## **Eyesores Stories:**

Eyesores Eric Shade, 2012-10-15 These eleven interrelated stories follow strands of hope and nostalgia that bind together or fence off the people of Windfall. Eric Shade's fictional western Pennsylvania community is a place we all know: a town bypassed by the interstate, its rail line clogged with coal cars that haven't moved an inch in years. The men of Windfall still vie on the time-honored fields of contest from bars to bedrooms to football fields, but none is sure any longer what is won or lost. Few certainties linger: the jobs are going fast and the best women are already taken. In the title story, a group of unskilled laborers rerun memories of youth as they race against the dark to demolish the town's drive-in theater. A chain restaurant will take its place. Naomi dumps Dwight at the altar in *Hoops*. Wires and Plugs but then Dwight fritters away the shamed agitation that could have propelled him beyond Windfall's stunting gravitational pull. In the final story, *Souvenirs*, small-time hoods Paxson and Gus do what so many in Windfall can't get out of town. They're off to Pittsburgh and a contract killing they hope will kick off a more rewarding life of crime. In hands less able than Eric Shade's, Windfall's men would be caricatures, screw-ups with all too easy access to the makings of tragedy: pills, booze, fast cars, guns, chain saws. Instead, their stories give us new ways to ponder change and its consequences. Windfall stakes out a gritty quarter of the literary map shared by

Sherwood Anderson's *Winesburg* and Thornton Wilder's *Grover's Corners*. **Eyesores** Eric Shade, 2003-03-03 Eleven interwoven stories take readers into the heart of a fictional western Pennsylvania town where unskilled laborers, restaurant workers, and small-time thieves seek dignity and self-identification. Winner of the Flannery O'Connor Award for Short Fiction. **Story Collections** **Short Story Index**, 2004 **The Drive-In** Guy Barefoot, 2023-11-16 *The Drive-In* meaningfully contributes to the complex picture of outdoor cinema that has been central to American culture and to a history of US cinema based on diverse viewing experiences rather than a select number of films. Drive-in cinemas flourished in 1950s America in some summer weeks to the extent that there were more cinemagoers outdoors than indoors. Often associated with teenagers interested in the drive-in as a passion pit or a venue for exploitation films, accounts of the 1950s American drive-in tend to emphasise their popularity with families with young children, downplaying the importance of a film programme apparently limited to old, low-budget or independent films and characterising drive-in operators as industry outsiders. They retain a hold on the popular imagination. *The Drive-In* identifies the mix of generations in the drive-in audience as well as accounts that articulate individual experiences from the drive-in as a dating venue to a segregated space. Through detailed analysis of the film industry, trade press, local newspapers, and a range of other primary sources including archival records on cinemas and cinema circuits in Arkansas, California, New York State, and Texas, this book examines how drive-ins were integrated into local communities and the film industry and reveals the importance and range of drive-in programmes that were often close to that of their indoor neighbours. Our ideas about ancient Athens are constructed very largely from the writings of Athenian authors Relatively rare are our sources for how others whether Greeks Asiatics or Romans saw Athens from the outside Yet we can see that not only did many across the Mediterranean world resist the political power of Athens in countless wars over several centuries but that there existed an intriguing variety of anti Athenian ideologies The 12 new studies in this volume by a distinguished international cast trace negative thinking about Athens from the late archaic period to Roman times They challenge the easy modern supposition that Athens was generally seen as the cultural emblem of Greece and cast light on the thinking of ancient peoples who nowadays tend to exist in Athens shadow An American Dictionary of the English
