Mystery Play in Madame Bovary Moeurs de Province Peter Séraphin Rogers,2009 Drawing upon Flaubert s fictional works travel writings correspondence and notes on his reading of the Bible and interest in iconography Rogers traces the presence of a liturgical drama a mystery play in a text known as iconic of the realist novel Showing how Flaubert s use of religious tales topoi and imagery extends beyond his retelling of saints lives in the Tentation de Saint Antoine and the Trois contes this study elucidates the biblical and devotional subcurrent in the story of Emma Bovary Biblical episodes religious emblems and discussions of Catholic dogma link the adulterous heroine to the Virgin Mary who emerges in the course of this subtle reading as the other heroine of the scandalous story The 19th century impulse to censor is embodied within the novel by two characters representing the secular and religious poles The free thinking pharmacist Homais and the parish priest concur only on the dangers of reading the Bible When the novel itself was brought to trial for attacking religion Flaubert s prosecutor and defense lawyer overlooked this condemnation of scripture This study invites readers to pay close attention to the religious texts and traditions discussed and restaged in Madame Bovary to gain a new awareness of the narrow bond between theatre and religion in Flaubert s provinces *The Intertextuality between Julian Barnes's "Flaubert's Parrot" and*

Gustave Flaubert's Works and Written Remains Lisa Hyna,2018-10-08 Bachelor Thesis from the year 2013 in the subject English Language and Literature Studies Literature grade 2 7 LMU Munich language English abstract The English writer Julian Barnes has developed an experimental style during his writing career which spans twenty two novels as well as numerous essays and short stories His novel Flaubert s Parrot which was his third published book in 1984 marked an

important milestone in his career and shaped his image as an outstandingly talented writer who is fearless of unconventional writing In the year 2005 Julian Barnes wrote an article in honor of the twentieth anniversary of the book called When Flaubert took wing for the Guardian In that article he described how the idea for the novel came to his mind when he experienced finding two different parrots in Flaubert's hometown which both claimed to be the original parrot Flaubert worked with The result was the Booker Prize short listed novel Flaubert's Parrot In the novel he merges a postmodern style within a biographical story that is profoundly thought provoking Neil Brooks described the novel in his comparison to The Good Soldier as part novel and part criticism of both modern and postmodern theories of textuality Meanwhile Barnes presents his impressively extensive research on Gustave Flaubert and incorporates his knowledge into the text in a very entertaining way Due to its experimental style and unconventional structure the book caused a controversial debate whether or not it is still accurate to call it a novel The extensive sections that do not follow a coherent storyline and the excursions on literary critical topics complicated the book's classification and categorization into a specific genre However Barnes himself claimed that he considers his work as nothing else than a novel Therefore and due to the fact that different publishers decided to define it as novel as well this thesis will refer to Flaubert's Parrot as novel too After all literary studies deal with Flaubert's Parrot as a postmodern novel and it has often been categorized within the genre of fictional metabiography Scholars focused often on the two stories the book offers Namely the one story is the search for Flaubert's parrot and the other one is about the main character's past Both stories are connected through intertextual references that are an interesting issue for literary critics In particular the intertextual devices in the novel were often subject for literary studies that aimed to interpret its deeper meaning Opera in the Novel from Balzac to Proust Cormac Newark, 2011-03-31 The turning point of Madame Bovary which Flaubert memorably set at the opera is only the most famous example of a surprisingly long tradition one common to a range of French literary styles and sub genres In the first book length study of that tradition to appear in English Cormac Newark examines representations of operatic performance from Balzac's La Com die humaine to Proust's la recherche du temps perdu by way of among others Dumas p re s Le Comte de Monte Cristo and Leroux's Le Fant me de l Op ra Attentive to textual and musical detail alike in the works the study also delves deep into their reception contexts The result is a compelling cultural historical account of changing ways of making sense of operatic experience from the 1820s to the 1920s and of a perennial writerly fascination with the recording of that experience

Christianity and Rabbinic Judaism Jonas E. Alexis, 2011-12-29 The simple step of a courageous individual is not to take part in the lie One word of truth outweighs the world Alexander Solzhenitsyn In this penetrating and provocative work Jonas E Alexis challenges common assumptions about the relationship between Christianity and Rabbinic Judaism and provides compelling evidence from history and theology that demonstrates the extent to which modern Judaism has been defined by the Pharisaic and Rabbinic schools of thought As Alexis meticulously documents there has been a constant struggle between Christianity and Rabbinic Judaism since the time of Christ a struggle that will define the destiny of the West Islam according to Christianity is a historically and theologically false religion since it denies both Jesus's deity and His work of salvation at the Cross But Rabbinic Judaism Alexis argues is equally false and in many respects more dangerous to Christianity and the West than Islam since at its root Rabbinic Judaism wages war against the Logos the system of order in the world embodied by Christ In this painstakingly scholarly yet readable work Alexis maintains that Rabbinic Judaism defined by the Pharisaic teachings now codified in the Talmud that Jesus sought to correct is a categorical and metaphysical rejection of Christianity a rejection that has had and will continue to have severe implications for Western culture intellectual history and theological exegesis
