

Extremist Groups In America

Stephen E. Atkins

Extremist Groups In America:

Hate Groups and Extremist Organizations in America Barry J. Balleck, 2019-07-08 This expansive collection of A Z entries offers a compelling look into hate groups in America Focusing on organizations in operation today this resource book for student and general audiences covers numerous hot button issues in politics and culture The Southern Poverty Law Center lists nearly 900 hate groups active in the United States today Some of these such as the KKK have deep roots in American history Others are newer formed in response to policies and shifts in our cultural landscape Often these organizations imply defense of America and political ideals in their names such as Council of Conservative Citizens and American Family Association Some such as White Aryan Resistance and Supreme White Alliance are more direct in their associations Nearly all posit an erosion of rights and values a way of life that is becoming lost to immigrants a diffusion or integration of population and government overstep Many of these groups preach a necessity for violence through either outright or thinly veiled language Membership in these organizations poses another topic for investigation as their ranks are not just anti government or pro gun rights types who seek to defend the Constitution Many are simply citizens who see their ideal for America as under threat by various groups whether ethnic racial or religious This unique reference will allow readers to explore the underlying issues central to understanding them How do these hate groups get started and why do people join

Terrorism in America Brent L. Smith, 1994-01-01 Using extensive records from federal district courts national archives the U S Sentencing Commission and the Administrative Office of U S Courts Brent Smith examines the activities of persons investigated for acts of terrorism during the 1980s He traces the lives of the men and women who turned to terrorism in America the goals that motivated their behavior and the crimes they committed In addition the book provides detailed information regarding how shifts in federal priorities led to the capture and subsequent conviction of most of these offenders as well as the severity with which these men and women were punished

Nature and Threat of Violent

Anti-government Groups in America United States. Congress. House. Committee on the Judiciary. Subcommittee on Crime, 1996

Hate Groups David E. Newton, 2021-08-02 Hate Groups A Reference Handbook offers answers to essential questions about hate groups in a way that is accessible to students and general readers interested in this important topic Hate Groups A Reference Handbook covers the topic of hate groups from the earliest pages of human history to the present day Chapters One and Two provide a historical background of the topic and a review of current problems controversies and solutions The remainder of the book consists of chapters that aid readers in continuing their research on the topic such as an extended annotated bibliography a chronology a glossary lists of noteworthy individuals and organizations in the field and important data and documents The variety of resources provided such as further reading perspective essays about hate groups a historical timeline and useful terms in the field differentiates this book from others of its kind It is intended for readers of high school through the community college level along with adult readers who may be interested in the topic

Policing in America Larry K. Gaines, Victor E. Kappeler, 2011-06-04 This comprehensive text provides an overview of law enforcement topics integrating major empirical findings and theory based research findings in the field with a thorough analysis of contemporary policing problems The issues oriented discussion focuses on critical concerns facing American police including personnel systems organization and management operations discretion use of force culture and behavior ethics and deviance civil liability and police community relations A critical assessment of police history and the role politics played in the development of American police institutions is offered Globalization terrorism and homeland security are addressed Video and Internet links provide additional coverage of topics discussed in the text Companion mobile app Policing In America Exam Cram won the 2012 PROSE Award for Best eProduct in Social Sciences from the Association of American Publishers Video links provide additional coverage of topics discussed in the text Key concepts Internet links charts and tables support the text throughout Equipped with a superior ancillary package which includes 30 minutes of streaming video

Hate Groups and Extremist Organizations in America Barry J. Balleck, 2023 This expansive collection of A Z entries offers a compelling look into hate groups in America Focusing on organizations in operation today this resource book for student and general audiences covers numerous hot button issues in politics and culture The Southern Poverty Law Center lists nearly 900 hate groups active in the United States today Some of these such as the KKK have deep roots in American history Others are newer formed in response to policies and shifts in our cultural landscape Often these organizations imply defense of America and political ideals in their names such as Council of Conservative Citizens and American Family Association Some such as White Aryan Resistance and Supreme White Alliance are more direct in their associations Nearly all posit an erosion of rights and values a way of life that is becoming lost to immigrants a diffusion or integration of population and government overstep Many of these groups preach a necessity for violence through either outright or thinly veiled language Membership in these organizations poses another topic for investigation as their ranks are not just anti government or pro gun rights types who seek to defend the Constitution Many are simply citizens who see their ideal for America as under threat by various groups whether ethnic racial or religious This unique reference will allow readers to explore the underlying issues central to understanding them How do these hate groups get started and why do people join

Modern American Extremism and Domestic Terrorism Barry J. Balleck, 2018-06-01 Highlighting a breadth of American individuals and groups that engaged in extremist behavior across history this book provides a succinct concise overview of extremist behavior in the past and examines today s increasingly common incidences of hate and extremism Since the election of Barack Obama in 2008 extremist and hate groups have seen a resurgence on the American political landscape Members of these subgroups within the American population have become concerned that the America that they have always known is fading into oblivion with a majority of individuals in these groups holding fiercely anti immigration views and adhering to the belief that the United States should not admit large numbers of any group that is not white Christian or predominantly European Others

believe that the principles and precepts of the U S Constitution have gone by the wayside and that drastic measures are required to protect the underlying tenets that were the essential elements of the Constitution and many of their nation s founding principles How did these individuals come to feel this way is it possible to bring these impassioned extremists back into the fold and if so how This book provides comprehensive illuminating and sometimes disturbing insights into the individuals groups and events that have illustrated extremist behavior in post World War II America Ranging from the anti communist rhetoric and activities of the John Birch Society to the radical socialist ideals of the Black Panthers to the goals of a pure America articulated by white nationalists this book documents the various extremist elements that shaped the second half of the 20th century as well as the first two decades of the 21st century Readers will grasp how events in the histories of individuals and groups as well as perceived injustices have lead to the incidences of hate and extremism in American society The encyclopedic entries of the book are specifically written to accessible to readers without specific knowledge of extremism political science or sociology *Encyclopedia of Modern American Extremists and Extremist Groups* Stephen E. Atkins,2002-07-30 More than 75% of the coverage deals with the period since the 1980s including subjects unavailable in other sources *Foreign Terrorists in America* United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Technology, Terrorism, and Government Information,1998 Professional Journal of the United States Army ,2009-05

Terrorism Inside America's Borders Ashraf Esmail,Lisa A. Eargle,Brandon Hamann,2021-05-03 Using the insights provided by criminology sociology psychology and other disciplines *Terrorism Inside America s Borders* delivers a multi faceted examination of the issues associated with domestic terrorism Some of the issues explored include the similarities and differences between terrorism and other criminal activities the roles that social institutions and social processes play in the creation and prevention of terrorism the stages involved in the unfolding of a terrorism disaster and the impacts terrorism has on people s lives and property The history and trends of terrorism as well as possible emerging solutions are also explored Diversity and Society Joseph F. Healey,Andi Stepnick,2022-11-22 Of the challenges confronting the United States today those relating to diversity continue to be among the most urgent and the most daunting Americans value equality freedom and justice However discrimination rejection of others racism and sexism are also part of our national heritage Every part of our society and virtually every item on the national agenda welfare and health care policing crime and punishment family education defense foreign policy and terrorism have some connection with dominant minority relations This textbook contributes to our ongoing national discussion by presenting information raising questions and deeply examining relevant issues Our goal is to help you increase your knowledge improve your understanding of the issues and clarify your thinking about social inequalities related to race ethnicity gender class and other inequalities We ve written for undergraduate students sociology majors and non majors alike We make few assumptions about students knowledge of history or sociological concepts and we try to present the material in a way that you ll find relevant and easy to understand

For example we use a unified set of themes and concepts throughout the book Our analysis is consistent and continuous even as we examine multiple sociological perspectives and different points of view We introduce most of the conceptual framework in the first four chapters Then in Chapters 5 through 8 we apply these concepts and analytical themes to a series of minority groups e g African Americans Native Americans Chapter 9 examines immigrant groups that are relatively new to the United States Finally in Chapter 10 we review and summarize our main points conclude our analysis and speculate about the future Thus this text follows an explicit structure introduction Part 1 application and development Parts 2 and 3 and conclusion Part 4 We hope that this organization will help you follow the thrust of our analysis and recognize the complexity of group relations inequality and conflict Our analysis is generally macro and comparative That is we focus on large groups and social structures such as social institutions and stratification systems We systematically compare the experiences and situations of America s many minority groups over time The book follows in the tradition of conflict theory but it isn t a comprehensive statement of that tradition We introduce and apply other perspectives but we don t attempt to give equal attention to all current sociological paradigms explain everything or include all possible analytical points of view It couldn t be done Rather our goals are a to present the sociology of minority group relations in a way that s understandable and intellectually challenging and b to address the issues and tell the stories behind the issues in a way that is interesting and that shows the power and importance of sociological thinking

Evolution of U.S. Counterterrorism Policy Yonah Alexander, Michael B. Kraft, 2007-12-30 Including many older documents not available electronically or otherwise accessible this three volume set provides the first comprehensive collection of key documents statements and testimony on U S government counterterrorism policies as they have evolved in the face of the changing terrorist threats Selected executive and congressional materials highlight the government s diverse policy and program responses to terrorism The testimony statements and documents provide the public articulation and face to the largely important intelligence law enforcement preventative security measures and international cooperation used in the shadowy war against terrorism Recent entries provide a handy compilation of important post 9 11 materials For example useful background information on U S actions against Osama bin Laden the Taliban and Saddam Hussein and terrorism fundraising Also included are statements from the Reagan and other administrations that relate to disputes over the appropriate use of force Introductory chapters by Alexander and Kraft provide the historical context and analysis of previous and current U S counterterrorism policy including U S legislation For over two centuries America has faced occasional outbreaks of terrorism perpetrated by both indigenous and foreign groups But the spectacular bombing in Oklahoma City in 1995 and the September 11 2001 attacks seemed to signify a new age frightening many Americans and destroying their sense of domestic security In addition U S citizens and interests have been increasingly affected by acts of terrorism abroad The challenges of terrorism therefore have required the United States to develop comprehensive strategies and programs to counter both conventional and unconventional threats nationally and

globally

American Extremism D. J. Mulloy, 2004-08-02 American Extremism explains how at the heart of the politics practiced by the militia movement is an attempt to define the nature of Americanism and shows how militia members employ the myths metaphors and perceived historical lessons of the American Revolution the constitutional settlement and America's frontier experience to do so Mulloy argues that militia members search for the authority of history leads them to a position best characterized as ahistorical historicism in which political interests in the present are given greater weight than the demands of a historically accurate reading of the past With discussion of such recent events as the Oklahoma City bombing Waco and the September 11th attacks alongside topical issues including militia conspiracy theories and the origins of Americans right to keep and bear arms this work provides the deepest understanding to date of the American militia movement

Review of Current Military Literature, 2009

Military Review, 2009

Global Terrorism Threat Assessment 2024 Catrina Doxsee, Alexander Palmer, Riley McCabe, 2024-04-01 This CSIS report states that terrorism is no longer the leading international threat to the United States or its top defense priority but challenges related to violent extremism remain The threat from Salafi jihadist groups such as al Qaeda and the Islamic State has declined and ethnonationalist threats are largely contained However a broader patchwork of violent far left extremist ideologies has become more prominent on the global stage

Comparative Analysis Between Right Wing and Left Wing Extremist Groups in the United States Scott Michael Carlyon, 1988

Al Qaeda, the Taliban, and Other Extremists Groups in Afghanistan and Pakistan United States. Congress. Senate. Committee on Foreign Relations, 2011

U.S. Domestic and Transnational Terrorism Joseph A. Ruffini, Patricia A. Ruffini, 2025-09-15 U S Domestic and Transnational Terrorism is an easy to read and comprehensive primer detailing the essential information necessary to understand the current terrorist landscape and threats The book defines terrorism and outlines the distinctions between what are considered terror attacks criminal acts and hate crimes In looking at both U S domestic and transnational terror organizations the coverage provides a profile of groups tactics attack and operational hallmarks illegal activities to date and the ongoing threats they present The book highlights the need for preparedness and vigilance but not paranoia proposing ways in which American authorities and the citizens that they serve can greatly enhance terror awareness preparedness and prevention U S Domestic and Transnational Terrorism serves as both an essential manual and a reference book for a wide variety of readers This includes homeland security practitioners federal government and Department of Defense forces and protection personnel security and anti terrorism professionals law enforcement agencies fire and medical first responders and academic institutions offering courses in homeland defense security and transnational terrorism studies and everyday citizens who wish to be informed and aware
