## **F D Maurice And Unitarianism:**

**F. D. Maurice and Unitarianism** David Young, 1992 F D Maurice 1805-72 was one of Victorian Britain's most controversial thinkers. Although he came from a Unitarian family and counted leading Unitarians as his friends, their influence on his work has never been seriously examined. The purpose of this new book is to look at his life and teaching in the light of Unitarianism. Maurice's faith had a distinctly Christological emphasis but he continued to value his Unitarian heritage. His concern with the Fatherhood of God and the dignity of the human race owes much to his family background. Dr Young's study opens with a compact history of Unitarianism during the lives of F D Maurice and his father, a Unitarian minister. A series of biographical sketches draws on hitherto unpublished material to set Maurice's work in its historical context. The final chapters compare the central themes of his theology with the teaching of his Unitarian contemporaries.

**F.D. Maurice and Unitarianism** David Young, 1992 F D Maurice was one of Victorian Britain's most controversial thinkers. An Anglican theologian, he uneasily combined Unitarian ideas with the teaching of the Establishment and led a movement to improve working men's education. This is a portrait of Maurice from the perspective of Unitarianism.

**Gender, Power and the Unitarians in England, 1760-1860** Ruth Watts, 2014-06-06

This new study explores the role the Unitarians played in female emancipation. Many leading figures of the late eighteenth and early nineteenth centuries were Unitarian or were heavily influenced by Unitarian ideas, including Mary Wollstonecraft, Elizabeth Gaskell, George Eliot, and Florence Nightingale. Ruth Watts examines how far they were successful in challenging the ideas and social conventions affecting women. In the process, she reveals the complex relationship between religion, gender, class, and education, and her study will be essential reading for those studying the origins of the feminist movement.

*The Dissenters: The crisis and conscience of nonconformity* Michael R. Watts, 1978

This third and final volume of Michael Watts's study of dissent examines the turbulent times of Victorian Nonconformity, a period of faith and of doubt. Watts assesses the impacts of the major Dissenting preachers and provides insights into the various movements, such as romanticism and the higher (often German) biblical criticism. He shows that the preaching of hell and eternal damnation was more effective in recruiting to the chapels than the gentler interpretations. A major feature of the volume is a thorough analysis of surviving records of attendance at Nonconformist services. He provides fascinating accounts of Spurgeon and the other key figures of Nonconformity, including the Salvation Army. Dr Watts also provides a fresh discussion of the contribution which Nonconformity made to the politics of mid to late Victorian Britain. He examines such issues of reform as Forster's Education Act of 1871, temperance, and Balfour's Education Act of 1902, and considers Nonconformist interventions in such controversies as the Bulgarian Agitation, Home Rule for Ireland, the Armenian massacres of the mid 1890s, and the Boer War. The volume concludes with the Liberal landslide in the 1906 general election, which saw probably more Nonconformists elected than any time since the era of Oliver.
