## Eyes In The Fishbowl:

**Eyes in the fishbowl** Zilpha Keatley Snyder, 1968      Eyes in the Fishbowl ,      *Create + Prosper* Monica Leonelle, 2024-09-30 Ready to make art AND money at the same time Monica Leonelle has written the playbook for authors on building a sustainable writing career as an independent publisher The path to becoming a full time author is clear cut but no one is talking about exactly what you need to focus on and when This book is for authors who feel overwhelmed and overworked while trying to reach their dreams of writing full time With this book you can end the confusion of what marketing tactics to implement how to make it in this industry on a budget and answer the age old question of Why isn't my book selling at any point in the process In *Create Prosper* you'll learn about the seven tiers of prosperous creation and figure out what tier you're at From there Monica gives you 2-3 straightforward goals to focus on to help you move through that tier faster By working on the few most important things for the stage in your career you're at you'll be able to block out all the noise conflicting advice and comparisonitis and reach your writing goals sooner as a result Plus when you get to tiers 4 and up that's when you start to see your money grow The Prosperous Creation system will help you If you haven't finished your book If you struggle to get reviews or sales If you feel overwhelmed by marketing your books If your books are not getting great feedback If you've had some success but are ready to get to the next level If you jump around between projects without finishing the one in front of you If you have seen a HUGE drop in sales recently and don't know how to build them back up If you are having trouble keeping the readers you find engaged If you are seeing some success but feel totally burned out by your current workflow If you haven't hit a steady 4 or 5 figure income per month that feels predictable and reliable If you've been stuck on the same writing publishing and marketing problems for months at a time If you are ready to build sustainable business systems and processes that let you write more As the independent publishing industry matures it's not enough to be a good writer know the latest marketing tactics have a good cover pay for an editor or build an email list Instead you need a solid strategy in place that will help you weather any storm build real fans that keep reading you year after year turn your writing success into a long term business and get you out of the 16 hour drain of working for yourself The Hierarchy of Prosperous Creation is the playbook you've been waiting for It covers all stages of an author career from just starting out all the way up to mega success      *The Web Master* Rob Slater, 2006-02 Nick Fox is the genius code named the Web Master and the founder and leader of Factor 9 From their state of the art underground command post located just outside of Washington DC the Web Master directs his Factor 9 team through the infiltration of our enemies networks With the aid of their multi billion dollar supercomputer UtahRaptor this team renders their enemies electronic operations lifeless Hired by the CIA to track down one of the most dangerous men in the world Factor 9 must navigate through their most dangerous mission yet Operation Pacemaker From the Middle East to Australia to the Port of Baltimore Factor 9 pursues the largest global arms dealer who is planning a supply line of weapons that may destabilize the world Operation Pacemaker comes at a time when
