## Gynecologists Second Opinion:

**A Gynecologist's Second Opinion** William H. Parker, Rachel L. Parker, 2002-12-31 A sensitive authoritative and up to date guide to common gynecological problems and procedures answers questions about the diagnosis and treatment of fibroids ovarian cysts endometriosis pelvic pain and related problems *Ask Your Gynecologist* R. Scott Thornton, Kathleen Schramm, 2014-01-02 *Ask Your Gynecologist* was written for all of the women who cannot find the information they need to answer their questions about their bodies Drs Thornton and Schramm examine the most commonly asked questions and give valuable insight and advice about everything related to gynecology including pap smears the menstrual cycle family planning infections and disorders pregnancy and surgery Each chapter is divided into questions so readers can look up specific issues quickly Examples inspired by real women's situations are also included so readers can see that all of their questions are valid and worth asking Advice on how to choose a gynecologist when to make an appointment and how to ensure that daughters visit a doctor is also included as well as a full glossary and index *Sincerely, Your Gynecologist* Ngozi Osuagwu, MD, FACOG, 2022-11-01 With her trademark wit and straightforward communication Dr Osuagwu continues doling out medical advice using the letter form and addressing women's health conditions and issues in a method that was praised for its innovative approach in her earlier award winning book *Letters to My Sisters Plain Truths and Straightforward Advice from a Gynecologist* In this book each letter is paired with reference sources and statistics about the condition that is the subject of the letter *Beyond Second Opinions* Judith Steinberg Turiel, 2023-11-15 *Beyond Second Opinions* is both an exposé of the risks errors and distortions surrounding fertility medicine and an authoritative guide for people seeking treatment Accessible comprehensive and extremely well informed this book takes the reader beyond hype to the hard data on diagnoses and treatments Judith Steinberg Turiel a consumer health activist and herself a veteran of fertility treatments uses the most up to date medical literature to shed new light on difficult decisions patients face today and on reproductive questions society must begin to address now Those who are seeking a more balanced perspective to help them make better more informed decisions will find a wealth of information about current reproductive interventions from simple fertility pills to dazzling experimental options as well as a discussion of the non medical forces economic and political that shape an individual's treatment choices and reproductive outcomes Despite quantities of information showered upon patients they remain woefully misinformed some fertility treatments may actually reduce chances for a successful pregnancy and threaten a patient's health Turiel looks beyond surface claims to the real information often uncovering counterintuitive findings and sometimes scandalous revelations She exposes a realm of unregulated expansion unscientific experimentation and recent scandal over stolen embryos Weaving together first hand accounts compelling stories a range of scientific information and lively anecdotes Turiel addresses the persistent gulfs that separate medical professionals and health care consumers In the process she arms laypeople with what they might not learn about infertility practices from doctors patient education brochures and the

newspaper This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1998

**Evidence-based Obstetrics and Gynecology** Errol R. Norwitz,Carolyn M. Zelop,David A. Miller,David L. Keefe,2019-02-26 The most comprehensive evidence based guide to both obstetrics and gynecology Aimed at practicing obstetricians gynecologists and trainees in the specialty Evidence based Obstetrics and Gynecology concentrates on the clinical practice areas of diagnosis investigation and management The first section of the book discusses evidence based medicine methodology in the context of the two specialties The second and third sections cover all the major conditions in obstetrics and gynecology with each chapter reviewing the best available evidence for management of the particular condition The chapters are structured in line with EBM methodology meaning the cases generate the relevant clinical questions Evidence based Obstetrics and Gynecology provides in depth chapter coverage of abnormal vaginal bleeding ectopic pregnancy pelvic pain lower genital tract infections contraception and sterilization breast diseases urogynecology endocrinology and infertility puberty and precocious puberty cervical dysplasia and HPV cervical vaginal vulvar uterine and ovarian cancer preconception care prenatal care and diagnosis drugs and medications in pregnancy maternal complications chronic hypertension diabetes mellitus thyroid disease neurologic disease psychiatric disease postterm pregnancy fetal complications preeclampsia and more First book to address evidence based practice for obstetrics and gynecology combined EBM is a highly relevant approach for this high risk specialty Edited by leading US specialist involved in the evidence based medicine movement Evidence Based Obstetrics and Gynecology is an important text for obstetricians and gynecologists in practice and in training as well as for specialist nurses

**The No-Nonsense Guide to Menopause** Barbara Seaman,Laura Eldridge,2008 Incorporating the most recent studies on hormone therapy Seaman a legendary figure in the women's health movement and co author Eldridge present an invaluable guide for women in need of information on menopause

**100 Questions and Answers about Hysterectomy** Delthia Ricks,Lloyd B. Greig,2006-09 Six hundred and thirty three thousand women undergo hysterectomy each year in the United States Whether you or a loved one is considering or undergoing hysterectomy for medical or personal reasons the options and information about hysterectomy can be overwhelming This invaluable resource offers the guidance and advice you need Written by a prominent obstetrician and gynecologist and by a consumer advocate and consultant to the industry 100 Questions Answers About Hysterectomy gives you authoritative practical answers to your pre and post surgery questions sources of support and much more

*The Woman's Guide to Hysterectomy* Adelaide Haas,Susan L. Puretz,2013-06-26 Hysterectomy is performed more than any other surgical procedure for women with the exception of the cesarean section Authors Adelaide Haas and Susan L Puretz both professors in the field of health have experienced hysterectomy firsthand Dismayed by the limited information available to

them they collaborated on this comprehensive book about a critically important subject for women **THE WOMAN S GUIDE TO HYSTERECTOMY** addresses common fears expectations and questions regarding such issues as what to ask your doctor second opinions preparations for surgery sex and sexuality after surgery and life after hysterectomy Encouraging all women to become more actively involved in their own health care this book is a practical catalog of the latest medical information and provides much needed reassurance for women faced with this life altering decision Thoroughly revised to include the latest research and developments including new treatment options and alternatives to HRT hormone replacement therapy Original edition sold 10 000 copies      The Routledge Handbook of Anthropology and Reproduction Sallie Han,Cecília Tomori,2021-11-09 The Routledge Handbook of Anthropology and Reproduction is a comprehensive overview of the topics approaches and trajectories in the anthropological study of human reproduction The book brings together work from across the discipline of anthropology with contributions by established and emerging scholars in archaeological biological linguistic and sociocultural anthropology Across these areas of research consideration is given to the contexts conditions and contingencies that mark and shape the experiences of reproduction as always gendered classed and racialized Over 39 chapters a diverse range of international scholars cover topics including Reproductive governance stratification justice and freedom Fertility and infertility Technologies and imaginations Queering reproduction Pregnancy childbirth and reproductive loss Postpartum and infant care Care kinship and alloparenting This is a valuable reference for scholars and upper level students in anthropology and related disciplines associated with reproduction including sociology gender studies science and technology studies human development and family studies global health public health medicine medical humanities and midwifery and nursing      The Incontinence Solution William Parker,Amy Rosenman,Rachel Parker,2007-11-01 Important information for the millions of women who suffer from incontinence Millions of women experience difficulties controlling their bladders but suffer in silence reluctant to speak to their doctors or even to their best friends about the problem Here at last women will find the most up to date medical explanations and state of the art solutions      **Legal Aspects of Health Care Administration** George Pozgar,2012 The most trusted resource in healthcare law is this classic text from George Pozgar now completely revised With new case studies in each chapter The 11th edition will provide your students with the most up to date information on the newest laws affecting the healthcare industry The 11th edition presents a wide range of health care topics in a comprehensible and engaging manner that will carefully guide your students through the complex maze of the legal system This is a book they will hold on to throughout their careers Course instruction is made easy with helpful instructor resources such as PowerPoint™ slides Instructor s Manual TestBank answers to chapter review questions and more PRAISE for the 10th Edition Like the previous editions this handy easy to read reference is a practical at your fingertips resource that concisely explains key issues and elements of the legal aspects of healthcare administration The information is reliably accurate and objective Once again this edition rightfully deserves a permanent place on the

bookshelves of today's healthcare innovators, thinkers, scholars, learners, and leaders. Doody's Book Review Service, June 2008. Doody's Rating: 5 STARS.

**Preterm Birth in the United States** Janet M. Bronstein, 2016-07-28. This first of its kind volume addresses the myriad of issues relating to and reviews the plethora of responses to premature births in the United States both in national context and compared with other countries. In addition to current clinical data, it examines how preterm births in the U.S. fit in with larger social concerns regarding poverty, racial disparities, reproductive rights, gender expectations, and the business of health care. Comparisons with preterm birth phenomena in Canada, the U.K., and other Western European countries illustrate cultural narratives about motherhood, women's status, differences across social welfare and abortion policies, and across health care financing and delivery systems, and how these may affect outcomes for newborns. The book sorts out these intersecting complexities through the following critical lenses: Clinical causes, treatments, and outcomes of preterm birth; Population: the distribution of preterm births; Cultural: how we understand preterm birth; Health care: delivering care for high-risk pregnant women and preterm infants; Ethical: moral decision making about preterm births. *Preterm Birth in the United States* synthesizes a wide knowledge base for maternal and child health professionals across diverse disciplines including public health, social work, nursing, medicine, and health policy. Social scientists with interests in reproduction and gender issues will gain access to historical clinical and epidemiological knowledge that can support their work. There is also an audience for the book among childbirth activists such as supporters of midwifery and less medicalized childbirth.

**Practical Pediatric and Adolescent Gynecology** Paula J. Adams Hillard, 2013-03-29. *Pediatric and Adolescent Gynecology*, Edited by Paula J. Adams Hillard MD, Department of Obstetrics and Gynecology, Stanford University School of Medicine, Stanford, CA, USA. The gynecologic needs of younger patients are variable and complex. Clinicians are often uncomfortable with the gynecologic concerns of young girls and developing women. How can I put the patient at ease? What are the rights of the patient and her parents? How do I ask the questions in a way that allows her to trust me so that I can better understand her medical and social situation? In *Pediatric and Adolescent Gynecology*, Dr. Hillard has designed a new textbook that puts the patient at the center. It follows the patient's life and her changing needs as she matures. An emphasis on effective patient-friendly encounters is the prelude to a sensitive clinical approach to intimate, potentially awkward clinical challenges. Short practical chapters provide guidance on the issues rather than an academic treatise. This in-the-office guide to effective patient care is informed by evidence-based practice and backed by a wealth of practical features: Algorithms and guidelines to most effective approaches; Tips and Tricks boxes so you can improve your clinical outcomes; Caution/warning boxes so you can avoid complications; Science Revisited boxes give a quick reminder of the basic science principles. Dr. Hillard has assembled an expert group of authors to provide straightforward guidance to caring for and reassuring your younger patients and their parents. If you provide clinical care to girls and young women, then *Pediatric and Adolescent Gynecology* is designed for you. Titles of related interest: *Contraception*, Shoupe, ed. ISBN 978-1-4443-3351-0.

**Togani** Chi-yŏng Kong, 2023 Atmospheric and fast paced this novel of manners set in a provincial South Korean city leads readers through the silent corridors of a school for hearing impaired children and the city's foggy back streets and murky centers of power to a stirring courtroom climax Gong Jiyoung's *Togani The Crucible* published in Korean in 2009 is based on a historic case of child sexual abuse at a state run institution The novel went on to sell nearly a million copies and along with a 2011 film adaptation directed by Hwang Dong hyuk prompted the South Korean National Assembly to pass the *Togani Laws* to provide greater legal protections for children and vulnerable adults under state care and harsher penalties for those convicted of their abuse At a time when Korean popular culture drives cultural production worldwide *Togani* reminds us of the power of fiction to effect meaningful societal change A story of courage in the face of corruption *Togani* offers nuanced portraits of a failed young businessman seeking a new life as a teacher and his counterpart a young woman committed to a career in human rights a police officer of humble origins who rose through the ranks as he turns a blind eye to the abuse of students by the school's administrators and a hearing impaired teenage girl a victim of that abuse who cares deeply for the other children at the school The book testifies to the legacy of neo Confucian class conflict gender disparity and the vulnerability of those near the bottom of the social ladder It is a heart wrenching and provocative work that helped bring about change to a system it dared to challenge

*Pediatric and Adolescent Gynecology* Sarah M. Creighton, Adam Balen, Adam H. Balen, Lesley Breech, Lih-Mei Liao, 2018-02-08 Case based investigations management and treatment of pediatric and adolescent gynecological conditions based on up to date evidence
