He Promised Andréa deCento, 2021-08-30 Andr a deCento is a tried and true warrior who has pushed through the lines of resistance to taste the sweet victories of accomplishment Now she offers that part of her soul to each of us on the written page This book serves as much more than just inspirational words written at a writer s desk it is distilled wisdom coming to you from the table of a champion

Descartes Reinvented Tom Sorell, 2005-07-11 In this study Tom Sorell seeks to rehabilitate views that are often instantly dismissed in analytic philosophy His book serves as a reinterpretation of Cartesianism and responds directly to the dislike of Descartes in contemporary philosophy To identify what is defensible in Cartesianism Sorell starts with a picture of unreconstructed Cartesianism which is characterized as realistic antisceptical but respectful of scepticism rationalist centered on the first person dualist and dubious of the comprehensiveness of natural science and its supposed independence of metaphysics Bridging the gap between history of philosophy and analytic philosophy Sorell also shows for the first time how some contemporary analytic philosophy is deeply Cartesian despite its outward hostility to Cartesianism
