Rethinking Christian Forgiveness James K. Voiss,2015-05-14 Is there such a thing as Christian Forgiveness Christians speak as though there is But what would it be How would it differ from forgiveness as a basic human

enactment And if there is a distinctive Christian forgiveness what might it have to say to our world today To answer these questions the present work traverses three distinctive intellectual landscapes continental philosophy Anglo American moral philosophy and psychology to establish a phenomenology of forgiving before turning to contemporary Christian literature The multilayered dialogue that ensues challenges the assumptions of contemporary approaches secular and Christian and invites the reader to rethink the meaning of Christian forgiveness

Finding Ourselves Lost Robert C. Dykstra, 2018-06-13 This book wrestles with quandaries of pastoral ministry in what psychotherapist Mary Pipher calls the age of overwhelm

Drawing especially from the wisdom of Jesus own teaching and healing ministries as portrayed in the Gospel of Luke it offers an intimate narrative introduction to pastoral theology for guiding bewildering tasks of pastoral care and counseling These essays encourage seminarians and ministers to embrace their role as agents of healing by exploring their own debilitating shame and daring to speak what in childhood could not be spoken by revealing their discoveries to a trusted confidant so as to feel less loathsome or lonely by attending to even minute individual differences in self and others that fuel social isolation and by believing in those persons who first believed in them

The Logic of Consent Peter Westen,2017-03-02 The Logic of Consent analyzes the varied nature of consent arguments in criminal law and examines the confusions that commonly arise from the failure of legislatures courts and commentators to understand them Peter Westen skillfully argues that the conceptual aspect accounts for a significant number of the difficulties that legislatures courts and scholars have with consent in criminal cases he observes that consent masquerades as a single kind of event when in reality it refers to diverse and sometimes mutually exclusive kinds of events Specifically consent is used in law to refer to three pairs of contrasting kinds of events factual versus legal attitudinal versus expressive and prescriptive versus imputed While Westen takes no position on whether the substance of existing defenses of consent in criminal law ought to be enlarged or reduced in scope he examines each of these contrasting events and analyzes the normative confusions they produce

Emotional Safety Don R. Catherall,2006-11-06 Emotional Safety is designed to help couple therapists identify and conceptualize the problems of their clients and to provide solutions focusing on the two central elements of emotion and attachment Problems occur in relationships when the partners no longer feel safe being open and vulnerable with each other Emotional Safety Viewing Couples Through the Lens of Affect enables couple therapists to recognize and articulate the emotional subtext of their clients interactions The emotional safety

model is based on modern affect theory and focuses on the affective tone of messages in the areas of attachment and esteem. The model allows therapists to address the subtle interplay of perceived threat and emotional reaction which underlies their clients' difficulties and disrupts emotional safety. The Faces of Forgiveness F. LeRon Shults, Steven J. Sandage, 2003-05-01. While forgiveness has historically been regarded as a religious concern, it has also become a popular topic in contemporary psychology. Unfortunately, there has been little effort to combine a Christian understanding of forgiveness with psychology. The Faces of Forgiveness, winner of the Narramore Award from the Christian Association for Psychological Studies, steps in to fill this void. The authors fuse Christian forgiveness and psychology with the unifying motif of the face, thereby building on the considerable psychological research linking emotions related to forgiveness with the human face. At a deeper level, the face can serve as a metaphor for integrating forgiveness, wholeness, and salvation. The authors argue that forgiveness should take a central role in our understanding of salvation because it is warranted by the Bible and engages our postmodern context. Pastors, psychologists, family counselors, and students of psychology and theology will find The Faces of Forgiveness a helpful resource.

Forgiveness and Reconciliation Ani Kalayjian, Raymond F. Paloutzian, 2009-07-21. We all long for peace within ourselves, families, communities, countries, and throughout the world. We wonder what we can do about the multitude of conflicts currently wreaking havoc across the globe and the continuous reports of violence in communities as well as within families. Most of the time we contemplate solutions beyond our reach and overlook a powerful tool that is at our disposal: forgiveness. As a genocide survivor, I know something about it. As the genocide unfolded in Rwanda in 1994, I was devastated by what I believed to be the inevitable deaths of my loved ones. The news that my parents and my seven siblings had indeed been killed was simply unbearable. Anger and bitterness became my daily companions. Likewise, I continued to wonder how the Hutus and Tutsis in Rwanda could possibly reconcile after one of the most horrendous genocides of the 20th century. It was not until I came to understand the notion of forgiveness that I was able to see the light at the end of the tunnel. Common wisdom suggests that forgiveness comes after a perpetrator makes a genuine apology. This wisdom informs us that in the aftermath of a wrongdoing, the offender must acknowledge the wrong he or she has done, express remorse, express an apology, commit to never repeating said harm, and make reparations to the extent possible. Only then can the victim forgive and agree to never seek revenge.
