*Naval Eyewitnesses* James Goulty, 2022-11-04 Goulty tells the story from the perspective of the ordinary sailor or officer who was there *The Northern Mariner* Although many books have been

written about naval actions during the Second World War histories and memoirs in particular few books have attempted to encompass the extraordinary variety of the experience of the war at sea That is why James Goulty s vivid survey is of such value Sailors in the Royal Navy and the Merchant Navy experienced a war fought on a massive scale on every ocean of the world in a diverse range of vessels from battleships aircraft carriers and submarines to merchant ships and fishing boats Their recollections are as varied as the ships they served in and they take the reader through the entire maritime war as it was perceived at the time by those who had direct personal knowledge of it Throughout the book the emphasis is on the experience of individuals their recruitment and training their expectations and the reality they encountered on active service in many different offensive and defensive roles including convoy duty and coastal defence amphibious operations hunting U boats and surface raiders mine sweeping and manning landing and rescue craft A particularly graphic section describes in the words of the sailors themselves what action against the enemy felt like and the impact of casualties seamen who were wounded or killed on board or were lost when their ships sank A fascinating inside view of the maritime warfare emerges which may be less heroic than the image created by some post war accounts but it gives readers today a much more realistic impression of the whole gamut of wartime life at sea Eyewitnesses at the Somme Tim Cook,2017-11-30 In 1915 news of the Australian and New Zealand Army Corps landing and the slaughter at Gallipoli stirred tens of thousands of young men to go to war They answered the call and formed battalions of the Australian Imperial Force By the time the new recruits were combat ready the campaign at Gallipoli had ended Their battlefields became the muddy paddocks of France and Belgium Based on eyewitness account *Eyewitnesses at the Somme* traces the story of one of these battalions the 55th from its birth in the dusty camps of Egypt through three years of brutal bloody conflict on the bitter western front When the Great War ended in 1918 over 500 of the 3 000 men who served in the 55th had been slain and another 1 000 wounded *Eyewitnesses at the Somme* shares personal stories of Australian men as they stared down the horrors of war with determination courage and comradeship With chapters devoted to the significant battles at Fromelles Doignies Polygon Wood Pronne and Bellicourt this book tells the story of one battalion but in doing so it encapsulates the experiences of many Australians on the Western Front

John Reed Louise Bryant and others      **The Last Eyewitnesses, Volume 2** Jakub Gutenbaum, Agnieszka Latala, 2005-09-06  
This book serves as a memorial to loved ones who do not even have a grave as well as a tribute to those who risked their lives and families to save a Jewish child. A wide variety of experiences during the Nazi occupation of Poland are related with wrenching simplicity and candor. Experiences that illustrate horrors and deprivation but also present examples of courage and compassion      Eyewitnesses to 100 Years of Tibet Xiaoming Zhang, 2005      **Polish Eyewitnesses to Napoleon's 1812 Campaign** Marek Tadeusz Lalowski, Jonathan North, 2020-12-14  
The drama of Napoleon's ill-fated invasion of Russia is captured through the letters and diaries of Polish soldiers who fought with the French. Napoleon's invasion of Russia cost hundreds of thousands of lives and changed the course of history. Europe had never seen an army like the one gathering in Poland in 1812: half a million men in brilliant uniforms and shimmering helmets. Six months later it was the ghost of an army, frozen and horrified, retreating home. This illuminating volume tells the story of this epic military disaster from the viewpoint of the tens of thousands of Polish soldiers who took part. Some of them were patriots eager to regain independence for their country. Others were charmed by the glory of Napoleonic warfare or were professional soldiers who were simply doing their jobs. They all tell an unrivaled tale of ruthless battles, burning villages, numbing hunger, and biting cold. By the end, the great army had been reduced to a pitiless mob, and the Polish soldiers who had set out with such hope recalled it with horror.
