Flowerdew,1998-02-12 This book critically reviews the British experience in Hong Kong with special emphasis on the tenure of the last governor Chris Patten and the discourse he used in guiding the transfer of sovereignty to China While the People s Republic of China proclaimed the recovery of Hong Kong to be just retribution for a century and a half of national shame under British rule Patten as the spokesperson for the British was concerned that Britain s exit from its last significant colony should be an honourable one The Second World Wars Victor Davis Hanson,2017-10-17 A breathtakingly magisterial account of World War II by America s preeminent military historian Wall Street Journal World War II was the most lethal conflict in human history Never before had a war been fought on so many diverse landscapes and in so many different ways from rocket attacks in London to jungle fighting in Burma to armor strikes in Libya The Second World Wars examines how combat unfolded in the air at sea and on land to show how distinct conflicts among disparate combatants coalesced into one interconnected global war Drawing on 3 000 years of military history bestselling author Victor Davis Hanson argues that despite its novel industrial barbarity neither the war s origins nor its geography were unusual Nor was its ultimate outcome surprising The Axis powers were well prepared to win limited border conflicts but once they blundered into global war they had no hope of victory An authoritative new history of astonishing breadth The Second World Wars offers a stunning reinterpretation of history s deadliest conflict **British Book News** British Council,1990 Includes no 53a British wartime books for young people **Historic Battlefields in 500 Walks** Steve Fallon,2023-04-11 Tour hundreds of historic battlefields across the world with this captivating guide to exploring the sites where empires rose and fell Stretching across the millennia from
