Ames, 2010-10-01 *Cannibal Tours and Glass Boxes* poses a number of probing questions about the role and responsibility of museums and anthropology in the contemporary world In it Michael Ames an internationally renowned museum director challenges popular concepts and criticisms of museums and presents an alternate perspective which reflects his experiences from many years of museum work Based on the author's previous book *Museums the Public and Anthropology* the new edition includes seven new essays which argue as in the previous volume that museums and anthropologists must contextualize and critique themselves they must analyse and critique the social political and economic systems within which they work In the new essays Ames looks at the role of consumerism and the market economy in the production of such phenomena as world fairs and McDonald's hamburger chains referring to them as museums of everyday life and indicating the way in which they like museums transform ideology into commonsense thus reinforcing and perpetuating hegemonic control over how people think about and represent themselves He also discusses the moral political ramifications of conflicting attitudes towards Aboriginal art is it art or artifact censorship is it liberating or repressive and museum exhibits are they informative or disinformative The earlier essays outline the development of museums in the Western world the problems faced by anthropologists in attempting to deal with the often conflicting demands of professional as opposed to public interests the tendency to both fabricate and stereotype and the need to establish a reciprocal rather than exploitative relationship between museums anthropologists and Aboriginal people Written during the course of the last decade these essays offer an accessible often anecdotal journey through one professional anthropologist's concerns about and hopes for his discipline and its future *Decisions and Orders of the National Labor Relations Board, V. 335, August 22, 2001, Through September 28, 2001*, 2003-08-12 NOTE NO FURTHER DISCOUNT FOR THIS PRINT PRODUCT OVERSTOCK

creaturely sensibility his gift for literary translation his physical embodiment of trans Pacific ideals his role as tribal spokesperson for Haight Ashbury hippies and his burgeoning interest in environmental issues Throughout Gray s citations of such writers as Allen Ginsberg Philip Whalen and Joanne Kyger shed light on Snyder s communal role providing an amazingly intimate portrait of the west coast counterculture An interdisciplinary project that utilizes models of ecology sociology and comparative religion to supplement traditional methods of literary biography Gary Snyder and the Pacific Rim offers a unique perspective on Snyder s life and work This book will fascinate literary and Asian studies scholars as well as the general reader interested in the Beat movement and multicultural influences on poetry **Tales of the North American Indians**
