Hail And Farewell Part One:

The Story of the Woman's Party Inez Haynes Gillmore,1921 *Deadly Deceits* Ralph W. McGehee,2015-03-03 A veteran of the Central Intelligence Agency unmasking its culture of lethal lies in this devastating exposé now with a new foreword by David MacMichael Ralph W. McGehee was a patriot dedicated to the American way of life and the international fight against Communism Following his graduation with honors from Notre Dame McGehee was recruited by the Central Intelligence Agency in 1952 and quickly became an able and enthusiastic cold warrior Stationed in Southeast Asia in the mid 1960s he worked to stem the Communist tide that was sweeping through the region first in Thailand and later in Vietnam But despite his notable successes in reversing enemy influence among the local peasants and villagers McGehee found himself increasingly alienated from a company culture built on deceit and wholesale manipulation of the truth While his country was being pulled deeper and deeper into the Vietnam quagmire McGehee awoke to a chilling reality The CIA was not a gatherer of actual intelligence to be employed in a legitimate war against dangerous enemies but a tool of the president's foreign policy staff designed solely to stifle the truth and fabricate facts that supported the agency's often immoral agenda With courage and candor Ralph McGehee illuminates the CIA's dark catalog of misdeeds in his stunning no holds barred memoir of a life in the service of deception Startling eye opening and infuriating *Deadly Deceits* is an honest and unflinching insider's look at a toxic government agency that the author cogently argues has no useful purpose and no moral right to exist

Pass Me the Rice Robert G. Kay,2011-05-20 Tag along with LT Bob Kay as he goes from the Atlantic Fleet to the other side of the world where he becomes involved in many unexpected events that come at him from every angle in an ancient war torn country whose people are fighting for their very survival Accompany him aboard a Junk patrolling from the Gulf of Thailand to the South China Sea and aboard a River Assault Craft delving through the narrow waterways of the Viet Cong infested Delta He provides some

history which helps to define and give you a better insight into the makeup of the Vietnamese people and their fighting forces. It also portrays the complex problems that arise between counterparts both in combat as well as in social settings. Army, 1973

Flying Black Ponies Kit Lavell, 2009-09-01 The tragic, the comic, the terrifying, the poignant are all part of the story of the Black Pony pilots who distinguished themselves in the Mekong Delta during the Vietnam War. Flying their turboprop Broncos down and dirty low and slow they killed more of the enemy and saved more allied lives with close air support than all the other naval squadrons combined during the three years they saw action. Author Kit Lavell was part of this squadron of black sheep given a chance to make something of themselves flying these dangerous missions. The U.S. Navy's only land-based attack squadron, Light Attack Squadron Four VAL 4, flew support missions for the counterinsurgency forces, SEALs and allied units in borrowed propeller-driven OV 10s. For fixed-wing aircraft they were dangerous, unorthodox missions a fact readers quickly come to appreciate.

BEHIND THE WIRE James Stoup, 2015-11-09 Behind the Wire is a story about the other side of the Vietnam War. It takes place at the beginning of the end of the United States involvement in Vietnam from May 1970 to May 1971. Unlike many of the combat stories coming out of this war, this is a story about life in the rear, life behind the wire, and the 365-day experience that was shared by hundreds of thousands of soldiers who went to Vietnam but never saw combat. It's a story about the large subculture of anti-war, anti-establishment troops that served there and how they lived and experienced their year in the Nam. It's a story about drugs, sex, rock roll, insubordination, fraggings, and the incredible lifestyle that evolved in every rank of the military over the ten-year course of the war. And it's a story about an Army that knew it was losing not only the war but also the confidence and support of its troops. Just as protesters back home were changing the country's view and support for the war, so too were many of the troops in Vietnam protesting the war in their own right. This is a real REMF rear echelon m/f story as told by a U.S. Army journalist who spent his year in the Nam at the start of the wind-down period of the war.

Talbot Mundy, Philosopher of Adventure Brian Taves, 2014-11-26 This critical biography chronicles both the actual travels and the philosophical meanderings of Talbot Mundy, one of the pioneers of the fantasy and adventure genre. Less celebrated than his contemporaries Rudyard Kipling and Joseph Conrad, Mundy was no less gifted when it came to the literary portrayal of faraway lands. He was one of the first Western writers to show an appreciation of Eastern culture, and his writing became an outlet for his radical ideas on religion and philosophy. At the age of sixteen, Mundy left his native England to begin his life of adventure, a journey that took him from India to the Middle East to Tibet and finally to America, which became his adopted home. The American spirit of adventure matched Mundy's own, and it was here that he found a true audience for his work. This book explores Mundy's oeuvre, much of it set in exotic locales through which he himself had traveled, and considers both his novels and his lesser-known writing, as well as his film and radio work. Books such as *Rung Ho*, *King of the Khyber Rifles*, *Caves of Terror*, *Purple Pirate*, and *Tros of Samothrace* are discussed and placed within the framework of Mundy's life and philosophy. The final chapter evaluates the enduring value of

his writings Appendices include a comprehensive list of Mundy's works and a chronological listing by their original publication dates
