**The Necronomicon Files** Daniel Harms, John Wisdom Gonce, 2003-07-01 Occult scholars explore how H P Lovecraft's fictional book of magic became a cultural phenomenon and real life legend in this revised and expanded volume What if a book existed that revealed the answers to all of life's mysteries For those who believe in it The Necronomicon is exactly that an eighth century occult text of immense power In fact The Necronomicon is a creation of science fiction writer H P Lovecraft who referred to the work in a number of stories and gave weight to its legend by inventing its own elaborate history In The Necronomicon Files two occult authorities explore all aspects of The Necronomicon from its first appearance in Lovecraft's fiction to its ongoing pervasive appearance in cult and occult circles The authors show how Lovecraft's literary circle added to the book's legend by referring to it in their own writing As people became convinced of the book's existence references to it in literature and film continue to grow This revised and expanded edition also examines the lengths people have undergone to find the Necronomicon and the cottage industry that has arisen in response to the continuing demand for a book that does not exist The Necronomicon Files illuminates the transformations of a modern myth exposing a literary hoax while celebrating the romance of Necronomicon lore *H R Gigers Necronomicon 2* Hans Rudolf Giger, 1986-11-01 [HR Giger ARh+](#) Hansruedi Giger, 1993 Autobiography of Swiss Surrealist H R Giger one of the most important contributors to the Alien franchise The book discusses Giger's early childhood memories his maturehood and his first steps as an artist Giger also shares memories from his experiences with other artists of the genre such as Friedrich Kun and Salvador Dali *H. R. Giger's Retrospective, 1964-1984* H. R. Giger, 1997 More than 150 artworks spanning 20 years in the career of the world's most renowned artist of the fantastical and the surreal are gathered in one volume rich with detail and color Carefully rendered reproductions of Giger's best paintings are accompanied by his own commentary 70 color illus 75 b w illus 25 b w photos [The Encyclopedia of Fantasy](#) John Clute, John Grant, 1999-03-15 Like its companion volume The Encyclopedia of Science Fiction this massive reference of 4 000 entries covers all aspects of fantasy from literature to art *I am Providence* Nick Mamatas, 2016-08-02 For fans of legendary pulp author H P Lovecraft there is nothing bigger than the annual Providence based convention the Summer Tentacular Horror writer Colleen Danzig doesn't know what to expect when she arrives but is unsettled to find that among the hob knobbing between scholars and literary critics are a group of real freaks book collectors looking for volumes bound in human skin and true believers claiming the power to summon the Elder God Cthulhu one of their idol's most horrific fictional creations before the weekend is out Colleen's trip spirals into a nightmare when her roommate for the weekend an obnoxious novelist known as Panossian turns up dead his face neatly removed What's more unsettling is that in the aftermath of the murder there is little concern among the convention goers The Summer Tentacular continues uninterrupted except by a few bumbling police Everyone at the convention is a possible suspect but only Colleen seems to show any interest in solving the murder So she delves deep into the darkness where occult truths have

been lurking since the beginning of time A darkness where Panossian is waiting spending a lot of time thinking about Colleen narrating a new Lovecraftian tale that could very well spell her doom
