1945 trends and the points of departure notably in the post 1970 period are discussed to provide a more complete examination than previously available      The South, the Nation, and the World David Lee Carlton, Peter A. Coclanis, 2003 In this collection of essays the authors argue that the chronic economic difficulties of the American South cannot be explained away as resulting from a distinctive premodern business climate since there was little variation between regional business climates during the Antebellum period      **The South in the Building of the Nation** Mims, Edwin,      *The South in the Building of the Nation* James Curtis Ballagh, 2002 In 1900 there was a general agreement among Southerners on the need for a comprehensive history of the Southern states It had been and was a nation sharing beliefs traditions and culture This series originally published in 1909 is a record of the South's part in the making of the American nation It portrays the character the genius the achievements and the progress in the life of the Southern people This volume discusses the founding and development of the states of Florida Louisiana Missouri Arkansas and Texas      **Race and Schooling in the South, 1880-1950** Robert A. Margo, 1990 Robert A Margo mines a wealth of newly available census data and school district records to explore the experience of blacks in the American economy Identifying the links between educational expenditures racial discrimination and occupational mobility he clarifies the costs of segregation      The South in the Building of the Nation: Economic history, 1865-1909, ed. by J.C. Ballagh , 1909      **A Bibliography of Historical Economics to 1980** Deirdre N. McCloskey, George K. Hersh, Jr, 1990 Historians and economists will find here what their fields have in common the movement since the 1950s known variously as cliometrics economic history or historical economics A leading figure in the movement Donald McCloskey has compiled with the help of George Hersh and a panel of distinguished advisors a highly comprehensive bibliography of historical economics covering the period up until 1980 The book will be useful to all economic historians as well as quantitative historians applied economists historical demographers business historians national income accountants and social historians      *Economic Development of Africa, 1880-1939 vol 4* David Sunderland, 2017-09-29 One of the main motives for British imperialism in Africa was economic gain This collection examines the ways in which Britain developed Africa and in so doing benefited her own economy      **Economic Development of Africa, 1880-1939 vol 1** David Sunderland, 2024-10-28 One of the main motives for British imperialism in Africa was economic gain This collection examines the ways in which Britain developed Africa and in so doing benefited her own economy      **The Oxford Handbook of Southern Politics** Charles S. Bullock, Mark J. Rozell, 2012-03-15 The twenty three essays included in The Oxford Handbook of Southern Politics present a definitive view of the factors that contribute to the South's distinctive politics examining these factors in the context of the region's political development since World War II      **British Economic Development in South East Asia, 1880-1939, Volume 1** David Sunderland, 2017-07-05 This collection focuses on the economic development of the areas of SE Asia with which Britain had a trading relationship Covering 1880 1939 the economic growth of the region is revealed through a selection of rare primary resources organized thematically with sections

dedicated to agriculture mining trade labour finance and infrastructure

**Australian National Bibliography: 1992**

National Library of Australia, 1988

**Developing Dixie** Winfred Moore, Joseph F. Tripp, Lyon G. Tyler, 1988-06-27

This collection of essays examines the development of the American South from the end of the Civil War to the end of World War II. Written by both well known and emerging scholars, the essays are divided into sections that address some of the major issues of that era, such as race relations, economic development, political reform, the roles of southern women, the messages of folk music, and the problems of the region's historians. Each article offers fresh insights or new information on its subject, and collectively the articles help to illuminate how the most traditional of American regions tried to cope with the forces of modernization.
