Forgotten Millions The Modern Jewish Exodus From Arab Lands:

Forgotten Millions Malka Hillel Shulewitz, 2000-10-27 Describes the situations of the long established Jewish communities of the Arab world the forces that led them to immigrate to Israel and the conditions that shaped their new lives in a Jewish state led by Jews of a different heritage *Encyclopedia of the Jewish Diaspora* M. Avrum Ehrlich, 2008-10-03 This three volume work is a cornerstone resource on the evolution and dynamics of the Jewish Diaspora as it played out around the world from its beginnings to the present *Encyclopedia of the Jewish Diaspora Origins Experiences and Culture* is the definitive resource on one of world history's most curious phenomena encompassing the communities' cultures, ethnicities and experiences created by the Diaspora in every region of the world where Jews live or Jewish ancestry exists. The encyclopedia is organized in three volumes. The first includes 100 essays on the Jewish Diaspora experience with coverage ranging from ethnography and demography to philosophy, history, music and business. The second and third volumes feature hundreds of articles and essays on Diaspora regions, countries, cities and other locations. With an editorial board of renowned Jewish scholars and with an extraordinarily accomplished team of contributors, *Encyclopedia of the Jewish Diaspora* captures the full scope of its subject like no other reference work before it. *Folktales of the Jews, V. 3 (Tales from Arab Lands)* Dan Ben Amos, 2011-05-01 Thanks to these generous donors for making the publication of the books in this series possible. Lloyd E. Cotsen, The Maurice Amado Foundation, National Endowment for the Humanities and the National Foundation for Jewish Culture. *Tales from Arab Lands* presents tales from North Africa, Yemen, Lebanon, Syria and Iraq in the latest volume of the most important collection of Jewish folktales ever published. This is the third book in the multi-volume series in the tradition of Louis Ginzberg's timeless classic *Legends of the Jews*. The tales here and the others in this series have been selected from the Israel Folktale Archives (IFA) named in Honor of Dov Noy at The University of Haifa, a treasure house of Jewish lore that has remained largely unavailable to the entire world until now. Since the creation of the State of Israel, the IFA has collected more than 20,000 tales from newly arrived immigrants, long lost stories shared by their families from around the world. The tales come from the major ethno-linguistic communities of the Jewish world and are representative of a wide variety of subjects and motifs, especially rich in Jewish content and context. Each of the tales is accompanied by in-depth commentary that explains the tale's cultural, historical and literary background and its similarity to other tales in the IFA collection and extensive scholarly notes. There is also an introduction that describes the culture and its folk narrative tradition, a world map of the areas covered, illustrations, biographies of the collectors and narrators, tale type and motif indexes, a subject index and a comprehensive bibliography. Until the establishment of the IFA, we had had only limited access to the wide range of Jewish folk narratives. Even in Israel, the gathering place of the most wide-ranging cross-section of world Jewry, these folktales have remained largely unknown. Many of the communities no longer exist as cohesive societies in their representative lands; the Holocaust, migration and changes in living styles have made the continuation of

these tales impossible This series is a monument to a rich but vanishing oral tradition This series is a monument to a rich but vanishing oral tradition *The Jewish Divide Over Israel* Paul Bogdanor,2017-07-05 Before 1967 Israel had the overwhelming support of world opinion So long as Israel s existence was in harmony with politically correct assumptions it was supported or at least accepted by the majority of progressive Jews especially in the wake of the Holocaust This is no longer the case *The Jewish Divide Over Israel* explains the role played by prominent Jews in turning Israel into an isolated pariah nation After their catastrophic defeat in 1967 Arabs overcame inferiority on the battlefield with superiority in the war of ideas Their propaganda stopped trumpeting their desire to eradicate Israel Instead in a calculated appeal to liberals and radicals they redefined their war of aggression against the Jews as a struggle for the liberation of Palestinian Arabs The tenacity of Arabs rejection of Israel and their relentless campaign in schools universities churches professional organizations and above all the news media to destroy Israel s moral image had the desired impact Many Jewish liberals became desperate to escape from the shadow of Israel s alleged misdeeds and found a way to do so by joining other members of the left in blaming Israeli sins for Arab violence Today Jewish liberals rationalize violence against the innocent as resistance to the oppressor excuse Arab extremism as the frustration of a wronged party and redefine eliminationist rhetoric and physical assaults on Jews as criticism of Israeli policy Israel s Jewish accusers have played a crucial and disproportionate role in the current upsurge of antisemitism precisely because they speak as Jews The essays in this book seek to understand and throw back the assault on Israel led by such Jewish liberals and radicals as Tony Judt Noam Chomsky George Steiner Daniel Boyarin Marc Ellis Israel Shahak and many others Its writers demonstrate that the foundation of the state of Israel far from being the primal sin alleged by its accusers was one of the few redeeming events in a century of blood and shame *Seek the Peace of Jerusalem* Omer Salem,2017-12-19 Over the last seven decades since the formation of the State of Israel there has been no shortage of Jews and Arabs desiring peace in Israel Palestine the Holy Land Most peacemaking attempts failed because the parties did not see peace as a win win deal The prevailing mantra in this conflict is win lose or no deal Today the Palestinians are not willing to make a deal with the Israeli Jews because they perceive that a deal with the Israeli Jews means the Palestinians will lose Also the Israelis are not willing to make a deal with the Palestinian Arabs because they perceive that a deal with the Palestinian Arabs means the Israelis will lose There are also other geopolitical factors affecting this conflict This conflict is gradually shifting toward a battle fueled by people relying on religious texts to prolong the struggle
