

A top MP is murdered in cold blood. The assassin is safe except for one eyewitness—a young boy notorious for his tall stories and outlandish pranks. But he has cried wolf once too often for his family to believe in his sudden insight and alone he must now face the stark reality of a dangerously over-active imagination.

Eyewitness The 1970s Cd

Daniela Niemeyer

Eyewitness The 1970s Cd:

A Book about the Film Monty Python and the Holy Grail Darl Larsen, 2015-03-06 Monty Python's Flying Circus aired from 1969 until 1974 but the conclusion of the series did not mark the end of the troupe's creative output. Even before the final original episodes were recorded and broadcast the six members began work on their first feature length enterprise of new material. Rather than string together a series of silly skits they conceived a full length story line with references to the real and imagined worlds of the mythical King Arthur the lives of medieval peasants and the gloomy climate of 1970s Britain. Released in 1975 Monty Python and the Holy Grail was a modest success but has since been hailed as a modern classic. In A Book about the Film Monty Python and the Holy Grail All the References from African Swallows to Zoot Darl Larsen identifies and examines the cultural historical and topical allusions in the movie. In this entertaining resource virtually every reference that appears in a scene whether stated by a character depicted in the mise en scene or mentioned in the print companion is identified and explained. Beyond the Arthurian legend entries cover literary metaphors symbols names peoples and places as well as the myriad social cultural and historical elements that populate the film. This book employs the film as a window to both reveal and examine Arthurian life and literature the historical Middle Ages and a Great Britain of labor unrest power shortages and the common man. Introducing the reader to dozens of medievalist histories and authors and connecting the film concretely to the modern British Empire A Book about the Film Monty Python and the Holy Grail will appeal to fans of the troupe as well as medieval scholars and academics who can laugh at themselves and their work. **New York Magazine**, 1983-12-12 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country.
