Economic Analysis of Information and Contracts Gerald A. Feltham, Amin H. Amershi, William T. Ziemba, 2012-12-06
The three coeditors knew John Butterworth for many years and had worked closely with him on a number of research projects We respected him as a valuable colleague and friend We were greatly saddened by his untimely death This book is an attempt to remember him We dedicate the volume to John with thanks for the contributions he made to our research to the Faculty of Commerce and Business Administration at the University of British Columbia and to the accounting profession This volume contains twelve invited papers on the general topic of the economic theory of information and contracts We asked leading scholars who had known John to contribute papers The response was very gratifying The authors provided us with new strong research papers that should make a lasting contribution to the accounting and information economics research literature and make us all proud to have put this volume together The research papers in the volume are in three sections information evaluation in multi person contexts contracting in agencies under moral hazard and contracting in agencies with private information We begin part I with Jerry Feltham's review of John Butterworth's pioneering contributions to the accounting and information economics literature This is followed by an introduction to the papers in the volume and the papers themselves

Economic Analysis of Contract Law Sugata Bag, 2018-01-24 This book examines the main issues arising in economic analysis of contract law with special attention given to the incomplete contracts It discusses both the main features of contract law as they relate to the problem of economic exchange and how the relevant legal rules and the institutions can be analysed from an economic perspective Evaluate the welfare impacts analyses the effects and the desirability of different breach remedies and examines the optimal incentive structure of party designed liquidated damages under the different dimensions of informational asymmetry Overall the book aims to contribute to the legal debate over the adoption of the specific breach remedies when the breach victim's expectation interest is difficult to assess and to the debate over courts reluctance to implement large penalties in the event of breach of contracts

[Economic Analysis of the DCFR](#)
Filomena Chirico, Pierre Larouche, 2010-03-12 The Economic Impact Group EIG was created to support the work on the DCFR with insights from law and economics It brings together a number of leading European law and economics scholars The Group looked at the main elements of the DCFR with two questions in mind from an economic perspective is it sensible to harmonize private law across Europe for this specific element and is the solution chosen in the DCFR optimal This book presents the outcome of the work of the EIG It deals with key issues such as the function of contract law contract formation good faith non discrimination specific performance versus damages standard contractual terms and consumer protection in contract law The EIG complements the work of the drafters of the DCFR with insightful and critical assessments based on the well established law and economics literature

Contract Law Minimalism Jonathan Morgan, 2013-11-07 Commercial contract law is in every sense optional given the choice between legal systems and law and arbitration Its doctrines are in fact virtually all default rules Contract Law Minimalism advances the thesis that commercial parties prefer a minimalist law that sets out to enforce what they have decided but does nothing else The limited capacity of the legal process is the key to this minimalist stance This book

considers evidence that such minimalism is indeed what commercial parties choose to govern their transactions It critically engages with alternative schools of thought that call for active regulation of contracts to promote either economic efficiency or the trust and co operation necessary for relational contracting The book also necessarily argues against the view that private law should be understood non instrumentally whether through promissory morality corrective justice taxonomic rationality or otherwise It sketches a restatement of English contract law in line with the thesis *Encyclopedia of Law and Society* David S. Clark,2007-07-10 Introduction to and survey of the field of law and society Includes interdisciplinary perspectives on law from sociology criminology cultural anthropology political science social psychology and economics
