Half Nation Under God:

One Nation Under God? John D. Wilsey, 2011-06-01 Is America a Christian nation This question has loomed large in American culture since the Puritans arrived on American shores in the early seventeenth century More recently the Christian America thesis has been advocated by many evangelical leaders across the denominational spectrum This book contributes to the conversation by critiquing from an evangelical perspective the idea that America is a Christian nation as articulated by specific writers over the past three decades Wilsey asserts that the United States was not conceived as a Christian nation but as a nation with religious liberty Herein lies the genius of the Founders and the uniqueness of America

A Nation Under God John Reynolds, 2019-11-18 Life is never static It is in constant motion effecting change making history The movement of that change writes the history of our lives and our nation Some changes are loud and offensive while others are silent and subtle We quickly adjust to the loud and offensive movements so as to keep everything on track but it is the silent and subtle movements that we miss When those slow moving cultural movements start effecting the foundation of our survival as a society they must be exposed and the people must ask themselves what kind of nation they want Our enemies know what it takes to remove the foundations of our nation foundations which keep us as a nation under God free The history of ancient Israel and her relationship to God as seen in Scripture gives to us a lesson in what not to do if we want to remain a nation under God How did their youth treat their elders and how did their false prophets turn the people away from God How did God become irrelevant to a people so blessed by Him Was God redefined by society in both the religious and the secular and was His standard of morality redefined as well These are questions asked and hopefully answered in this writing

One Nation Under God Kevin M. Kruse, 2015-04-14 The provocative and authoritative history of the origins of Christian America in the New Deal era We re often told that the United States is was and always has been a Christian nation But in One Nation Under God historian Kevin M Kruse reveals that the belief that America is fundamentally and formally Christian originated in the 1930s To fight the slavery of FDR s New Deal businessmen enlisted religious activists in a campaign for freedom under God that culminated in the election of their ally Dwight Eisenhower in 1952 The new president revolutionized the role of religion in American politics He inaugurated new traditions like the National Prayer Breakfast as Congress added the phrase under God to the Pledge of Allegiance and made In God We Trust the country s first official motto Church membership soon soared to an all time high of 69 percent Americans across the religious and political spectrum agreed that their country was one nation under God Provocative and authoritative One Nation Under God reveals how an unholy alliance of money religion and politics created a false origin story that continues to define and divide American politics to this day

creation is replaced with algorithms Be stunned When parents have done virtually everything right for their kids many parents wonder why their children won't carry forward the family religion or religious values to their children Technology and social media have rewired human brains to dismiss the importance of religion Spiritual Dynamite provides examples of trailblazing prayer and intention experiments There are futuristic scenarios where artificial intelligence could be a tremendous godsend for mankind You could also conceptually presume Divine Intelligence is the antipode of artificial intelligence Our subconscious has its own cancel culture People often talk themselves out of enjoying their memories of supernatural and intuitive moments These moments are often followed by an internal canceling from memory of supernatural moments The Quality of thoughts is upheld to be a prelude to a better society You will find dynamite information in this book you won't find anywhere else

Baptizing America Brian Kaylor ,Beau Underwood,2024-06-04 In the face of a rising threat to both church and democracy Baptizing America provides an urgent examination and an enlightening critique exposing the dangerous undercurrents of Christian Nationalism How can Mainline Protestants spot such practices in their own activities A crucial call to reckon with influences before it's too late Christian Nationalism presents an existential threat to both Christ's church and American democracy Now is the time before it is too late to reckon with all the places its pernicious influence arises On full display in recent elections Christian Nationalism also exists in sanctuaries where an American flag has been displayed for decades when we pledge allegiance to one nation Under God or when the U S is called a Christian nation Baptizing America critiques the concept of civil religion arguing that such expressions are far more dangerous than we realize Mainline Protestant congregations will likely recognize themselves in the overlooked expressions of Christian Nationalism that pop up in the activities of both church and state

Pulpit Politics Warren L. Vinz,1997-10-27 Pulpit Politics discusses the manner in which nationalistic expression forged a new religious relevance to the American experience and the extent to which these diverse styles of religious nationalism created and reflected tension in twentieth century America Vinz identifies the form of American nationalism as the nationalism of messianism but demonstrates that Protestant leadership throughout the twentieth century gave no consistent voice on what America should be messianic about displaying a cacophonous mix of nationalistic expressions that both reflected and contributed to societal confusion This book enables the reader to understand the American struggle to focus on national meaning to appreciate the long standing polarization of absolutes inherent in the American experience and suggests potential scenarios of resolution
