Soon after World War II, visits by Japanese performing artists to the United States emerged as a significant category of American cultural exchange initiatives aimed at helping establish and build friendly ties with Japan. Barbara E. Thornbury explores how Japan and Japanese culture have been constructed, reconstructed, and transformed in response to the hundreds of productions that have taken place over the past sixty years in New York, the main entry point and defining cultural nexus in the United States for the global touring market in the performing arts. The author's transdisciplinary approach makes the book appealing to those in the performing arts studies, Japanese studies, and cultural studies. **Text & Presentation, 2004** Stratos E.
