Economic Growth and Development Olivier La Grandville, 2011-12-12 Since the very beginnings of economics as a science which might be dated from Ibn Khaldun's Introduction to History 1377 the challenge of making societies escape from poverty and attain some degree of prosperity has always been and can remain a fundamental issue This book presents research on each of these issues

Nationalist Voices in Jordan Betty S. Anderson, 2005-05-01 According to conventional wisdom the national identity of the Jordanian state was defined by the ruling Hashemite family which has governed the country since the 1920s But this view overlooks the significant role that the Arab street in this case ordinary Jordanians and Palestinians played and continues to play in defining national identity in Jordan and the Fertile Crescent as a whole Indeed as this pathfinding study makes clear the street no less than the state has been a major actor in the process of nation building in the Middle East during and after the colonial era In this book Betty Anderson examines the activities of the Jordanian National Movement JNM a collection of leftist political parties that worked to promote pan Arab unity and oppose the continuation of a separate Jordanian state from the 1920s through the 1950s Using primary sources including memoirs interviews poetry textbooks and newspapers as well as archival records she shows how the expansion of education new jobs in the public and private sectors changes in economic relationships the establishment of national militaries and the explosion of media outlets all converged to offer ordinary Jordanians and Palestinians who were under the Jordanian government at the time an alternative sense of national identity Anderson convincingly demonstrates that key elements of the JNM's pan Arab vision and goals influenced and were ultimately adopted by the Hashemite elite even though the movement itself was politically defeated in 1957

The role of agriculture and agro-processing for development in Jordan Figueroa, Jose Luis, Mahmoud, Mai, Breisinger, Clemens, 2018-02-01 This paper aims to support the implementation of the strategic development plans of Jordan by analyzing the role of agriculture and farmers in the Jordanian economy the role that productivity and structural change can play for fostering agricultural growth and the role agro processing may play in Jordan's economic development We argue that the development of the agro processing sector often has stronger backward and forward linkages with the agricultural sector than other sectors and thus plays an important role for rural transformation Jordan Economic and Development Strategy Handbook Volume 1 Strategic Information and Programs IBP.
