## **Guts And Glorieta Gettysburg Of The West:**

Guts And Glorieta Bob Scott, 2005-08-01 Most people believe the Civil War was ultimately won at Gettysburg and that the entire war was fought east of the Mississippi History proves the latter to be wrong and suggests the former may be as well In fact there is mounting evidence that the outcome of the war may have been decided or at least heavily impacted by a bloody little campaign fought in the backwaters of civilization 2 000 miles from Gettysburg A small Confederate army led by a drunken career military man invaded New Mexico His goal was to capture gold fields in Colorado and California seaports along the Pacific coast and all the land in between an easy victory since no enemy army existed in the West to resist This was the Confederate grand scheme that could produce victory over the North The Rebel army would be met by an even smaller one ultimately commanded by a charismatic preacher and a tiny group of volunteers recruited in Colorado These two enemies would meet in a series of deadly but indecisive and mostly unreported battles along the Rockies Victory would come because one of the leaders got lost wandered around while most of his army was locked in combat miles away and finally literally stumbled on a way to destroy the enemy These battles were not reported by the press which was focused entirely on the East They were not even reported by the two governments one for strategic reasons and the other out of ignorance Yet from the perspective of nearly 150 years one might well say the war was decided at this Gettysburg of the West *The Battle of Glorieta Pass* Thomas S. Edrington, John Taylor, 2000-08 A highly readable account of this major turning point of the Civil War in the West The 10 Big Lies About America Michael Medved, 2009-10-13 It ain t so much the things we don t know that get us into trouble nineteenth century humorist Josh Billings remarked It s the things we know that just ain t so In this bold New York Times bestseller acclaimed author and talk radio host Michael Medved zeroes in on ten of the biggest fallacies that millions of Americans believe about our country in spite of incontrovertible evidence to the contrary The Big Lies exposed and dissected include America was founded on genocide against Native Americans The United States is uniquely guilty for the crime of slavery and built its wealth on stolen African labor Aggressive governmental programs offer the only remedy for economic downturns and poverty The Founders intended a secular not Christian nation Each of the ten lies is a grotesque propagandistic misrepresentation of the historical record Medved s witty well documented rebuttal supplies the ammunition necessary to fire back the next time somebody tries to recycle destructive distortions about our nation **Glory, Glory, Glorieta** Robert Scott, 1992 **Sand Creek and the Rhetoric of Extermination** David Svaldi, 1989-02-22 This book examines discourse concerned with the unique relationship between Native and White Americans The rhetoric which influenced events in 1864 at Sand Creek Colorado and which was generated by the resulting controversy is examined as a case study to provide generalizations regarding this interaction The major questions the author posed How did the ideas and images present in the rhetoric of Sand Creek function within the situation of Sand Creek and what do these ideas and images reveal about the relationship of Native and White Americans Contents include Parkman
