Gregori, 2015-02-06 The book aims at presenting a method of social analysis using a new paradigm systemic and triadic exemplified by analyzing the Jewish history due to its originality and importance in History It ends up with a Manifesto for a new supranational world government to replace the United Nations Organization which has proven to be unable to promote keep peace in the world *Intolerance* Robert E. Tully, Bruce Chilton, 2017-07-14 Aristotle accurately characterized humans as political animals Whether through birth or from choice people naturally cluster into groups for protection advancement and the pursuit of well being But Aristotle's description does not hint at the powerful binary tension within this human tendency Leaders enhance a social group's sense of identity by appealing to the members' commitments and shared traditions to their hopes strengths sacrifices and fears Often however they cultivate not only an awareness of difference but even a sense of superiority since for every social group there are those outside the them Maintaining a group's solidarity can too easily lead to the righteousness of intolerance towards those who are excluded The reinforcement of group identity in this way runs so deep in human nature that holding up a mirror to ourselves inevitably reveals a split image the people we want to see and the people we're glad we're not Intolerance Political Animals and Their Prey presents stark examples of how the us have treated the them The papers in this volume hold up various unflattering mirrors of intolerance from the areas of History Law Philosophy Political Science and Religion The authors of these scholarly studies do not condemn Rather their

Love, Bill Jan Krulick-Belin,2016-05-23 There s a bit of everyone s family in this moving and heartwarming journey I know that Janet has been hungering to write this story her whole life and I m happy to report she done good Paul Reiser Actor Author and Comedian Seemingly ordinary yet eloquent love letters sent to a GI s future wife during wartime proved to be a never imagined godsend for their yet to be born daughter Not only did they lead Jan on a quest to bond with the father she lost at a young age but they offer us a deeper insight into every soldier s struggle amidst the chaos of war to hold on to his dream of returning to the life and loves he left behind It s a story that captured my heart a marvelous work Captain Louis Matjasko USN Retired Executive Director Circle of Change Veterans Dog Program Identity and memory are the universal themes that bind human experience and fuel the quest to understand the past from a very personal perspective Being able to touch actual artifacts that are precious family heirlooms gives meaning to our very existence as daughters and sons as witnesses to history and as human beings They give us unexpected road maps that reveal not just the greater geographical world around us but the hidden chambers within our own hearts A box of letters inspired Krulick Belin to bravely embark upon this journey of longing Using her keen curatorial eye and art historian s sleuthing abilities she discovered the father she barely knew and in turn her own place in the world We are privileged to travel alongside her on this odyssey she so generously shares Marissa Roth Pulitzer Prize winning Photojournalist Documentary Photographer One Person Crying Women and War and Writer Krulick Belin does an impressive job of placing her father s experiences in North Africa a theatre of WWII that is little known or understood in historical perspective In addition she helps shine a spotlight on her father s Jewish identity as a U S soldier

serving in North Africa and the Mediterranean his contacts with the local Jewish populations and his desire to enlist in the struggle against Nazi Germany despite his age An interesting work about a daughter s discovery of both her father as well as her own heritage Lawrence Bell Executive Director Arizona Jewish Historical Society Jan researched the history culture and religions of North Africa while looking through a very personal lens to rediscover her father She tells a compelling story particularly for those interested in the North African campaign of World War II and those interested in the Moroccan Jewish community Robert J Silverman U S Director of Muslim Jewish Relations American Jewish Committee Former Senior Foreign Service Officer U S Department of State Witnessing Kelly Oliver,2001-01-01 Challenging the fundamental tenet of the multicultural movement that social struggles turning upon race gender and sexuality are struggles for recognition this work offers a powerful critique of current conceptions of identity and subjectivity based on Hegelian notions of recognition The author s critical engagement with major texts of contemporary philosophy prepares the way for a highly original conception of ethics based on witnessing Central to this project is Oliver s contention that the demand for recognition is a symptom of the pathology of oppression that perpetuates subject object and same different hierarchies While theorists across the disciplines of the humanities and social sciences focus their research on multiculturalism around the struggle for recognition Oliver argues that the actual texts and survivors accounts from the aftermath of the Holocaust and slavery are testimonials to a pathos that is beyond recognition Oliver traces many of the problems with the recognition model of subjective identity to a particular notion of vision presupposed in theories of recognition and misrecognition Contesting the idea of an objectifying gaze she reformulates vision as a loving look that facilitates connection rather than necessitates alienation As an alternative Oliver develops a theory of witnessing subjectivity She suggests that the notion of witnessing with its double meaning as either eyewitness or bearing witness to the unseen is more promising than recognition for describing the onset and sustenance of subjectivity Subjectivity is born out of and sustained by the process of witnessing the possibility of address and response which puts ethical obligations at its heart A Prologue to Studies in the Fourth Gospel Riku P. Tuppurainen,2021-05-25 The Fourth Gospel both blesses and betrays It blesses readers who engage with its message but it may betray those who read it nonchalantly The notion that the Fourth Gospel is easy to understand is an enduring myth This volume takes readers on a heuristic journey to discover the Fourth Gospel s unique theological aspects problematic historical matters inimitable literary features and various interpretive approaches using an accessible format and easy to read language The purpose of this publication is to enable readers to appreciate the Fourth Gospel s wide horizon so necessary to understand its narratives in their historical and narrative contexts Like the prologue of the Fourth Gospel that introduces and gives perspective on how readers should approach the rest of the Gospel similarly this volume introduces and gives perspective to studies in the Fourth Gospel The text is divided into three parts which examine its independent theology and argumentation various outstanding issues and its interpretation respectively This volume is suitable for a wide readership
