Zombies Through the Ages Ruth Owen,2018-01-01 Our TV screens are filled with terrifying images of the walking dead However people have been frightened of zombies long before movies and TV shows This book uncovers the blood curdling history of the undead from Viking draugar to dancing Tibetan corpses to medieval revenants that crawled out of the ground spreading plague and death This fascinating new title introduces zombie fans to a horrifying host of zombies both past and present Packed with gruesome spine chilling details the book takes readers from lurching Ro langs in Tibet to zombies in 20th century America Love zombies Then lock the doors and dare to investigate Zombies Through the Ages Zombies and Other Walking Dead Ruth Owen,2013-01-01 Could a human being really come back from the dead to feed on human flesh and brains If myths about zombies and other walking dead are just fictional stories why have so many people claimed to have witnessed the return of the dead from the grave What would it be like to become a zombie and how can you tell if the person stumbling toward you with glassy eyes and outstretched arms is one of the living dead In Zombies and Other Walking Dead children will read historical stories and modern day accounts of zombie encounters and get all the information they need to protect themselves from these frightening creatures Children will also investigate the truth behind zombie stories and examine how the fears and superstitions of different cultures might explain the origins of zombie myths Kids will also look at the scientific facts that might explain the seemingly unexplainable If you love a spine tingling horror story but also want to investigate the truth behind these myths this is the book for you Zombies Dr. Bob Curran,2008-09-15 In the myths legends and folklore of many peoples the returning physical dead play a significant role whether they are the zombies of Haiti or the draugar of Scandinavia But what are the origins of an actual bodily return from the grave Does it come from something deep within our psyche or is there some truth to it In Zombies Bob Curran explores how some of these beliefs may have arisen and the truths that lay behind them examining myths from all around the world and from ancient times including Sumerian Babylonian Egyptian and Celtic Curran traces the evolution of belief in the walking cadaver from its early inception in religious ideology to the Resurrections and cataleptics of 18th century Europe from prehistoric tale to Arthurian romance Zombies even examines the notion of the living dead in the world today entities such as the living mummies of Japan Zombies is a unique book the only one to systematically trace the development of a cultural idea of physical resurrection and explore the myths that have grown around it including the miracles of Old Testament prophets It will interest those enticed by the return of the corporeal dead and also those curious as to how such an idea sits within the historical context **Walking With the Dead** L. M. Falcone,2005-02-01 After his father brings home an ancient mummy from the museum of oddities Alex starts having strange dreams and is shocked when the mummy comes to life and asks for his help
