domination but also fighting for social peace need satisfaction voice and democratic power Tracing the values of embodied humanism across history and across cultures and identities the book finds a more comprehensive universal humanist ethic around which old and emerging struggles can be unified Ultimately Jeff Noonan argues these struggles can be directed towards creating institutional structure and individual dispositions that will secure the social conditions in which our capacities for receptive openness and delight are satisfied for each and all

Secrets and Leaks Rahul Sagar, 2016-05-10 Secrets and Leaks examines the complex relationships among executive power national security and secrecy State secrecy is vital for national security but it can also be used to conceal wrongdoing How then can we ensure that this power is used responsibly Typically the onus is put on lawmakers and judges who are expected to oversee the executive Yet because these actors lack access to the relevant information and the ability to determine the harm likely to be caused by its disclosure they often defer to the executive's claims about the need for secrecy As a result potential abuses are more often exposed by unauthorized disclosures published in the press But should such disclosures which violate the law be condoned Drawing on several cases Rahul Sagar argues that though whistleblowing can be morally justified the fear of retaliation usually prompts officials to act anonymously that is to leak information As a result it becomes difficult for the public to discern when an unauthorized disclosure is intended to further partisan interests Because such disclosures are the only credible means of checking the executive Sagar writes they must be tolerated and at times even celebrated However the public should treat such disclosures skeptically and subject irresponsible journalism to concerted criticism

Who Guards the Guardians - Secrecy in Government Rahul Sagar, 2013-10-13 Secrets and Leaks examines the complex relationships among executive power national security and secrecy State secrecy is vital for national security but it can also be used to conceal wrongdoing How then can we ensure that this power is used responsibly Typically the onus is put on lawmakers and judges who are expected to oversee the executive Yet because these actors lack access to the relevant information and the ability to determine the harm likely to be caused by its disclosure they often defer to the

executive's claims about the need for secrecy. As a result, potential abuses are more often exposed by unauthorized disclosures published in the press. But should such disclosures, which violate the law, be condoned? Drawing on several cases, Rahul Sagar argues that though whistleblowing can be morally justified, the fear of retaliation usually prompts officials to act anonymously, that is, to leak information. As a result, it becomes difficult for the public to discern when an unauthorized disclosure is intended to further partisan interests. Because such disclosures are the only credible means of checking the executive, Sagar writes, they must be tolerated. However, the public should treat such disclosures skeptically and subject irresponsible journalism to concerted criticism.

Introduction to Propriety Economics Zhaohui HONG, 2024-03-28 In ancient times, scholars such as Confucius and Aristotle expounded on the virtue of the middle way or intermediate, an ideal point of moderation or balance between the extremes of human behavior. Adam Smith, widely considered the father of modern economics, as we know, it also encouraged propriety in his first work, *The Theory of Moral Sentiments*. Since then, different schools of economics have continued to incorporate the idea of propriety into their theories, for example, in such concepts as equilibrium and bounded rationality, though few economists have defined it explicitly. In light of growing uncertainty and polarization around the world, propriety economics offers alternative solutions for markets, governments, and everyday citizens. This book embarks on a thorough review of Eastern and Western philosophies of propriety over the past 2,500 years, followed by an investigation of the ideas of propriety found in five key schools of economics: classical, neoclassical, institutional, behavioral, and cultural economics. The author then outlines the core principles and recommended practices for the study and implementation of propriety economics in the future. With its unique mixture of theory, literature reviews, methods, and case studies, this book will be useful not only to economic scholars but also to historians, policy makers, and any reader with an interest in making the economy work better for the benefit of all humankind.

Embodied Care Maurice Hamington, 2010-10-01 Until now, ethicists have said little about the body, limiting their comments on it to remarks made in passing or at best devoting a chapter to the subject. *Embodied Care* is the first work to argue for the body's centrality to care ethics, doing so by analyzing our corporeality at the phenomenological level. It develops the idea that our bodies are central to our morality, paying particular attention to the ways we come to care for one another. Hamington argues that human bodies are built to care; as a result, embodiment must be recognized as a central factor in moral consideration. He takes the reader on an exciting journey from modern care ethics to Merleau-Ponty's philosophy of the body and then to Jane Addams's social activism and philosophy. The ideas in *Embodied Care* do not lead to yet another competing theory of morality; rather, they progress through theory and case studies to suggest that no theory of morality can be complete without a full consideration of the body.

The Ethics of Evolution James Thompson Bixby, 1900

Examining Ethics and Intercultural Interactions in International Relations Topor, F. Sigmund, 2020-01-03 The need for intercultural communication and understanding has never been greater. The unstoppable confluence of technology continues to unsympathetically disrupt, distort, and exert

consequential changes to nation states and to the breadth depth and scope of sociocultural institutions Such changes have foregrounded the need to understand and relate to the diverse ethical underpinnings that account for distinctive cultural norms where global or universal collaborations are desired Success in the convergence of cultures in a globalized world would be impossible in the absence of a standardized terms of reference which guarantees international understanding and facilitates peace and progress the world over Examining Ethics and Intercultural Interactions in International Relations is an integral scholarly publication that facilitates international collaboration through intercultural communication and exchange of data ideas and information on a broad range of topics including ethics in academics business medicine government and leadership The overarching object of this book is the improvement of a peaceful harmonious and just world for all its inhabitants such that further progress in all endeavors is assured Highlighting a wide range of topics such as business ethics early childhood education and sociology this book is essential for academicians policymakers professionals educational administrators researchers and students as well as those working in fields where ethics and human relationships are required such as education public and private administration or management medicine sociology and religion *Early Modernization of Chinese Education* Zhengping Tian,2025-08-13 This book offers readers a comprehensive overview of the Chinese educational modernization process during which thousands of Chinese students studied overseas to find solutions for the reform of feudal education The led to significant educational modernization between 1860 and 1940 Five topics are covered the reasons Chinese students studied overseas the three vital transmissions of the overseas study trend during these 80 years returning students and the establishment and development of modern Chinese education science overseas students and Chinese modern educational reform and returning students and the establishment and development of the modern Chinese higher education system The book is of interest to high school students undergraduates and graduates in the fields of Chinese modern history and culture Chinese educational modernization and modern Chinese education reform

Embodied Activisms Lara Martin Lengel,Victoria A. Newsom,2022-02-09 Embodied Activisms explores how activists use their bodies to resist social norms engage with institutions and promote change This book spans historical perspectives current contexts and the most current scholarly literature to interrogate how embodied activisms are read performed understood and actualized The studies in this volume address current critical issues such as police accountability activism the climate crisis environmental concerns and protests of Supreme Court confirmation hearings Chapters analyze a wide range of nonviolent mobilization tactics including silent protests embodied witnessing leisure spectacle demonstrations performance art and other forms of creative practice and rallies Analyses engage with aspects of intersectionality in activism and critique diverse modes of embodied resistance in locations including East Central Europe the Americas and the Mediterranean region *Architecture, Materiality and Society* Anna-Lisa Müller,W. Reichmann,2015-05-27 This book examines the extent to which the insights of STS can be used to analyse the role of architecture in and for social life The

contributions examine the question of whether architecture and thus materiality as a whole has agency The book also proposes a theoretical and methodological approach on how to research architecture s agency *Hate and Bias Crime* Barbara Perry,2012-11-12 Covering everything from hate groups and extremist exploits to Black church arsons and the fall out violence from 9 11 this is an important collection that sheds much needed light on this growing problem *Shakespeare and Moral Agency* Michael D. Bristol,2009-12-10 Shakespeare and Moral Agency presents a collection of new essays by literary scholars and philosophers considering character and action in Shakespeare s plays as heuristic models for the exploration of some salient problems in the field of moral inquiry Together they offer a unified presentation of an emerging orientation in Shakespeare studies drawing on recent work in ethics philosophy of mind and analytic aesthetics to construct a powerful framework for the critical analysis of Shakespeare s works Contributors suggest new possibilities for the interpretation of Shakespearean drama by engaging with the rich body of contemporary work in the field of moral philosophy offering significant insights for literary criticism for pedagogy and also for theatrical performance **The Decline of Juridical Reason** Nigel E. Simmonds,1984
