Forgotten Voices Of The Second Ww:

Forgotten Voices Of The Second World War Max Arthur, 2012-06-30 The Imperial War Museum holds a vast archive of interviews with soldiers sailors airmen and civilians of most nationalities who saw action during WW2 As in the highly acclaimed *Forgotten Voices of the Great War* Max Arthur and his team of researchers spent hundreds of hours digging deep into this unique archive uncovering tapes many of which have not been listened to since they were created in the early 1970s The result will be the first complete oral history of World War 2 We hear at first from British German and Commonwealth soldiers and civilians Accounts of the impact of U S involvement after Pearl Harbour and the major effects it had on the war in Europe and the Far East is chronicled in startling detail including compelling interviews from U S and British troops who fought against the Japanese Continuing through from D Day to the Rhine Crossing and the dropping of the Atom Bomb in August 1945 this book is a unique testimony to one of the world s most dreadful conflicts One of the hallmarks of Max Arthur s work is the way he involves those left behind on the home front as well as those working in factories or essential services Their voices will not be neglected

Forgotten Voices of the Second World War Max Arthur (Military historian), 2004

Forgotten Voices of the Second World War Max Arthur, 2005 Following the publication of the remarkable *Forgotten Voices of the Great War* Max Arthur has once again gone deep into the Imperial War Museum Sound Archive to create this landmark oral history of the most devastating conflict the world has ever seen the Second World War

[Forgotten Voices of Burma](#) Julian Thompson, 2012-09-30 From the end of 1941 to 1945 a pivotal but often overlooked conflict was being fought in the South East Asian Theatre of World War 2 the Burma Campaign In 1941 the Allies fought in a disastrous retreat across Burma against the Japanese an enemy more prepared better organised and more powerful than anyone had imagined Yet in 1944 following key battles at Kohima and Imphal and daring operations behind enemy lines by the Chindits the Commonwealth army were back retaking lost ground one bloody battle at a time Fighting in dense jungle and open paddy field this brutal campaign was the longest fought by the British Commonwealth in the Second World War But the troops taking part were a forgotten army and the story of their remarkable feats and their courage remains largely untold to this day The Fourteenth Army in Burma became one of the largest and most diverse armies of the Second World War British West African Gurkha and Indian regiments fought alongside one another and became comrades In *Forgotten Voices of Burma* a remarkable new oral history taken from Imperial War Museum s Sound Archive soldiers from both sides tell their stories of this epic conflict

Forgotten Voices of the Secret War Roderick Bailey, 2008-09-04 The Gestapo kept me three days in this interrogation house They especially wanted to know what I did after my escape and precise things on the organisation of the SOE And just for fun I suspect because I had really not much to tell them they pulled one of my toenails out Robert Sheppard SOE agent The Special Operations Executive SOE was a secret British organisation created early in World War 2 to encourage resistance and carry out sabotage behind enemy lines in Winston Churchill s famous phrase to set Europe ablaze

Drawing on the vast resources of the Imperial War Museum Sound Archive and featuring a mass of previously unpublished personal testimonies *Forgotten Voices of the Secret War* tells the stories of SOE agents HQ staff diplomats aircrew and naval personnel in their own words As the war unfolds we learn of parachute drops into enemy territory torture by the Gestapo and nerve wracking sabotage missions in far flung climes *Forgotten Voices of the Secret War* is both an incredible account of espionage during World War 2 and a fitting testament to the efforts and sacrifices of a dedicated group of courageous men and women

Forgotten Voices of the Blitz and the Battle For Britain Joshua Levine,2010-09-30 Drawing material from the Imperial War Museum s extensive aural archive Joshua Levine brings together voices from both sides of the Blitz and the Battle of Britain to give us a unique complete and compelling picture of this turbulent time In June 1940 British citizens prepared for an imminent German onslaught Hitler s troops had overrun Holland Belgium and France in quick succession and the British people anticipated an invasion would soon be upon them From July to October they watched the Battle of Britain play out in the skies above them aware that the result would decide their fate Over the next nine months the Blitz killed more than 43 000 civilians For a year the citizens of Britain were effectively front line soldiers in a battle which united the country against a hated enemy We hear from the soldiers airmen fire fighters air raid wardens and civilians people in the air and on the ground on both sides of the battle giving us a thrilling account of Britain under siege With first hand testimonies from those involved in Dunkirk and the Battle of Britain Black Saturday on 7th September 1940 when the Luftwaffe began the Blitz to its climax on the 10th May 1941 this is the definitive oral history of a period when Britain came closer to being overwhelmed by the enemy than at any other time in modern history

Lost Voices of the Edwardians: 1901-1910 in Their Own Words Max Arthur,2009-04-17 Max Arthur bestselling author of the hugely popular *Forgotten Voices* series recaptures the day to day lives of working people in the Edwardian era

Forgotten Voices Ulrich Merten,2017-07-05 The news agency Reuters reported in 2009 that a mass grave containing 1 800 bodies was found in Malbork Poland Polish authorities suspected that they were German civilians that were killed by advancing Soviet forces A Polish archeologist supervising the exhumation said We are dealing with a mass grave of civilians probably of German origin The presence of children suggests they were civilians During World War II the German Nazi regime committed great crimes against innocent civilian victims Jews Poles Russians Serbs and other people of Central and Eastern Europe At war s end however innocent German civilians in turn became victims of crimes against humanity *Forgotten Voices* lets these victims of ethnic cleansing tell their story in their own words so that they and what they endured are not forgotten This volume is an important supplement to the voices of victims of totalitarianism and has been written in order to keep the historical record clear The root cause of this tragedy was ultimately the Nazi German regime As a leading German historian Hans Ulrich Wehler has noted Germany should avoid creating a cult of victimization and thus forgetting Auschwitz and the mass killing of Russians Ulrich Merten argues that applying collective punishment to an entire people is a crime against humanity He

concludes that this should also be recognized as a European catastrophe not only a German one because of its magnitude and the broad violation of human rights that occurred on European soil Supplementary maps and pictures are available online at <http://www.forgottenvoices.net>

Max Arthur,2011-08-01 After the fall of France in May 1940 the British Expeditionary Force was miraculously evacuated from Dunkirk Britain now stood alone to face Hitler s inevitable invasion attempt For the German army to land across the channel Hitler needed mastery of the skies the Royal Air Force would have to be broken So every day throughout the summer German bombers pounded the RAF air bases in the southern counties Greatly outnumbered by the Luftwaffe the pilots of RAF Fighter Command scrambled as many as five times a day and civilians watched skies crisscrossed with the contrails from the constant dogfights between Spitfires and Me 109s Britain s very freedom depended on the outcome of that summer s battle Its air defenses were badly battered and nearly broken but against all odds The Few as they came to be known bought Britain s freedom many with their lives More than a fifth of the British and Allied pilots died during the Battle of Britain These are the personal accounts of the pilots who fought and survived that battle Their stories are as riveting as vivid and as poignant as they were seventy years ago We will not see their like again *The American Promise, Volume C* James L. The Global Infrastructure of the Special Operations Executive

Derwin Gregory, 2021-12-23 During the Second World War the British government established the Special Operations Executive SOE for the purpose of coordinating all action by way of subversion and sabotage against the enemy overseas Although the overseas operations of this branch of the British Secret Services are relatively well known few studies have explored the backroom sections of this organisation This book draws together the infrastructure developed to support an agent s journey from recruitment to despatch to the field At the start of the Second World War there were few existing facilities established within the UK to support clandestine operations As the conflict progressed in parallel to learning the operational procedures of their trade SOE also had to rapidly expand their support infrastructure around the world The organisation could effectively support their agents only by establishing facilities dedicated to training research and development supply transportation communication and command and control By predominately focusing on the organisation s agent facing infrastructure this book provides a backdrop to the brave men and women who conducted operations abroad In addition it gives an overview of the facilities in which SOE s backroom staff lived and worked The book will be of interest to students and scholars of archaeology history and war studies
