HAIL is the first Constitutional Epic Saga of the Native Continent called Onkwewhonweteh The Land of the Real People today known as America that takes the reader back 450 years to America before Samuel de Champlain to the fascinating world of Native American politics rivalry and war which saw the founding of the great League of the Iroquois Told dramatically from the viewpoint of the League's founders the reader meets for the first time in American Letters the native statesmen who shaped the course of American history the historic Ayonwatha and the boy genius Deganawida who struggle to overcome the blood thirsty Atotarho and bring peace to the five kindred warring Iroquois nations      *Native American Political Systems and the Evolution of Democracy* Bruce E. Johansen, 1996-05-14 For more than a decade scholars have debated the question of whether American Indian confederacies primarily the Iroquois helped influence the formation of U S basic law The idea has sparked lively debate in the public arena as well with Canadian diplomat Durling Voyce Jones contending it shows a paradigm shift in our thinking Patrick Buchanan calling it idiocy and George Will saying it's fiction For the first time this bibliography brings together some 450 citations on the debate The work describes the debate in the words of one of its major participants Bruce E Johansen author of three other books on the subject The bibliography also takes the reader back to suggestions of the idea long before the contemporary debate Lakota author Charles Eastman brought up the subject in 1919 Mohawk teacher Ray Fadden developed it in the 1940s and John F Kennedy touched on it in 1960 Bringing the debate to its full flower in the present day the bibliography illustrates both fervent support and equally emphatic denial in the academy and the public press The book is both a scholarly tool and a lively exploration of issues bearing on the study of history and multiculturalism      *Studies in American Indian Literatures*, 1993      *The Native American in Long Fiction* Joan Beam, Barbara Branstad, 1996 An annotated bibliography of all identifiable novel length fictional works by and about Native Americans of the United States published between the 1890s and the 1990s All literary genres have been included as well as young adult fiction If an author or character is Native American his or her tribal affiliation is identified      *The Muzzleloader*, 1986      *Turtle Quarterly*, 1986      *Dictionary of International Biography*, 1995 A biographical record of contemporary achievement together with a key to the location of the original biographical notes      *Anthropological Journal of Canada*, 1982      **Dictionary of International Biography** Ernest Kay, 1995      *Indians of North and South America* Carolyn E.
