Hair Of The Sleuthhound:

Hair of the Sleuthhound Jon L. Breen, 1982 **Short Story Index** ,1979 Whodunit? Rosemary Herbert, 2003 A mystery expert investigates how the giants of the genre pull off all those crimes and keep the twists coming page after page Frederic Dannay, Ellery Queen's Mystery Magazine and the Art of the then shows readers how they can do it too **Detective Short Story** Laird R. Blackwell, 2019-03-11 Frederic Dannay 1905 1982 was with his partner Manfred Lee the creator of the Ellery Queen detective novels and short stories Dannay was also a literary historian and critic and the editor of the renowned Ellery Queen Mystery Magazine Queen both a pen name and the fictional protagonist of the stories was also a vital force behind the continuing popularity of crime fiction in the early to mid 20th century after the deaths of Arthur Conan Doyle G K Chesterton Melville Davisson Post and other Old Masters of the genre This book presents the first critical study of Ellery Queen's role in the preservation of the detective short story Many of the writers characters and stories EQMM championed are covered including such celebrated authors as Allingham Ambler Ellin Innes Vickers and even William Butler The Supernatural and Fantastic in Short Detective Fiction Laird R. Blackwell, 2020-10-30 Although fantasy and supernatural literature have long and celebrated histories many critics contend that the fantastic and the supernatural have no place in the logical rational world of the detective story. This book is the first extensive study of the fantastic in detective fiction and it explores the highly debated question of whether detective fiction and the fantastic can comfortably coexist The locked room mystery which often uses the fantastic as a red herring to eventually be debunked by reason and logic has long been among the most popular subgenres of detective fiction This book also explores stories featuring almost supernaturally gifted detectives stories where the supernatural is truly encountered and stories with ambiguous endings Close to 500 detective stories from 1841 to 2000 in which the fantastic or supernatural plays a central role are discussed and analyzed Although not all the stories are judged to be successful as detective tales in the great majority the fantastic enlivens the tale and deepens the mystery without weakening the detective elements Funny Thing About Murder David Geherin, 2017-10-11 Focusing on crime fiction and films that artfully combine comedy and misdeed this book explores the reasons writers and filmmakers inject humor into their work and identifies the various comic techniques they use The author covers both American and European books from the 1930s to the present by such authors as Rex Stout Raymond Chandler Robert B Parker Elmore Leonard Donald E Westlake Sue Grafton Carl Hiaasen and Janet Evanovich along with films from The Thin Man to the BBC's Sherlock series Literary Afterlife Bernard A. Drew, 2010-03-08 This is an encyclopedic work arranged by broad categories and then by original authors of literary pastiches in which fictional characters have reappeared in new works after the deaths of the authors that created them It includes book series that have continued under a deceased writer s real or pen name undisquised offshoots issued under the new writer s name posthumous collaborations in which a deceased author's unfinished manuscript is completed by another writer unauthorized pastiches and biographies of literary

characters The authors and works are entered under the following categories Action and Adventure Classics 18th Century and Earlier Classics 19th Century Classics 20th Century Crime and Mystery Espionage Fantasy and Horror Humor Juveniles 19th Century Juveniles 20th Century Poets Pulps Romances Science Fiction and Westerns Each original author entry includes a short biography a list of original works and information on the pastiches based on the author's characters to Death John Kennedy Melling, 1996-04-02 An art form comes of age when it is imitated then parodied and finally repeated in pastiche Crime and detective fiction is now so well established in different formats that it lends itself easily to these literary forms After a brief history of the genre is an analysis of a large number of parody books and short stories with details of correspondence and interviews the writer has had with masters of the craft like Georges Simenon and Margaret Millar The next section covers those books written by teams of six or more crime writers. The pastiche section deals with a number of books and short stories in depth crime stories for younger readers and the exploits of literary detectives and criminals Do It Yourself Sleuthing covers dossiers games and books of solvable short crime stories This leads naturally to all forms of parody and pastiche in films theater television and radio including stage and film musicals Loose Lips Jon L. Breen, 1990 When the most hated man in the horse racing world is murdered amateur sleuth Jerry Brogan returns to track down the killer but the odds steepen as files implicating Brogan in the crime are found Genreflecting Betty Rosenberg, Diana Tixier Herald, 1991 Expanded and updated to provide information on the newest popular fiction this guide to genre fiction covers westerns thrillers science fiction fantasy supernatural horror fiction and romance It defines the various genres analyses their characteristics grouping authors according to type or subject content and provides a selective annotated bibliography of the history and criticism of each genre New authors are profiled in this edition and a number of new subgenres including the ice age epic and techno thriller are outlined Encyclopedia Mysteriosa William L.
