Lawrence, 2011-09-14 Who wrote the first five books of the Bible Does it really matter who did The Books of Moses Revisited explores this guestion by comparing the covenants of Exodus Leviticus and Deuteronomy with the inter state treaties of the late second millennium BC Some compelling similarities come to light both in the pattern adopted and in many small details Lawrence clearly demonstrates this with many examples and diagrams yet without assuming that readers possess a detailed knowledge of ancient history and linguistics Despite the entrenchment of the widely held theory the so called Documentary Hypothesis that the first five books of the Bible were the product of an anonymous editor living many centuries after Moses this book argues that the first five books of the Bible bear many hallmarks of being late second millennium BC compositions and that Moses should not be ruled out as being the author The book also explores how several ancient texts the Egyptian Story of Sinuhe the Mesopotamian Epic of Gilgamesh and Homer's Iliad and Odyssey were transmitted in antiquity and suggests that a similar process also lies behind the transmission of the first five books of INTO THE BIBLE-Wow! O'Dell, 2020-02-19 This book is for those who want to be true to the spirit of the Christ and want to use the Bible as a guide to their spiritual growth rather than as a literal instruction manual for evaluating and judging external behavior especially the behavior of others Spiritual growth pays little attention to controlling external behavior Spirituality is always an inside job and is always gentle kind understanding and accepting of others and of self The fruit of this book is the presentation of biblical facts which are sewn together in the recognition that the Kingdom of God is available right now for you Having experiences where others see God in you Gifting your life with experiences of seeing God in all
