Haiku Garden The Four Seasons In Poems And Prints:

A Haiku Garden Stephen Addiss, Fumiko Y. Yamamoto, 1996 Juxtaposing haiku and prints on the theme of flowers and trees through the four seasons this book recreates a mediative walk through a garden over the course of a year Haiku by poets such as Basho and Buson are included as well as reproductions of prints by Kitagawa Utamaro and Hanabusa Itcho

The Art of Haiku Stephen Addiss, 2022-11-29 In the past hundred years haiku has gone far beyond its Japanese origins to become a worldwide phenomenon with the classic poetic form growing and evolving as it has adapted to the needs of the whole range of languages and cultures that have embraced it This proliferation of the joy of haiku is cause for celebration but it can also compel us to go back to the beginning to look at haiku s development during the centuries before it was known outside Japan This in depth study of haiku history begins with the great early masters of the form like Basho Buson and Issa and goes all the way to twentieth century greats like Santoka It also focuses on an important aspect of traditional haiku that is less known in the West haiku art All the great haiku masters created paintings called haiga or calligraphy in connection with their poems and the words and images were intended to be enjoyed together enhancing each other and each adding its own dimension to the reader s and viewer s understanding Here one of the leading haiku scholars of the West takes us on a tour of haiku poetry s evolution providing along the way a wealth of examples of the poetry and the art inspired by it

Routledge Handbook of Ecocriticism and Environmental Communication Scott Slovic, Swarnalatha Rangarajan, Vidya Sarveswaran, 2019-02-01 Ecocriticism and environmental communication studies have for many years co existed as parallel disciplines occasionally crossing paths but typically operating in separate academic spheres These fields are now rapidly converging and this handbook aims to reinforce the common concerns and methodologies of the sibling disciplines The Routledge Handbook of Ecocriticism and Environmental Communication charts the history of the relationship between ecocriticism and environmental communication studies while also highlighting key new paradigms in information studies diverse examples of practical applications of environmental communication and textual analysis and the patterns and challenges of environmental communication in non Western societies Contributors to this book include literary film and religious studies scholars communication studies specialists environmental historians practicing journalists art critics linguists ethnographers sociologists literary theorists and others but all focus their discussions on key issues in textual representations of human nature relationships and on the challenges and possibilities of environmental communication The handbook is designed to map existing trends in both ecocriticism and environmental communication and to predict future directions This handbook will be an essential reference for teachers students and practitioners of environmental literature film journalism communication and rhetoric and well as the broader meta discipline of environmental humanities

<u>Ecolinguistics</u> Arran Stibbe,2015-05-01 The increasingly rapid destruction of the ecological systems that support life is calling into question some of the fundamental stories that we live by stories of unlimited economic growth of consumerism

progress individualism success and the human domination of nature Ecolinguistics shows how linguistic analysis can help reveal the stories we live by open them up to question and contribute to the search for new stories Bringing together the latest ecolinquistic studies with new theoretical insights and practical analyses this book charts a new course for ecolinguistics as an engaged form of critical enquiry Featuring A framework for understanding the theory of ecolinguistics and applying it practically in real life Exploration of diverse topics from consumerism in lifestyle magazines to Japanese nature haiku A comprehensive glossary giving concise descriptions of the linguistic terms used in the book Discourse analysis of a wide range of texts including newspapers magazines advertisements films nonfiction books and visual images This is essential reading for undergraduates postgraduates and researchers working in the areas of Discourse Analysis and Language and Ecology Animals Erased Arran Stibbe, 2012-01-01 Amazingly clear and incisive readings of a wide range of discourses related to animals and ecology from the author of Ecolinguistics Karla Armbruster coeditor of Beyond Nature Writing Animals are disappearing vanishing and dying out not just in the physical sense of becoming extinct but in the sense of being erased from our consciousness Increasingly interactions with animals happen at a remove mediated by nature programs books and cartoons framed by the enclosures of zoos and aquariums distanced by the museum cases that display lifeless bodies In this thought provoking book Arran Stibbe takes us on a journey of discovery revealing the many ways in which language affects our relationships with animals and the natural world Animal product industry manuals school textbooks ecological reports media coverage of environmental issues and animal rights polemics all commonly portray animals as inanimate objects or passive victims In his search for an alternative to these negative forms of discourse Stibbe turns to the traditional culture of Japan Within Zen philosophy haiku poetry and even contemporary children's animated films animals appear as active agents leading their own lives for their own purposes and of value in themselves Those of us of cultures of the land both working with and yes consuming animals will applaud Arran Stibbe s analysis of the loss of soul when right relationship is discarded Alastair McIntosh author of Soil and Soul **Design for Communication** Elizabeth Resnick, 2003-06-10 Complete coverage of basic design principles illustrated by student examples Design for Communication offers a unique approach to mastering the basic design principles conceptual problem solving methods and critical thinking skills that distinguish graphic designers from desktop technicians This book presents forty two basic to advanced graphic design and typography assignments collaboratively written by college educators to teach the fundamental processes concepts and techniques through hands on applications Each assignment is illustrated with actual student solutions and each includes a process narrative and an educator's critical analysis revealing the reasoning behind the creative strategies employed by each individual student solution Assignments are organized from basic to advanced within six sections The elements and principles of design Typography as image Creative word play Word and image Grid and visual hierarchy Visual advocacy Design for Communication is a highly visual resource of instruction information ideas and inspiration for students and

Language Awareness in Business and the Professions Erika Darics, 2022-08-04 The crucial role language professionals plays in constituting our reality and in achieving political influence and control has long been known in scholarship However appreciation of the role of language in understanding our social realities and power relations has not been fully translated to education or even to research beyond linguistically focussed academic strands Bringing together well established scholars from a range of disciplines this book demonstrates why language awareness and discourse consciousness should be considered a key skill in business and professional life and looks closely at language in areas such as entrepreneurship leadership human resource management medical financial or business communication ecology media and politics The authors demonstrate how the understanding of the minutiae of language use in a variety of professional contexts leads to knowledge that will empower future generations of professionals and enable them to develop a self reflexive critical and more ethical practice Persimmon, 2002 **Dedicated to...** W B Gooderham, 2015-12-18 Books are amongst the most personal of gifts The book we choose to give a loved one is informed by our intimate knowledge of their personal histories and their tastes Often when we gift books we love to explain the meaning behind our present by writing an inscription within its pages Ordinarily we hope the gift and its message will be enjoyed placed lovingly on its new owner's bookshelf and treasured forever This is not always the case though W B Gooderham is fascinated by second hand books and curates a growing collection of those featuring intriguing inscriptions. The messages he finds range from the awkward scratchings of adolescent infatuation to the resentful recriminations of a love affair gone sour and offer illuminating glimpses into their books own secret histories This beautifully presented book will feature the very best from the author's collection of dedications alongside the covers of the works in which they were found From Animal Farm to Pride and Prejudice there s something here to please every book lover s taste Oltre l'autunno. Japan and the Culture of the Four Seasons Haruo Shirane, 2012-03-20 Elegant representations of nature and the four seasons populate a wide range of Japanese genres and media from poetry and screen painting to tea ceremonies flower arrangements and annual observances In Japan and the Culture of the Four Seasons Haruo Shirane shows how when and why this practice developed and explicates the richly encoded social religious and political meanings of this imagery Refuting the belief that this tradition reflects Japan's agrarian origins and supposedly mild climate Shirane traces the establishment of seasonal topics to the poetry composed by the urban nobility in the eighth century After becoming highly codified and influencing visual arts in the tenth and eleventh centuries the seasonal topics and their cultural associations evolved and spread to other genres eventually settling in the popular culture of the early modern period Contrasted with the elegant images of nature derived from court poetry was the agrarian view of nature based on rural life The two landscapes began to intersect in the medieval period creating a complex layered web of competing associations Shirane discusses a wide array of representations of nature and the four seasons in many genres originating in both the urban and rural perspective textual poetry chronicles tales cultivated gardens flower arrangement material kimonos screens performative noh festivals and gastronomic tea ceremony food rituals He reveals how this kind of secondary nature which flourished in Japan's urban architecture and gardens fostered and idealized a sense of harmony with the natural world just at the moment it was disappearing Illuminating the deeper meaning behind Japanese aesthetics and artifacts Shirane clarifies the use of natural images and seasonal topics and the changes in their cultural associations and function across history genre and community over more than a millennium In this fascinating book the four seasons are revealed to be as much a cultural construction as a reflection of the physical world Humor Frank J. Machovec, 2012-12-11 What's funny and why This book explains six classic theories of humor with many examples Haiga Stephen Addiss, Fumiko Y. Yamamoto, Haiga, 1995-01-01 Beautiful The reproductions are very fine and the text is truly illuminating Among the few authoritative works on the subject Japan Times With an essay by Fumiko Y Yamamoto
