Guyana At The Crossroads:

Guyana at the Crossroads Dennis Watson, Christine Craig, 1992-01-01 Guyana at the Crossroads Dennis Watson, Christine Craig, 1992 *Trinidad and Tobago and Guyana* Ann Marie Bissessar, John Gaffar La Guerre, 2013-04-25 In this book an attempt is made to probe more carefully the processes by which social and ethnic problems as these pertain to Caribbean countries Trinidad and Tobago and Guyana are conveyed to the political arena and the mechanisms by which they determine critical outcomes The authors of this book have accordingly distinguished between predisposing factors and what are described as triggering mechanisms The factors that trigger dramatic changes will differ between Guyana and Trinidad and Tobago In short while in some respects these societies are similar in others there are dramatic differences in their respective histories and political developments This study begins with a survey of the literature on race relations and their connections with politics it then proceeds to examine the context for the insertion of the two major groups into these societies the emergence of ethnic groups and their relationships with political organizations The nature and politics of the leaders are then analyzed along with the political structures with a view to identifying what factors were responsible for the differing political experiences of both countries **Global Guyana** Oneka LaBennett, 2024-04-16 Shortlisted 2025 OCM Bocas Prize for Caribbean Literature Nonfiction Exposes the global threat of environmental catastrophe and the forms of erasure that structure Caribbean women's lives in the overlooked nation of Guyana Previously ranked among the hemisphere's poorest countries Guyana is becoming a global leader in per capita oil production a shift which promises to profoundly transform the nation This sea change presents a unique opportunity to dissect both the environmental impacts of modern world resource extraction and the obscured yet damaging ways in which intersectional race and gender formations circumscribe Caribbean women's lives Drawing from archival research and oral history and examining mass mediated flashpoints across the African and Indian diasporas including Rihanna's sonic routes ethnic conflict reportage HBO's *Lovecraft Country* and Netflix's *Indian Matchmaking* Global Guyana repositions this marginalized nation as a nexus of social and economic activity which drives popular culture and ideas about sexuality while reshaping the geopolitical and literal topography of the Caribbean region Oneka LaBennett employs the powerful analytic of the pointer broom to disentangle the symbiotic relationship between Guyanese women's gendered labor and global racial capitalism She illuminates how both oil extraction and sand export are implicated in a well established practice of pillaging the Caribbean's natural resources while masking the ecological consequences that disproportionately affect women and children Global Guyana uncovers how ecological erosion and gendered violence are entrenched in extractive industries emanating from this often effaced but pivotal country Sounding the alarm on the portentous repercussions that ambitious development spells out for the nation's people and its geographical terrain LaBennett issues a warning for all of us about the looming threat of global environmental calamity *Guyana at the Crossroads of Latin American Politics in the Caribbean* Rita Giacalone de Romero, 1984* **U.S.**

Intervention in British Guiana Stephen G. Rabe, 2006-05-26 In the first published account of the massive U S covert intervention in British Guiana between 1953 and 1969 Stephen G Rabe uncovers a Cold War story of imperialism gender bias and racism When the South American colony now known as Guyana was due to gain independence from Britain in the 1960s U S officials in the Kennedy and Johnson administrations feared it would become a communist nation under the leadership of Cheddi Jagan a Marxist who was very popular among the South Asian mostly Indian majority Although to this day the CIA refuses to confirm or deny involvement Rabe presents evidence that CIA funding through a program run by the AFL CIO helped foment the labor unrest race riots and general chaos that led to Jagan s replacement in 1964 The political leader preferred by the United States Forbes Burnham went on to lead a twenty year dictatorship in which he persecuted the majority Indian population Considering race gender religion and ethnicity along with traditional approaches to diplomatic history Rabe s analysis of this Cold War tragedy serves as a needed corrective to interpretations that depict the Cold War as an unsullied U S triumph

Self-help Housing, the Poor, and the State in the Caribbean Robert B. Potter, Dennis Conway, 1997 This collection of essays represents the first in depth scholarly treatment of housing policies and conditions throughout the Caribbean The contributors consider both the performance of the state and the autonomous activities of the poor making this volume an invaluable contribution to future planning and debate The essays each dealing with a specific island or group of islands collectively address four main themes the history of housing provision since colonization current housing conditions state policies toward housing provision and the changing relationships between governments

international funding agencies the private housing sector and the peoples responses These investigations not only highlight the often alarming problems that Caribbean nations face in providing adequate housing for the poor but also implicate governments in past and present failures and poor performances However the essays are also filled with useful insights about the ways in which progressive housing policies can be formulated and implemented For example the volume suggests that the Caribbean s rich heritage of folk and vernacular architectural styles should be taken into serious account in future planning efforts In a concluding synthesis chapter the volume editors argue that a more progressive future is attainable if all parties exhibit the political will that the poor have already demonstrated **Caribbean Labor and Politics** Perry

Dilemmas of Ethnic Policy A Global Perspective argues that ethnic conflict increases or decreases in relation to changes in the social structure and the location and distribution of political power Ethnic grievances derive from lack of access to valued resources and elites play a crucial role in allocating those resources This book examines the experiences of five countries with a history of ethnic conflict former Yugoslavia Bosnia Herzegovina Guyana Trinidad and Tobago and the United States It finds that in many cases solutions adopted to mitigate ethnic conflict have unintended consequences Often supposed solutions confuse cause and effect and in fact worsen ethnic conflict Attempts to address identity issues by pandering to them
