Gustave Moreau Oder Das Unbehagen In Der Natur:

Gustave Moreau Peter Hahlbrock, Gustave Moreau, 1976 Studie over het werk van de Franse schilder Gustave Moreau 1826 1898 **The Gender of Death** Karl S. Guthke, 1999 Why is it that in some cultures and times literature folklore and art commonly represent death as a man in others as a woman Karl S Guthke shows that these choices which often contradict the grammatical gender of the word death in the language concerned are neither arbitrary nor accidental In earlier centuries the gender of the figure of death contributed to the interpretation of biblical narrative in particular whether the original sin was that of Adam or Eve and also reflected the importance of the classical figure of Thanatos More recently the gender of death as angel lover or bride whether terrifying or welcome has carried powerful psychological and social connotations Tracing the gender of representations of death in art and literature from medieval times to the present day Guthke offers astonishing new insights into the nature and perception of the Western self in its cultural intellectual and literary context

Art Books Wolfgang M. Freitag, 2013-10-28 First published in 1997 For this second edition of Art Books A Basic Bibliography of Monographs on Artists the vast number of new books published since 1985 was surveyed and evaluated This has resulted in the selection of 3 395 additional titles These selections reflective of the increase in the monographic literature on artists during the last ten years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities The selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted The second edition contains 278 names of artists not represented in the first edition **Orpheus in Nineteenth-century Symbolism** Dorothy M. Kosinski, 1989 Metamorphose. Vom Mythos zum Prozeßdenken Christa Lichtenstern, 2019-06-04 Keine ausführliche Beschreibung für Metamorphose Vom Mythos zum Prozeßdenken verfügbar Traveling in Place Bernd Stiegler, 2024-05-31 Armchair travel may seem like an oxymoron Doesn't travel require us to leave the house And yet anyone who has lost herself for hours in the descriptive pages of a novel or the absorbing images of a film knows the very real feeling of having explored and experienced a different place or time without ever leaving her seat No passport no currency no security screening required the luxury of armchair travel is accessible to us all In Traveling in Place Bernd Stiegler celebrates this convenient magical means of transport in all its many forms Organized into twenty one legs or short chapters Traveling in Place begins with a consideration of Xavier de Maistre's 1794 Voyage autour de ma chambre an account of the forty two day journey around his room Maistre undertook as a way to entertain himself while under house arrest Stiegler is fascinated by the notion of exploring the familiar as though it were completely new and strange He engages writers as diverse as Roussel Beckett Perec Robbe Grillet Cortázar Kierkegaard and Borges all of whom show how the everyday can be brilliantly transformed Like the best guidebooks Traveling in Place is more interested in the idea of travel as a state of mind than as a

physical activity and Stiegler reflects on the different ways that traveling at home have manifested themselves in the modern era from literature and film to the virtual possibilities of the Internet blogs and contemporary art Reminiscent of the pictorial meditations of Sebald but possessed of the intellectual playfulness of Calvino Traveling in Place offers an entertaining and creative Baedeker to journeying at home Gustave Moreau, Leben und Werk Hans H.
