Hal Lindsey And Restoration Jews:

Hal Lindsey & the Restoration of the Jews Steven Schlissel, 1990 A Christian believer of Jewish heritage challenges the assumption of prophecy observer Hal Lindsey that the teaching of reconstructionist dominion theology proponents could unwittingly lead to another holocaust and disaster for Israel

The Case for Zionism Thomas Ice, 2017-02-20 The modern state of Israel has been a nation for almost 70 years When she was formed and fought her early wars of existence most Bible believing Christians believed there was a real connection with what was going on in the Middle East and Bible prophecy that predicts an end time return of the Jews to their land While support for Israel remains high in most evangelical communities we are seeing the beginning of a decline especially among younger evangelicals who question whether modern Israel really relates to end time Bible prophecy The Case for Zionism attempts to bring together biblical historical and legal arguments for the legitimacy of the startup nation known as Israel as it Explains controversies such as antisemitism and Replacement Theology Details the biblical and legal rights of Modern Israel Explores the prophetic nature and future of Israel In this presentation Thomas Ice answers many of the contemporary arguments being used by both secular and religious communities to undermine what he believes is the hand of God at work in our own day

A Jewish Trinity Alan Brill, 2025 In A Jewish Trinity Alan Brill offers a Jewish understanding of six topics often discussed in contemporary Christian theology Trinity original sin incarnation salvation messianism and covenant Brill shows that contemporary Christian theology allows for greater commonality while remaining aware of differences

"Not Afraid to Tell the Truth" Ken M.

Schmidt, 2011-07-22 This book was originally intended to be a 3 Volume set or Trilogy but has been shortened to a single volume and edited for publication as a single title Not afraid To Tell The Truth which could be subtitled Exposing the conspiracy of silence in the Last Days it is not a book about discipleship necessarily nor is it a book you could use as a guideline for counseling rather it is a book written with the intention of shedding light upon 13 contrasting themes running through the whole of Gods Word which the author believes have become confused by Western Christian wrong thinking preaching and practice in the last days of the Church age False teachers and heretical teachings have crept into the Church unawares bringing with it a form of captivity similar to the captivity of the nation Israel but with far graver consequences

His Name Is Yeshua Leo Vanderploeg, 2025-03-31 In the West most of us Christians have grown up using names like Jesus Old Testament New Testament and the Law without realizing the real history behind these titles Did you know that the name Jesus is less than four hundred years old and has no meaning In what climate did this non Jewish name appear in church history Did you know that the Old New Testament division was created by a church heretic who hated the Old Testament We have also likely been raised with a subtle antisemitism beginning with Bible schools and seminaries that brush off the importance of the Hebrew language of studying the language for the layperson and the importance of names in the Bible Often there is a prejudice against rabbinic thinking and commentary of God s Word So if we have a library of books

about the Scriptures we may have a disproportionate number of commentaries written by non Jews I've met enough pastors who only had one Jewish commentary if any As we are fed by very what I call Greekish thinking I've even met people who were upset to find out Jesus was a Jew and his real name was Yeshua Have you discovered that the New Testament though written in Greek is grounded in Hebrew thought Did we forget which people group gave us the Scriptures Many leaders of the church do not even know the place or role of the Jews in the end times as they believe they have no importance at all anymore Did this lack of knowledge have anything to do with the holocaust This book may be instrumental for today's church that it wakes up to some fundamental truths that we never knew or forgot May this book be a blessing to you Shalom Leo

Jews and the Christian Imagination S. Haynes, 1995-03-22 Reluctant Witnesses Jews and the Christian Imagination is an analysis of the ancient Christian myth that casts Jews as a witness people and this myth's presence in contemporary religious discourse It treats diverse products of the Christian imagination including systematic theology works of fiction and popular writings on biblical prophecy The book demonstrates that the witness people myth which was first articulated by Augustine and which determined official attitudes towards Jews in medieval Christendom remains a powerful force in the Christian imagination Evangelical Millennialism in the Trans-Atlantic World, 1500-2000 C. Gribben, 2015-12-04 This book offers the first complete overview of the intellectual history of one of the most significant contemporary cultural trends the apocalyptic expectations of European and American evangelicals in an account that guides readers into the origins its evolution and its revolutionary potential in the modern world **End Time Delusions** Steve Wohlberg, 2005-01-28 Will Christians vanish in a rapture Will seven years of apocalyptic terror overtake those left behind Will one future Mr Diabolical the antichrist rise to control the world Will he enter a rebuilt Jewish temple claiming to be God Will Earth's nations attack Israel at Armageddon Best selling books like Left Behind and popular apocalyptic movies predict such things Are they correct No area of Christianity has been subject to more misguided interpretation than end time prophecy Millions of Christians sense we are nearing Jesus Christ's return Yet when it comes to what the majority thinks will happen during Earth's last days and what the Bible actually says will occur the difference is seismic With clarity and biblical accuracy End Time Delusions exposes massive errors now flooding through media and in much of today's sensational prophecy writing This book closely examines tightly meshed yet speculative theories about the rapture seven year tribulation antichrist and the modern Jewish state This book is no novelty Buttressed with solid teachings from many of Christianity's most illustrious scholars it lets the Bible speak for itself about the past present and future Our Hands are Stained with Blood Michael L. Brown, PhD, 2019-09-17 Every Christian must read this shocking account of the Church's history The pages of church history are marked by countless horrors committed against the Jewish people From the first persecutions of the Jews in the fourth century to the horrors of the Holocaust from Israel bashing in today's press to anti-Semitism spouted from the **A Sceptical Jew. Richard H. Popkin's Private Republic of Letters**, 2024-11-18 Richard H Popkin 1923-2005 was a pioneer

in the field of Jewish studies His numerous books and articles broke new ground in the study of Jewish Christian relations in the early modern period and in the exploration of the impact of Jews and Judaism on philosophy and religious thought A Sceptical Jew Richard H Popkin's Private Republic of Letters brings together selections from Popkin's private correspondence and other documents to illuminate the sources of his interests and the nature of his contributions to the fields in which he worked The Great Zionist Cover-up Edwin M. Wright, 1975 *For Zion's Sake* Paul Richard Wilkinson, 2008-12-01 By locating Christian Zionism firmly within the Evangelical tradition Paul Wilkinson takes issue with those who have portrayed it as a totally unbiblical menace and as the roadmap to Armageddon Charting in detail its origins and historical development he argues that Christian Zionism lays the biblical foundation for Israel's restoration and the return of Christ No one has contributed more to this cause than its leading architect and patron John Nelson Darby an uncompromising champion for Christ's glory and God's truth This groundbreaking book challenges decades of misrepresentation and scholarship exploding the myth that Darby stole the doctrine of the pre tribulation Rapture from his contemporaries By revealing the man and his message Paul Wilkinson vindicates Darby and spotlights the imminent return of the Lord Jesus Christ as the centerpiece of his theology *Christians and the Middle East Conflict* Paul Rowe, John Dyck, Jens Zimmermann, 2014-06-20 Christians and the Middle East Conflict deals with the relationship of Christians and Christian theology to the various conflicts in the Middle East a topic that is often sensationalized but still insufficiently understood Political developments over the last two decades however have prompted observers to rediscover and examine the central role religious motivations play in shaping public discourses This book proceeds on the assumption that neither a focus on the eschatological nor a narrow understanding of the plight of Christians in the Middle East is sufficient Instead it is necessary to understand Christians in context and to explore the ways that Christian theology applies through the actions of Christians who have lived and continue to live through conflict in the region either as native inhabitants or interested foreign observers This volume addresses issues of concern to Christians from a theological perspective from the perspective of Christian responses to conflict throughout history and in reflection on the contemporary realities of Christians in the Middle East The essays in this volume combine contextual political and theological reflections written by both scholars and Christian activists and will be of interest to students and scholars of Politics Religion and Middle East Studies Walking on the Pages of the Word of God Aron Engberg, 2019-10-07 In Walking on the Pages of the Word of God Aron Engberg explores the religious language and identities of evangelical volunteer workers in contemporary Jerusalem The volunteers are connected to Christian organizations which consider their work a natural consequence of the biblical promises to Israel and their responsibility to bless the Jewish people Relying on ethnographic data of the discursive practices of the volunteers the book explores a central puzzle of Zionist Christianity the narrative production of Israel's religious significance and its relationship to broader Christian language traditions By focusing on the volunteers' stories about themselves the land and the Bible Aron

Engberg offers a convincing account about how the State of Israel is finding its way into evangelical identities Israel: the 51st State Morris Glen Bowers, 2005-06 One thing that people are slow to learn a thing that they must learn to correctly understand the Bible is that the whole Jewish religion ended at the cross of Christ and a new order became effective The total misunderstanding of Matthew chapter 24 is at the root of most of this confusion If the Messiah didn't come during the time of the Roman occupation of the land of promise then HE will never come It will never happen What the Palestinians feared would happen has clearly happened The killing and confusion in the Middle East is to be laid at the feet of the United Nations England France and the United States The false doctrine of premillennialism and those that teach this subject must take full responsibility for adding fuel to the fire of hatred among the State of Israel and Palestinians The current day denominational preachers that are guilty of teaching this evil doctrine are Billy Graham Garner Ted Armstrong Franklin Graham Jack Van Impe Pat Robertson John Hagee Jerry Falwell Benny Hinn David Cerullo Pat Robison Lou Shelton the Trinity Broadcasting Network and the thousands of less known denominational preachers in your own home towns across America The Bible contains the mind of God the state of man the way of salvation the doom of sinners and the happiness of believers Its histories are true its doctrines are holy its precepts are binding and its decisions are immutable Read it to be wise believe it to be safe and practice it to be holy Matthew Frederick Dale Bruner, 2007 Drawing on great church teachers through the centuries and on the classical Christian creeds and confessions this book asks both what Matthew's Gospel said to its first hearers and what it says to readers today It shows how the focus of Matthew shifts from Jesus teaching about who he is to teaching mainly about what his church is Millennial Dreams and Apocalyptic Nightmares Angela M. Lahr, 2007-10-31 An examination of the Americanization of Cold War evangelicalism it argues that developments like the prospect of nuclear warfare and the creation of the state of Israel that appeared to be fulfilment of biblical prophecy accompanied by secular apocalypticism led to the evangelical subculture's expansion with the rise of the New Christian Right

The End Of Earth Philip N. Moore, 2024-11-01 In this eye opening exploration discover how Moses ancient prophecies on Israel the coming of Jesus and the End Times have striking connections to modern day events Delve into how these timeless predictions align with the unexpected rise of Donald Trump Nostradamus cryptic visions and the eerie legacy of the Kennedy curse With meticulous research this book unravels a complex web of prophetic clues leading to the conclusion that the mystery surrounding the assassination of JFK and its aftermath has finally been solved Prepare to be astonished as you uncover the undeniable threads that tie together history's greatest mysteries with prophetic foresight Is it coincidence or is there a higher plan at work **Five Pillars of the Gladiator Gospel, Form #17.004** Brooky R. Christian Zionism Stephen Sizer, 2021-09-13 I am glad to commend Stephen Sizer's groundbreaking critique of Christian Zionism. His comprehensive overview of its roots, its theological basis, and its political consequences is very timely. I myself believe that Zionism, both political and Christian, is incompatible with biblical faith. Stephen's book has helped to reinforce this conviction. Rev. Dr. John Stott: I believe Stephen Sizer is one of the most authoritative scholars in the world on the vital issue of Christian Zionism. He is a very important voice speaking out against this destructive movement that is killing us Palestinians through its theology. Canon Naim Ateek: Stephen Sizer's *Christian Zionism: Road Map to Armageddon* is essential reading for any Western evangelical trying to understand the religious dimensions of American support for Israel. Sizer writes as an insider within the church, not as a critic watching from afar. And he shows with exacting clarity how evangelical eschatology has now embedded itself in a modern political ideology. One quick read of this book will change anyone's perspective on the Middle East permanently. Professor Gary M. Burge: Congratulations on *Christian Zionism*. The index alone makes my mouth water, since this is the scholarly treatment to counteract the rabid prophecy pack for which I had been searching. I couldn't be happier that this is published. You and I see eye to eye on this issue. Yours is a true prophetic voice, so badly needed in the current prophecy frenzy. And when this mania also affects national and international policy, the danger takes on larger proportions. Professor Paul Maier: Stephen Sizer's work on Christian Zionism is the most important and comprehensive on the subject to date and should be read by all students of the Middle East and by Christians concerned about a just resolution to the Palestinian-Israeli conflict. Christian Zionism raises vital theological and political challenges that must be addressed head-on by Christians in the West, particularly evangelicals. The impact of this terribly misguided movement is increasingly putting Christians in the Middle East at risk, and it seems a far cry from the witness and message of Jesus Christ. Dr. Donald Wagner: This study of Christian Zionism, based on Stephen Sizer's doctoral thesis, is of seminal significance. It provides a fascinating survey of the history of Christian Zionism and an in-depth analysis of the theology of this highly important and influential movement. Rabbi Professor Dan Cohn-Sherbok
