The Masters Revealed K. Paul Johnson, 1994-07-22 **Sun Ra's Chicago** William Sites, 2021-01-11 Sites provides crucial context on how Chicago's Afrocentrist philosophy, religion, and jazz scenes helped turn Blount into Sun Ra. Chicago Reader Sun Ra 1914-93 was one of the most wildly prolific and unfailingly eccentric figures in the history of music. Renowned for extravagant performances in which his Arkestra appeared in neo-Egyptian garb, the keyboardist and bandleader also espoused an interstellar cosmology that claimed the planet Saturn as his true home. In *Sun Ra's Chicago*, William Sites brings this visionary musician back to earth, specifically to the city's South Side, where from 1946 to 1961 he lived and relaunched his career. The postwar South Side was a hotbed of unorthodox religious and cultural activism. Afrocentric philosophies flourished, storefront prophets sold dream book bibles, and Elijah Muhammad was building the Nation of Islam. It was also an unruly musical crossroads where the man then known as Sonny Blount drew from an array of intellectual and musical sources: from radical nationalism, revisionist Christianity, and science fiction to jazz, blues, Latin dance music, and pop exotica. To construct a philosophy and performance style that imagined a new identity and future for African Americans, Sun Ra's Chicago shows that late twentieth-century Afrofuturism emerged from a deep utopian engagement with the city and that by excavating the postwar black experience of Sun Ra's South Side milieu, we can come to see the possibilities of urban life in new ways. Four stars. Sites makes the engaging argument that the idiosyncratic jazz legend's penchant for interplanetary journeys and African American utopia was in fact inspired by urban life right on Earth. The Return of Holy Russia Gary Lachman, 2020-05-12 A history of how mystical and spiritual influences have shaped Russia's identity and politics and what it means for the future of world civilization. Examines Russia's spiritual history from its pagan origins and Eastern Orthodox mysticism to secret societies, Rasputin, Roerich, Blavatsky, and Dostoyevsky. Explains the visionary writings of the spiritual philosophers of Russia's Silver Age, which greatly influence Putin today. Explores what Russia's unique identity and its history of messianic politics and apocalyptic thought mean for its future on the world stage. At the turn of the 20th century, a period known as the Silver Age, Russia was undergoing a powerful spiritual and cultural rebirth. It was a time of magic and mysticism that saw a vital resurgence of interest in the occult and a creative intensity not seen in the West since the Renaissance. This was the time of the God Seekers, pilgrims of the soul, and explorers of the spirit who sought the salvation of the world through art and ideas. These sages and their visions of Holy Russia are returning to prominence now through Russian president Vladimir Putin, who inspired by their ideas envisions a new Eurasian civilization.

with Russia as its leader Exploring Russia's long history of mysticism and apocalyptic thought Gary Lachman examines Russia's unique position between East and West and its potential role in the future of the world Lachman discusses Russia's original Slavic paganism and its eager adoption of mystical and apocalyptic Eastern Orthodox Christianity He explores the Silver Age and its occult revival with a look at Rasputin's prophecies Blavatsky's Theosophy Roerich's Red Shambhala and the philosophies of Berdyaev and Solovyov He looks at Russian Rosicrucianism the Illuminati Scare Russian Freemasonry and the rise of other secret societies in Russia He explores the Russian character as that of the holy fool as seen in the great Russian literature of the 19th century especially Dostoyevsky He also examines the psychic research performed by the Russian government throughout the 20th century and the influence of Evola and the esoteric right on the spiritual and political milieus in Russia Through in depth exploration of the philosophies that inspire Putin's political regime and a look at Russia's unique cultural identity Lachman ponders what they will mean for the future of Russia and the world What drives the Russian soul to pursue the apocalypse Will these philosophers lead Russia to dominate the world or will they lead it into a new cultural epoch centered on spiritual power and mystical wisdom *Boris de Zirkoff on Madame Blavatsky's background and early life* Boris Mikhailovich de Zirkoff, 2018-04-07 [Initiates of Theosophical Masters](#) K. Paul Johnson, 1995-07-20 The author examines the careers of the most distinguished disciples of the Theosophical Masters He begins by examining the concept of initiation promoted by the Theosophical movement's founders Each section investigates a separate category of initiates focusing consecutively on Hindus Muslims Bahais Buddhists and the Western female occultists More than just a study of Theosophy this book explores many related developments in political and religious history Among the figures it illumines in new ways are Anagarika Dharmapala Alexandra David Neel George Ivanovitch Gurdjieff and Isabelle Eberhardt Its approach brings needed objectivity and balance to a topic too long mythologized by cultists and ignored by scholars

Rosicrucianism Renewed Rudolf Steiner, 2006-03 After Rudolf Steiner had left us in the body the gifts of the spirit that were offered by him in such overflowing measure could not continue It must now happen that a community of human beings takes over the results of his spiritual research takes them in such a way that they remain alive in the community People must come together in anthroposophic work united in such a way that Anthroposophy comes into its own Carl Unger Oct 29 1928 This volume provides perhaps the most comprehensive and profound exegesis of Rudolf Steiner's Anthroposophy especially his book titled Anthroposophical Leading Thoughts That book provides Steiner's final and most complete explanation of his Spiritual Science through brief aphoristic thoughts or meditations on the profound esoteric meaning of the modern spiritual path he called Anthroposophy In The Language of the Consciousness Soul Carl Unger unfolds and expands Rudolf Steiner's leading thoughts in 78 brief meditative chapters to help the reader comprehend the deeper meaning behind the Leading Thoughts Unger helps us see how Steiner created a mandala like image of Anthroposophy revealing an ever expanding cosmology and epistemology that goes far beyond mere philosophy or a belief system to a practical path of spiritual

investigation and knowledge for modern humankind Rudolf Steiner had this to say about Carl Unger Dr Carl Unger for many years past has always been the most industrious and devoted collaborator in the anthroposophic movement At an early date Dr Unger saw that Anthroposophy before all needs a strong foundation of the theory of knowledge With a deep understanding he took up what I myself many years ago was able to give in my books Goethe's Theory of Knowledge Truth and Knowledge and Intuitive Thinking as a Spiritual Path A Philosophy of Freedom he developed independently what I had intimated Supported by mental discernment his goal was to see through the nature of the human process of knowledge in a clear analysis and from that to form its true picture Dr Unger is not dialectical but an observer of empirical facts This is why through the years he has been able to give results of the highest value showing how the process of knowledge in ordinary consciousness produces always and everywhere out of itself the impulses to anthroposophic investigation Moreover Dr Unger's method of thinking trained through technical problems is free from subjective vagueness and thus his scientific collaboration in Anthroposophy is the most important that we can have The Language of the Consciousness Soul is an indispensable guidebook for group study and for individuals who wish to penetrate the depths of Anthroposophy and apply its principles both inwardly and to daily life This volume is an edited translation by Effie Grace Wilson of *Aus der Sprache der Bewusstseinsseele Unter Zugrundelegung der Leitsätze Rudolfs Steiners* **The Dawning of the Theosophical Movement**

P. Blavatsky, Vol. 1** Helena Petrovna Blavatsky,1950 The definitive edition of HPB s writings in 15 extensive volumes Volume 1 is from 1874 to 1878 and includes articles such as About Spiritualism A Story of the Mystical The Theosophical Society Its Origin Plan and Aim The Diaries of H P Blavatsky Madame Blavatsky Marion Meade,2014-04-01 The life and times of Helena Blavatsky the controversial religious guru who cofounded the Theosophical Society and kick started the New Age movement Recklessly brilliant Helena Petrovna Blavatsky scandalized her 19th century world with a controversial new religion that tried to

synthesize Eastern and Western philosophies If her contemporaries saw her as a freak a charlatan and a snake oil salesman she viewed herself as a special person born for great things She firmly believed that it was her destiny to enlighten the world Rebelliously breaking conventions she was the antithesis of a pious religious leader She cursed smoked opiate and needed to airbrush out certain inconvenient facts like husbands lovers and a child Marion Meade digs deep into Madame Blavatsky's life from her birth in Russia among the aristocracy to a penniless exile in Europe across the Atlantic to New York where she became the first Russian woman naturalized as an American citizen and finally moving on to India where she established the international headquarters of the Theosophical Society in 1882 As she chased from continent to continent she left in her aftermath a trail of enthralled followers and the ideas of Theosophy that endure to this day While dismissed as a female messiah her efforts laid the groundwork for the New Age movement which sought to reconcile Eastern traditions with Western occultism Her teachings entered the mainstream by creating new respect for the cultures and religions of the East for Buddhism and Hinduism and interest in meditation yoga gurus and reincarnation Madame Blavatsky was one of a kind Here is her richly bizarre story told with compassion insight and an attempt to plumb the truth behind those astonishing accomplishments
