From Castle Rackrent to Castle Dracula Paul E. H. Davis, 2011 Paul E H Davis and the Irish Land Question In his challenging new book Paul E H Davis offers an entirely new critique of how novelists in nineteenth century Ireland had to act both as writers and historians in their attempts to find a solution to what became the Irish Land Question Challenging the widely held nationalist view that Irish novelists of this period had little or nothing to offer Davis slots these castaway novelists into a new identifiable category the agrarian novelists The book is divided into three parts Part One considers novelists writing between the Union and the Famine Maria Edgeworth Gerald Griffin John and Michael Banim and William Carleton Part Two looks at how the agrarian novel emigrates with reference to the novels of Charles Kickham and to the Irish novels of Anthony Trollope Part Three considers how some agrarian novelists specifically Thomas Moore and Bram Stoker felt the solution lay not in the real world but in the world of fantasy An exceptional book on why the agrarian novelists deserve to be valued for their unique perception of Ireland in the nineteenth century

The Cinema of Eric Rohmer Jacob Leigh,2012-05-03 Since the death of the French film director Eric Rohmer in 2010 interest in his work has reignited Known as the last of the established directors in the French New Wave Rohmer took complete control over all his films acting as his own producer throughout his career and writing the scripts He also made his mark by taking the lead in casting and location scouting as French seaside resorts with beautiful young people are some of the elements present in most of his films Combining history and criticism Jacob Leigh

pens the first chronological survey of this understudied filmmaker in order to give readers clear insights into how Rohmer's films came about and what he intended them to be. The book provides in depth analysis of the themes and ideas of Rohmer's twenty three feature films and illustrates the complexity of their cinematic style. Leigh's study is the perfect introduction to the work of this great filmmaker for both students and the general reader. **Sister Sleuths** Nell Darby, 2021-03-03 A unique and inherently fascinating history that brings a particular aspect of the role of women in law enforcement up out of obscurity. Midwest Book Review. The 1857 Divorce Act paved the way for a new career for women that of the private detective. To divorce you needed proof of adultery and men soon realized that women were adept at infiltrating households and befriending wives learning secrets and finding evidence. Over the course of the next century women became increasingly confident in gaining work as private detectives moving from largely unrecognized helpers to the police and to male detectives to becoming owners of their own detective agencies. In fiction they were depicted as exciting creatures needing money and work in fact they were of varying ages backgrounds and marital status seeking adventure and independence as much as money. Former actresses found that detective work utilized their skills at adopting different roles and disguises former spiritualists were drafted to denounce frauds and stayed to become successful private eyes and several female detectives became keen supporters of the women's suffrage movement having seen for themselves how career minded women faced obstacles in British society. *Sister Sleuths* seeks to shed light on the groundbreaking women who have worked over the past century and a half to uncover wrongdoing and solve crimes. The book is well researched and provides numerous examples of women who either dabbled in investigation or made it their life's work. Historical Novel Society. Absolutely enthralling stuff. Books Monthly. **Digital Cultures, Lived Stories and Virtual Reality** Thomas Maschio, 2021-11-29 This book focuses on the meaning and experience of digital practice emerging from work in the world of business and drawing on recent anthropological thinking on digital culture. Tom Maschio suggests that the digital is a space of a new story culture and considers the lived experience of new technologies. The chapters cover storytelling in journalism and business with the new technology of virtual reality the emerging meanings of social media and community building in the digital space the uses and meanings of visual imagery online and the cultural meanings of smartphone technology use and the mobile life. The book incorporates ideas from humanistic anthropology and phenomenology in order to bring business problems into alignment with human concerns and desires and to show the application of anthropological ideas to real world issues. As well as anthropologists the book will be valuable to business students and professionals interested in the digital realm. *To War with God* Peter Fiennes, 2011-09-01 *To War With God* is the moving account of Anglican chaplain Edward Montmorency Monty Guilford's service in the First World War. Written by his grandson it draws on first hand material including Monty's diaries photographs and letters tracing his journey from his first days on the Somme through the mud and terror of Cambrai to Belgium and the Army of Occupation. Along the way Monty won the MC but lost his faith. The book also looks at the war

lives of four men who had a powerful influence on Monty his beloved brother in law Jack Bigger who went missing after only days at the Front his friend Pullthrough a poet and author of scintillating letters Private Joseph Bateman executed for desertion who spent his last night with Monty and Dick Sheppard the pacifist preacher who helped Monty back to health after the war To War With God shows a man s faith in God being tested by an onslaught of horror But it also shows the joy the confusion and the humour of life as a clergyman in the war to end all wars Eye of the Saber S.S.
